Teaching And Preaching Stewardship An Anthology:

Teaching and Preaching Stewardship Nordan C. Murphy, 1985 Speaking of Stewardship Carter, 1998-01-01 This collection of twenty three superb model sermons offers a wealth of biblical insight practical wisdom illustrations inspiration and helpful advice about the crucial themes of stewardship giving and the use of money and possessions in the church Featured are sermons by active pastors in churches large and small as well as internationally known preaching professors Fred Craddock Thomas Troeger and Charles Rice *NIV Stewardship Study Bible* ,2012-06-19 Stewardship is an idea that most of us don't think about until we find ourselves in personal financial crisis or the nation does And we may know that stewardship is about more than money but the whole idea can be so overwhelming How do we figure it out How do we live lives of stewardship Is it achievable What does it mean Through 366 Exploring Stewardship notes profiles of individuals notes on challenges to stewardship quotes on stewardship from respected Christians throughout the ages and other articles and helps the NIV Stewardship Study Bible projects a positive picture of the privilege we have in managing what God has given us to give him glory and to build his kingdom More than just money this Bible emphasizes stewardly responsibility in all areas of life including relationships creation care money management institutions and caring for the poor It's been pulled together with the purpose of changing perceptions about what the word stewardship means not something intended to be draining and guilt inducing but rather motivating empowering and uplifting The NIV Stewardship Study Bible has been endorsed by Crown Ministries Dave Ramsey Goodense ministries the Barnabas Foundation Prison Fellowship and various other programs and ministries that seek to encourage responsible stewardship among Christians This Bible is a natural next step for people who benefit from these ministries and take part in their programs NIV 2011 The New International Version NIV translation of the Bible is the world's most popular modern English Bible easy to understand yet rich with the detail found in the original languages **Environmental Policy Analysis and Practice** Michael R Greenberg, 2008-03-13 Pressing environmental challenges are frequently surrounded with stakeholders on all sides of the issues Opinions expressed by government agencies the private sector special interests nonprofit communities and the media among others can quickly cloud the dialogue leaving one to wonder how policy decisions actually come about In *Environmental Policy Analysis and Practice* Michael R Greenberg cuts through the complicated layers of bureaucracy science and the public interest to show how all policy considerations can be broken down according to six specific factors 1 the reaction of elected government officials 2 the reactions of the public and special interests 3 knowledge developed by scientists and engineers 4 economics 5 ethical imperatives and 6 time pressure to make a decision The book is organized into two parts with the first part defining and illustrating each one of these criteria Greenberg draws on examples such as nuclear power pesticides brownfield redevelopment gasoline additives and environmental cancer but focuses on how these subjects can be analyzed rather than exclusively on the issues themselves Part two goes on to describe a set of over twenty tools that are used widely in policy

analysis including risk assessment environmental impact analysis public opinion surveys cost benefit analysis and others These tools are described and then illustrated with examples from part one Weaving together an impressive combination of practical advice and engaging first person accounts from government officials administrators and leaders in the fields of public health and medicine this clearly written volume is poised to become a leading text in environmental policy

Liberating Eschatology Letty M. Russell, Margaret A. Farley, Serene Jones, 1999-01-01 This volume addresses a theme long essential to feminist and liberationist theology in what can we hope and what role should hope play in our actions and our lives It provides a constructive set of proposals and fills a crucial gap in theological resources as well known contributors address the theme from their different contexts and fields *Shaping Public Theology* Max L. Stackhouse, 2014-01-30 Max L. Stackhouse is one of the most prolific and influential American theologians of the last half century and he has been widely recognized for his contributions to the emerging field of public theology This volume compiles some of Stackhouse's most significant shorter writings These selections make clear his central role in the development of public theology as a distinct disciplinary perspective in the fields of Christian theology and theological ethics *Shaping Public Theology* serves as an introduction to Stackhouse's extensive corpus readers will see the depth and breadth of his comprehensive public theology while also gaining insight into his singular importance for the field **Theology for Earth Community** Dieter T.

