How can teachers manage the whole curriculum and still educate the whole child and raise standards? How can teachers be in critical dialogue with each other and with the curriculum in their search for improvement? What is the role of the teacher in the new primary curriculum? This wide-ranging book seeks to address these questions and to provide a comprehensive overview of the whole primary curriculum. It aims to develop teaching throughout primary education and to support teachers in the effective delivery of the curriculum. There is a particular focus on recent changes in primary education. The contributors consider how teaching methodologies need to adapt to these changes to meet the needs of children and raise standards in school. Throughout the book, emphasis is placed on effective teaching and learning methodologies, the importance of quality interaction in the classroom, the role of the teacher in teaching and learning and the experience of the child. Exemplars of good teaching are provided in each chapter as well as thought-provoking ideas for good practice. Palastanga, 2021-11-29 The curriculum in many primary schools in recent history became worryingly narrowed such that children were being prepared for tests more than their lives were being enriched with a variety of knowledge skills and experiences It is clear that it is the latter that enables them to perform well in tests and in life so the time for change is now This book seeks to empower teachers and school leaders to better understand what is meant by curriculum and what a creative educational diet might look like in each individual school The book explores curriculum intent implementation and impact It includes leaders reflection boxes and practical suggestions for busy teachers Emma L Palastanga analyses the need for a broad and balanced curriculum against the limitations of cramming for success and delves deep into the process of curriculum planning delivery and evaluation using Ofsted's terminology Examples of lessons and a range of different approaches are shared throughout the book A Creative Primary Curriculum for All will give all subject leaders classroom teachers and teacher trainees the confidence to provide a rich exciting and varied curriculum meeting the needs of learners whilst also letting the craft of teaching and individual inspiration shine
