which Oliva prepares asylum seekers for their Credible Fear Interviews and finally to the wall as the behemoth imposition that runs along America's southernmost border. With lush prose and perceptive insight, Oliva encourages readers to approach the painful questions that this crisis poses with equal parts critique and compassion. By which metrics are we measuring who deserves American citizenship? What is the point of humanitarian systems that distribute aid conditionally? What do we owe to our most disenfranchised? As investigative and analytical as she is meditative and introspective, sharp as she is lyrical and incisive as she is compassionate, seasoned interpreter Alejandra Oliva argues for a better world while guiding us through the suffering that makes the fight necessary and the joy that makes it worth fighting for. *DK Sardinia* DK Travel, 2025-04-22

Its full-colour photographic format makes it an especially attractive souvenir. [The Spacious Word](#) Ricardo Padrón, 2021-09-26. The Spacious Word explores the history of Iberian expansion into the Americas as seen through maps and cartographic literature and considers the relationship between early Spanish ideas of the world and the origins of European colonialism. Spanish mapmakers and writers, as Padrón shows, clung to a much older idea of space that was based on the itineraries of travel narratives and medieval navigational techniques. Padrón contends too that maps and geographic writings heavily influenced the Spanish imperial imagination. During the early modern period, the idea of America

was still something being invented in the minds of Europeans Maps of the New World letters from explorers of indigenous civilizations and poems dramatizing the conquest of distant lands then helped Spain to redefine itself both geographically and imaginatively as an Atlantic and even global empire In turn such literature had a profound influence on Spanish ideas of nationhood most significantly its own Elegantly conceived and meticulously researched *The Spacious Word* will be of enormous interest to historians of Spain early modern literature and cartography *Lloyd's Register OneOcean's Guide to Port Entry 1971-1972* Lloyd's Register Foundation,1971-01-01 First published in 1971 these Guides provide invaluable information on thousands of commercial ports and terminals across the globe They are compiled and published annually by LR OneOcean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success The Guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide These are fully indexed and contain detailed port plans and mooring diagrams
