Space Territory And The State New Readings In International Politics:

Space, Territory, and the State Ranabira Samāddāra, 2002 This collection of essays addresses the neglected issues of space border and statelessness in international politics and contributes a much needed view from the South Importantly it asserts that chasms created by borders including those between India and Pakistan can be bridged by dialogue a little analysed tool in international relations Civilizational Dialogue and World Order M. Michael, 2009-05-25 The book comes at a very critical moment in the debate on civilization and responds to the lack of scholarly attention by international relations and political theorists as to how the discourse of dialogue of cultures religions and civilizations can contribute to the future of world order *Statemaking and Territory in South Asia* Bernardo A. Michael, 2012-12-15 Statemaking and Territory in South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization transformed the organization of territory in South Asia through an examination of the territorial disputes that underlay the Anglo Gorkha War of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that these disputes arose out of older tribute taxation and property relationships that left their territories perpetually intermixed and with ill defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by the British in the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical template for the modern state in South Asia **Peace Processes and Peace Accords** Samir Kumar Das, 2005-11-05 The second volume in the South Asian Peace Studies series Peace Processes and Peace Accords looks at the political question of peace from three perspectives the process of peace the contentious issues involved in the peace process and the ideologies that come in conflict in this process Arguing that peace is not a one time event to be achieved and rejoiced over but a matter to be sustained against various odds the contributors show that the sustainability of peace depends on a foundation of rights justice and democracy Peace accords they maintain are only a moment in the process the very act of signing an accord could mark either a continuation of the same conflict or simply its metamorphosis Therefore as this volume shows negotiation should be redefined as joint problem solving on a long term sustained basis rather than one off hard bargaining The Fundamentalist City? Nezar AlSayyad, Mejjan Massoumi, 2010-09-13 AlSayyad and Massoumi's text addresses the ways in which religion can affect the city and indeed how the city can affect religion International experts in sociology anthropology religious studies urban planning and geography come together to provide thought provoking pieces on whether a fundamentalist city is possible The Politics of Dialogue Ranabir Samaddar, 2017-07-05 Offering a detailed analysis of post colonial South Asia The Politics of Dialogue discusses the creation and impact of borders and the pervasive tension between the new nations Neither all out war nor complete peace this fragile condition makes political leaders and strategists feel claustrophobic a war produces an end result but peace allows the rulers to carry out their policies for governing along their preferred path of development The book shows how cartographic communal and political lines are not only dividing countries

but that they are being replicated within countries creating new visible and invisible internal frontiers It argues that in a situation where geopolitics constrains democracy the political class becomes incapable of coping with the tension between the inside outside eg democracy appears as an internal problem and geopolitics appears as a problem related to the outside

Beyond Lines of Control Ravina Aggarwal,2004-11-30 Ravina Aggarwal explores how the conflict over Kashmir between India Pakistan has affected the Buddhist Muslim communities of Ladakh part of Kashmir that lies high in the Himalayas

Conflict Zone Literatures Debamitra Kar,2024-07-12 This book examines the metanarratives promoted by the state that determine the ideological framework and how these respond under extraneous circumstances like conflicts The volume shows how individuals in such geo politically aggrieved zones re organise re structure and re interpret their memory and identity and negotiate with violence in the literary space Focusing on Kashmir and Northern Ireland in the decades of 1980s and 1990s and post 9 11 America the author maps the changing contours of the state and its powers in the late capitalist phase It investigates complex themes such as the changing nature of governance and warfare citizenship and resistance inclusivity and xenophobia and statecraft as a linguistic discourse in the post global scenario Interdisciplinary in approach the volume will be of great interest to scholars and researchers of literature and aesthetics peace and conflict studies politics and international relations

Rethinking Insecurity, War and Violence Damian Grenfell,Paul James,2008-07-25 Rethinking Insecurity War and Violence Beyond Savage Globalization is a collection of essays by scholars intent on rethinking the mainstream security paradigms Overall this collection is intended to provide a broad and systematic analysis of the long term sources of political military and cultural insecurity from the local to the global The book provides a stronger basis for understanding the causes of conflict and violence in the world today one that adds a different dimension to the dominant focus on finding proximate causes and making quick responses Too often the arenas of violence have been represented as if they have been triggered by reassertions of traditional and tribal forms of identity primordial and irrational assertions of politics Such ideas about the sources of insecurity have become entrenched in a wide variety of media sources and have framed both government policies and academic arguments Rather than treating the sources of insecurity as a retreat from modernity this book complicates the patterns of global insecurity to a degree that takes the debates simply beyond assumptions that we are witnessing a savage return to a bloody and tribalized world It will be of particular interest to students and scholars of international relations security studies gender studies and globalization studies

The Politics of Swidden farming Debojyoti Das,2018-09-28 The Politics of Swidden Farming offers a new explanation for the changes taking place in swidden farming practised in the highlands of eastern India through an ethnographic case study The book traces the story of agroecological change and state intervention to colonial times and helps understand contemporary agrarian change by contextualizing farming not just in terms of the science and technology of agriculture or conservation and biodiversity but also in terms of technologies of rule The Politics of Swidden Farming adds a new dimension to the

underdeveloped literature on shifting cultivation in South Asia by focusing on the social ecology of farming and agrarian change in the hills It provides a comparative viewpoint to state centred and donor driven development in the frontier region by bringing in different actors and institutions that become the actants and agents of social change
