Teaching Children 3 11:

Teaching Children 3-11 Anne D Cockburn, Graham Handscomb, 2011-11-11 Focusing on the major topics underpinning professional studies strands in primary and early years teacher education *Teaching Children Three Eleven* provides indispensable coverage of vital practical and conceptual issues that support good teaching practice This Third Edition of the popular textbook has been carefully revised following detailed lecturer feedback to meet the evolving needs of students training to teach across the three to eleven age range Featuring four new chapters on curriculum development cross curricular teaching diversity and inclusion and communication in the classroom and engaging with the growing need for Master s level study in teacher education the new edition offers a balanced contemporary overview of modern teaching practice in an engaging and accessible manner This is essential reading for all students on primary and early years initial teacher education courses including undergraduate BEd BA with QTS postgraduate PGCE SCITT and employment based routes into teaching It will also be invaluable for those starting out on their professional careers Anne Cockburn is Professor of Early Years Education at the University of East Anglia Graham Handscomb is Senior Manager in Strategic Development for School Improvement and Early Years at Essex County Council *Men Teaching Children 3-11* Elizabeth Burn, Simon Pratt-Adams, 2015-11-19 *Men Teaching Children 3 11* provides a comprehensive exploration of work experiences of men who teach young children The authors draw on their own research as well as international studies to provide realistic strategies to help to remove barriers in order to develop a more gender balanced teacher workforce Burn and Pratt Adams former primary school teachers who have both experienced these unfair gender practices also trace the historical roots of the gender barriers that have now become embedded within the occupational culture Throughout *Men Teaching Children 3 11* the authors argue that primary school teachers should be judged by their teaching talents rather than by the application of biased gender stereotypes and that male and female teachers need to work together to remove these stereotypes from the occupation **Teaching Children 3 to 11** Anne D Cockburn, 2002-01-04 A thought provoking and accessible guide to essential practices enabling the reader to become a capable caring and confident professional fully prepared to educate the adults of the future **Teaching Children 3 - 11** Anne D Cockburn, Graham Handscomb, 2006-02-18 This book has something for all students combining theory with useful practical advice Issues I know students often find challenging such as behaviour management making the most of the tutor s visit and working with other adults are all included a worthwhile investment for students on any ITT course Child Education *Teaching Children 3 11* is a book for those contemplating a career in primary teaching those about to embark on initial teacher education and those who are simply interested in the business of teaching children aged three to 11 years It provides an overview of the key aspects involved in becoming a primary teacher both in terms of new government initiatives e g the National Primary Strategy collaboration and networking and personalization but also in terms of what it is to be a trainee teacher in the rapidly evolving world of primary schooling This

Second Edition brings readers up to date with the many changes that have taken place in primary education in the last five years and the book now takes into account the many different ways of becoming a trainee teacher including open learning in school training and modular study New material in this edition includes a look at CPD studies especially reflection lifelong learning and mentoring collaborative practice and further discussion on professional values and working with other adults in the classroom

Play-based Learning in the Primary School Mary Briggs, Alice Hansen, 2012-04-04 Play based Learning in the Primary School demonstrates the value of play in all its different forms as a highly effective medium for teaching and learning across the curriculum Authors Mary Briggs and Alice Hansen explore how play can be used to increase engagement motivation and fun in learning situations examining the theoretical principles of play for learning types of play for older children planned and facilitating play based learning using thematic approaches when working with individuals groups and whole classes in addition to covering important teaching issues such as assessment inclusion and transition out of primary education

Relationships and Sex Education 3-11 Sacha Mason, Richard Woolley, 2019-03-21 Where do babies come from The prospect of this age old question is one that causes significant apprehension for many professionals working with children but this isn't where the anxiety ends This book argues that it is essential to have clear strategies to support children's questions about relationships growing up and sex so that they are enabled to develop positive and confident views about themselves and those around them It examines important concerns such as the role of media in children's lives in shaping their views on relationships and explores how issues of gender and sexuality are considered more fluidly Whether working in an academy free schools faith schools the independent sector or elsewhere this book supports you to help children to deal with a wide range of relationships issues meeting the requirements of the new legislation on relationships education for primary aged children as a foundation for relationships and sex education Drawing on research with teachers about their apprehensions about teaching the subject and children's experience of its delivery the authors give a full picture of common concerns and difficulties and how to successfully meet them and support children from 3-11 and the transition to secondary school Topics covered include platonic friendships developing self respect and respect for others and enabling personal choice and safety Sacha Mason and Richard Woolley explore issues surrounding notions of age and stage development They discuss how children develop at different rates and that each child is unique in relation to learning in this area They outline a distinct pedagogical approach to managing children's individual needs for relationships and sex education They also look at supporting children with SEND when considering how to implement relationships education in primary schools This second edition includes new chapters on children's development and needs and developing inclusive relationships education The book has been updated throughout with summaries of the latest research case studies ideas for developing practice and signposts to key websites and resources The chapters provide all the support you need to confidently promote children's healthy development
