Martín de la Guardia, 2009 La integración de España en las Comunidades Europeas supuso su implicación plena en esa unión de los pueblos de Europa explicitada en los Tratados Fundacionales Los veinte años de presencia española en las instituciones europeas han supuesto grandes cambios para nuestro país y lo han hecho en un doble sentido Por un lado la impronta comunitaria ha rebasado el ámbito económico y legislativo para sentar las bases de una auténtica ciudadanía europea Por otro la influencia española ha sido decisiva al trasladar a la agenda europea asuntos de interés nacional de primer orden El libro recoge las distintas reflexiones sobre algunos de los temas políticos culturales y económicos más relevantes de estas dos décadas de participación plena de España en la Unión Europea *Foreign Ministries in the European Union* B. Hocking, D. Spence, 2016-07-02 What role if any does the foreign ministry perform in contemporary world politics Is the argument that it is in a state of terminal decline accurate or rooted in only partial understandings of its changing character Foreign Ministries in the European Union explores this theme in the context of the EU where foreign ministry has played a key role in the development of integration but where its role is increasingly questioned The contributors examine the foreign ministry in thirteen member states and draw conclusions that challenge some conventional wisdoms European Integration as an Elite Process Max Haller, 2008-05-05 Max Haller's impressive book presents an analysis of the process of European integration which keeps the relation between elites and citizens at the forefront A timely and original read this book will be a useful addition to the library of any political sociologist political scientist or scholar of European integration *The European Integration Process* Angelina Topan, 2002 European

Integration is analysed in a historical and in a comparative perspective by applying New Institutional Economics European Integration is shaped by rules being triggered for further Integration and simultaneously giving integration direction The analysis starts with the European Coal and Steel Community and ends with the European Union The functions of rules explain institutionalisation as well as non institutionalisation of Europe The influence of these functions varies from country to country and from integration step to integration step Additionally these functions can be interrelated in different ways