Hessel, 2003-08-18 This volume brings together original essays by both seasoned professionals and emerging scholars who examine state of the art scholarship and pedagogy in ecologically alert theology Authors assess what various theologians have to offer and draw implications for reshaping religious and environmental studies as well as preparing the next generations of church leaders or pastoral workers What needs to be done these authors ask to bring biblical studies systematics social ethics practical theology spiritual formation and liturgy up to speed with eco justice thought and action on environmental questions **The Crisis in the Churches** Robert Wuthnow, 1997-03-06 At a time when already overworked clergy are being called upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls In fact contrary to popular media images of millionaire televangelists America's churches are cutting back programs and staff clergy salaries are stagnating and many parishes are having trouble raising enough money to keep the church lit and heated on Sunday Why are America's churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy's failure to address the vital relationships between faith and money work stewardship giving and economic justice In *The Crisis in the Churches* Wuthnow offers a searching study of this financial crisis and of the spiritual vacuum that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church

financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Clergy for their part say they hesitate to talk about finances because they know the money question makes people uncomfortable But failure to raise the subject often makes it necessary to cut the very programs and services that middle class parishioners desire and would support Wuthnow argues that in order to survive churches must find ways to minister to the economic concerns of their own middle class parishioners Indeed of every 1 000 received by churches 900 comes from people who work in middle class occupations Clearly anything that motivates middle class members to become more involved will strengthen a church s financial well being and capacity to serve its people Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discuss issues of spirituality work personal finances and stewardship A serious and sympathetic examination of the crisis behind the stained glass this thought provoking volume will be highly valuable both practically and as moral support to clergy parishioners and anyone else concerned about restoring vitality and significance to American churches

The Stewardship of Life in the Kingdom of Death Douglas John Hall,1988 This study forcefully sets forth the church s crucial mission of stewardship in our world today Hall outlines a biblical view of what it means to be partners in God s covenant of life in the context of a darkening kingdom of death *Stepping Stones of the Steward* Ronald E. Stackhouse,1987 This well known Christian ethicist ably bridges the gap between theology and political economy proposing a theologically informed view of modern economic life He traces the emergence of modern Protestant and Catholic views of the economic order from anti slavery movements to contemporary Ecumenical themes He delineates the failures of socialist liberationist and laissez faire systems and retrieves the neglected contributions of such figures as Shailer Mathews and Walter Rauschenbusch while showing the continued relevance of Max Weber s view of economy and society for Christian ethics He concludes that Christian stewardship must cultivate and articulate a new public theology that will shape the structures and policies of public life Originally published in 1987 by Wm B Eerdmans Publishing Co **The Union Seminary Review**

Union Theological Seminary in Virginia, 1940 **Pro Rege** Abraham Kuyper, Albert Gootjes, Jordan J. Ballor, Melvin Fliikkema, 2017-03-22 Abraham Kuyper firmly believed that Jesus Christ was King not just of Christians but of the entire cosmos In volume two of *Pro Rege* he continues his analysis of the extent to which Christ rules first in the human heart then in the life of the church and continuing to the life of the Christian family Kuyper believed that it was nonsense to distinguish between life inside and outside of church walls Here he shows that although the Jesus kingship has been denied and denigrated Christ still exerts his power in the world through his people This new translation of *Pro Rege* created in partnership with the Abraham Kuyper Translation Society and the Acton Institute is part of a major series of new translations of Kuyper's most important writings The Abraham Kuyper Collected Works in Public Theology marks a historic moment in Kuyper studies aimed at deepening and enriching the church's development of public theology *The Christian Century*, 1923 *The Christian Advocate*, 1922 **Enflamed by the Sacramental Word** Vincent J. Pastro, 2010-04-15 Christian proclamation says Dietrich Bonhoeffer is the living Christ walking among the people Preachers know that Jesus is the living Word and that the Spirit of Jesus animates the preaching event Preaching is an epiclesis an invocation of the Holy Spirit over God's holy people As such it must touch their imagination Pastro proposes that preaching is the living ecclesial presence of Jesus Christ Sacramental Word of the God of the poor The Word speaks from the imagination of the poor the economic poor but also the new poor of the twenty first century entire indigenous cultures women those marginalized because of their sexuality undocumented immigrants in dominant cultures and many others All Christian preachers in every context are called to solidarity with the poor Publisher info
