

The background of the entire image is a photograph of a shipwreck. A large, dark ship is partially submerged in the water, with its upper sections and masts visible. The water is dark and choppy. In the sky above the ship, there is a large, intense fire or explosion, with bright orange and yellow flames and smoke. The overall tone is somber and historical.

Spam Cans Rice Balls And Pearls Snippets Of Memory From World War II:

Spam Cans, Rice Balls and Pearls Bruce Muench, 2002 Muench portrays war on a personal level capturing the similarities and disparities between American and Japanese culture from religion and the value of life to the effects of Hiroshima and Pearl Harbor on the innocent people involved This book follows a friendship that encompasses two cultures two worlds and two people who are not as disparate as they had once imagined

War in the American Pacific and East Asia, 1941-1972 Hal M. Friedman, 2019-02-22 Before 1940 the Japanese empire stood as the greatest single threat to the American presence in the Pacific and East Asia To a lesser degree the formerly hegemonic colonial powers of Britain France and the Netherlands still controlled portions of the region At the same time subjugated peoples in East Asia and Southeast Asia struggled to throw off colonialism By the late 1930s the competition exploded into armed conflict Japan looked like the early victor but the United States eventually established itself as the hegemonic power in the Pacific Basin by 1945 Yet when it comes to the American movement out into the Pacific there is more to the story that has yet to be revealed In *War in the American Pacific and East Asia 1941-1972* editor Hal Friedman brings together nine essays that explore lesser known aspects and consequences of America's military expansion into the Pacific during and after World War II This study explores how the United States won the Pacific War against Japan and how it sought to secure that victory in the decades that followed ensure it never endured another Pearl Harbor style defeat and saw the Pacific fulfill a Manifest Destiny like role as an American frontier projected toward East Asia The collection explores the role of the US military in the Pacific Basin in different ways by presenting essays on interservice rivalry and military advising as well as unique topics that are new to military history such as the investigations of strategic communications military public relations institutional cultures of elite forces foodways and the military's interaction with the press Together these essays provide a path for historians to pursue groundbreaking areas of research about the Pacific and establish the Pacific War as the pivotal point in the twentieth century in the Pacific Basin

Coral and Concrete Greg Dvorak, 2018-11-30 *Coral and Concrete* Greg Dvorak's cross cultural history of Kwajalein Atoll Marshall Islands explores intersections of environment identity empire and memory in the largest inhabited coral atoll on earth Approaching the multiple atollscapes of Kwajalein's past and present as Marshallese ancestral land Japanese colonial outpost Pacific War battlefield American weapons testing base and an enduring home for many Dvorak delves into personal narratives and collective mythologies from contradictory vantage points He navigates the tensions between little stories of ordinary human actors and big stories of global politics drawing upon the little metaphor of the coral organisms that colonize and build atolls and the big metaphor of the all encompassing concrete that buries and co-opts the past Building upon the growing body of literature about militarism and decolonization in Oceania this book advocates a layered nuanced approach that emphasizes the multiplicity and contradictions of Pacific Islands histories as an antidote to American hegemony and globalization within and beyond the region It also brings Japanese Korean Okinawan and American perspectives into

conversation with Micronesians recollections of colonialism and war This transnational history built upon a combination of reflective personal narrative ethnography cultural studies and postcolonial studies thus resituates Kwajalein Atoll as a pivotal site where Islanders have not only thrived for thousands of years but also mediated between East and West shaping crucial world events Based on multi sited ethnographic and archival research as well as Dvorak s own experiences growing up between Kwajalein the United States and Japan Coral and Concrete integrates narrative and imagery with semiotic analysis of photographs maps films and music traversing colonial tropical fantasies tales of victory and defeat missile testing fisheries war bereavement rituals and landowner resistance movements from the twentieth century through the present day Representing history as a perennial struggle between coral and concrete the book offers an Oceanian paradigm for decolonization resistance solidarity and optimism that should appeal to all readers far beyond the Marshall Islands
