organization charts and a PDF presentation for book study groups and professional development

Learning Difference Models Talia Mercer, AI, 2025-05-05 Learning Difference Models explores how to shift from deficit based views of neurodiversity to recognizing the unique strengths of individuals with learning differences like dyslexia and ADHD The book challenges traditional approaches by advocating for cognitive diversity frameworks in education and the workplace It argues that embracing different cognitive profiles is not only socially just but also strategically advantageous for fostering innovation and problem solving For example individuals with dyslexia often exhibit exceptional spatial reasoning skills while those with ADHD may demonstrate heightened creativity and hyperfocus under the right conditions The book begins by defining key concepts such as cognitive diversity and common learning differences then progresses to analyzing existing cognitive diversity frameworks These frameworks offer practical strategies for creating more inclusive environments tailored to both educational and professional contexts Case studies and actionable recommendations are provided for educators employers and policymakers with a focus on moving beyond simple accommodations to proactively valuing diverse cognitive styles Ultimately Learning Difference Models provides an integrated model designed to maximize the potential of individuals with learning differences By drawing on research from psychology education and human resources the book offers a holistic perspective and actionable strategies for creating equitable and thriving environments where everyone can succeed This strengths based approach promotes a positive narrative around neurodiversity empowering individuals and transforming systems

Teaching Languages to Students with Specific Learning Differences Judit Kormos, Anne Margaret Smith, 2023-10-10 This book is intended to help language teachers to work effectively and successfully with students who have Specific Learning Differences SpLDs It enables teachers to gain a thorough understanding of the nature of SpLDs and how these affect both general learning processes and the mechanisms of second language acquisition In addition the book explores the particular inclusive methods and techniques of teaching and assessment that foster success in language learning Language teaching is embedded in a wider social and educational context and therefore the book also provides an in depth discussion of general educational issues related to identifying and disclosing disabilities and to making transitions from one institution to the other The content has been thoroughly updated and revised for the second edition particularly in the areas of inclusive pedagogies new evidence based methods and tools for identifying SpLDs and new conceptualisations of neurodiversity The book also includes the latest research on assessment transition and progression and the impact of SpLDs on additional language learning

Specific Learning Difficulties (Dyslexia) Mr Peter D Pumfrey, Peter Pumfrey, Rea Reason, 2013-09-05 Drawing on the work of eleven experienced educational psychologists this book presents a variety of approaches to prevention identification and intervention and makes practical recommendations for future progress

Teaching Reading to Individuals with Learning Difficulties Patrick Ashlock, Wineva Montooth Grzynkiewicz, Richard L. Dervin, 1969

Learning and Learning Difficulties Peter Westwood, 2013-05-24 This text explores a number of

different perspectives and theories on human learning and motivation The author gives significant attention to different types of learning across the curriculum and examines effective types of teaching to facilitate different forms of learning Detailed consideration is given to factors that contribute to common learning problems in school and many practical suggestions are provided for preventing or overcoming some of these difficulties Research in Education ,1970 Learning foreign languages: experiences of persons with disabilities and special educational needs and their teachers Ewa

Domagala-Zysk,Jitka Sedláčková,Katarzyna Karpińska-Szaj,2025-09-22 In many parts of the world it is not a person s native language but a foreign one which is used for education work or entertainment This is true for many European countries whose inhabitants need to learn English as a foreign language if they want to participate in education or among diverse fields in the workforce In other parts of the world it might be Spanish Hindi Mandarin Chinese Arabic or other languages which will be serving a similar role This need for learning a second language is understood well in many educational programs including those for students with special educational needs However to date there is not much research of the experiences of persons with diverse additional needs as learners of foreign languages The most robust literature covers the field of additional language acquisition among Deaf and Hard of Hearing DHH people cf Domaga a Zy k Podlowska Moritz 2021 and others Goals methods and forms of teaching are fairly well described and DHH students needs have been documented extensively **What Teachers Need to Know about Learning Difficulties** Peter Westwood,2008 Learning Difficulties draws on international research about learning difficulties to present a clear picture of the issues involved It focuses on early identification so that intervention can prevent or minimise the negative outcomes of persistent failure and explains how teachers can address problems effectively Problems of socialisation and behaviour are discussed and brief coverage given to students specific difficulties with reading and mathematics A comprehensive range of links to additional sources of information will help teachers find positive solutions for their students Researching Learning Difficulties Jill Porter,Penny Lacey,2005 The book will help readers to critically evaluate the implications of research reports for their own practice

Investigating Individual Learner Differences in Second Language Learning Mirosław Pawlak,2021-06-01 This edited book brings together ten empirical papers reporting original studies investigating different facets of individual variation second language learning and teaching The individual difference factors covered include among others motivation self anxiety emotions willingness to communicate beliefs age and language learning strategies What is especially important some of the contributions to the volume offer insights into intricate interplays of these factors while others attempt to relate them to learning specific target language subsystems or concrete instructional options All the chapters also include tangible implications for language pedagogy The book is of interest to both researchers examining the role of individual variation in second language learning and teaching teacher trainers graduate and doctoral students in foreign languages departments as well as practitioners wishing to enhance the effectiveness of second language instruction in their classrooms *Helping*

Children with Nonverbal Learning Disabilities to Flourish Marilyn Martin, 2007 Martin presents a comprehensive developmental profile of children with NLD. She helps parents and professionals to identify learners with NLD and insure they receive early intervention. Offering practical advice on NLD at home and at school she describes step by step interventions for improving a range of skills from penmanship to social acumen.

The Effective Teacher's Guide to Dyslexia and Other Specific Learning Difficulties Michael Farrell, 2006 Specific learning difficulties such as dyslexia dyspraxia and dyscalculia affect at least one in ten children causing poor performance in school and often leading to emotional problems and low self esteem. These children need a high level of understanding encouragement and support from their teacher in order to achieve their full potential in an inclusive environment. The Effective Teachers Guide to Dyslexia and other Specific Learning Difficulties offers the ordinary classroom teacher practical advice information and enlightenment that will help them to bridge the gap between theory and practice and equip them with a range of strategies with which to tackle everyday classroom situations. This book expertly guides the reader through The legal and policy context An explanation of terms and definitions Interventions and rationale Approaches related to different curriculum subjects Provision for dyscalculia and acalculia Taking account of recent policy changes and with an emphasis on what works in the classroom this book will prove a practical readable and invaluable resource for the busy practitioner.

Understanding Specific Learning Difficulties Margot R. Prior, 1996 An increase in research into all facets of learning difficulties has resulted in a deeper understanding of the problems. This book includes a description and explanation of reading spelling and learning difficulties provides chapters on psychological and neuropsychological assessment explains the associations between behavioural problems and learning difficulties and critically reviews remedial approaches incorporating a summary of what is known about their efficacy. The importance of dealing with attendant behavioural problems and the significance of phonological knowledge in literacy learning are central themes. Intended to be a succinct and accessible synthesis of current knowledge in this area this book should be of interest to professionals who encounter children with learning difficulties tertiary students and parents.

What Teachers Need to Know about Reading and Writing Difficulties Peter S. Westwood, Peter Westwood, 2008 Literacy skills are fundamental to all areas of learning in the school curriculum but also have a profound impact on an individual's chances of finding satisfying work in the years beyond school. This book draws on the latest research from around the world to explain some of the causes of literacy problems and gives practical advice on methods to support students with their own difficulties. Details of additional resources and online links are provided to assist teachers who wish to pursue some of the issues in greater depth.
