Secret of the Vajra World Reginald A. Ray, 2002-07-23 An entrance into the world of Tantric Buddhism a unique collection of texts concepts and meditation practices presented by Tibetan masters teaching in the West The Vajra World vajradhatu in Sanskrit is a realm of indestructibility the level of reality beyond all thought and imagination all impermanence and change which a fully realized person knows and inhabits Used metaphorically Vajra World refers to the traditional culture of Tibet and the unique spirituality that is its secret strength Secret of the Vajra World is the companion volume to the author's earlier book Indestructible Truth The Living Spirituality of Tibetan Buddhism While that book focuses on the history cosmology philosophy and practice of the more public exoteric side of Tibetan Buddhism this work treats its more hidden and esoteric aspects as they take shape in Vajrayana Together the two volumes provide a broad introduction to the major traditions of Tibetan Buddhism Topics include The tantric view of human nature and the external world The special role of the guru or tantric mentor The preliminary practices that prepare the student for full initiation The major dimensions of Vajrayana practice including visualizations liturgies and inner yogas The tradition of the tulku or incarnate lama The lore surrounding the death of ordinary people and of saints The practice of solitary retreat the epitome of traditional Tibetan Buddhism

Holiness the Dalai Lama Journey Into Consciousness Charles Breaux, 1998 In the present book the author introduces the Tantric methods of Tibetan Buddhism and draws correlations between this practice and the teachings of Carl Jung In a clear concise style Breaux points out how many psychological truths are woven into the fabric of the Tantric doctrine The language of the Tantra is visionary abounding in symbols and metaphors produced spontaneously in the meditations of ancient yogis At the heart of tantra is the experience of a divine power within the human being that can be awakened The format of the book begins in the root chakra and follows the path of your psychological and spiritual continuum up through the chakras Each chapter includes a meditation practice employing Tibetan Tantric Deities and procedures Although not a substitute for a genuine Tantric teacher the book will enable readers to experience the tantra through suggested meditation You enter the light within when you step outside of your own shadow The basic drive to remember your essential nature surges beneath all your fears desires and preconceptions Although they approach this process from opposite sides of the world both Tantra and Jungian psychology aspire to fathom this mysterious process and create the necessary conditions so spiritual transformation can occur

A Lamp to Illuminate the Five Stages Je Tsongkhapa, 2012-11-19 Tsongkhapa's A Lamp to Illuminate the Five Stages 1419 is a comprehensive presentation of the highest yoga class of Buddhist tantra especially the key practices the so called five stages pancakrama of the advanced phase of Guhyasamaja tantra Beginning with a thorough examination of the Indian sources Tsongkhapa draws particularly from the writings of Nagarjuna Aryadeva Candrakirti and Naropa to develop a definitive understanding of the Vajrayana completion stage Whereas in the generation stage meditators visualize the Buddha in the form of the deity residing in a mandala palace in the completion stage discussed in the present volume meditators transcend ordinary consciousness and actualize the state of a buddha themselves Among other things Tsongkhapa's work

covers the subtle human physiology of channels and winds along with the process of dying the bardo and rebirth This definitive statement on Guhyasamaja tantra profoundly affected the course of Buddhist practice in Tibet **Tantra** Tashi Tsering, 2012-07-03 There are a great many books now available describing the complex rituals and esoteric significance of the ancient practices of Buddhist tantra But none take the friendly helpful approach of Geshe Tashi Tsering's Foundation of Buddhist Thought series Understanding the many questions Westerners have upon first encountering tantra's colorful imagery and veiled language Geshe Tsering gives straight talk about deities initiations mandalas and the various stages of tantric development He even goes through a simple tantric compassion practice written by the Dalai Lama using it to unpack the building blocks common to all such visualization techniques Tantra is a fitting conclusion to the folksy and practical wisdom in the Foundation of Buddhist Thought series **Esoteric Buddhism and the Tantras in East Asia** Charles Orzech, Henrik Sørensen, Richard Payne, 2011 This volume the result of an international collaboration of forty scholars provides a comprehensive resource on Esoteric Buddhism and the Tantras in their Chinese Korean and Japanese contexts from the first few centuries of the common era to the present **The World of Tibetan Buddhism** Dalai Lama, 2005-06-10 With characteristic humility His Holiness the Dalai Lama begins this landmark survey of the entire Buddhist path by saying I think an overview of Tibetan Buddhism for the purpose of providing a comprehensive framework of the path may prove helpful in deepening your understanding and practice In this book the Dalai Lama delivers a presentation that is both concise and profound accessible and engaging As readers explore Tibetan Buddhism more fully than ever before they will find in His Holiness a great friend and authority *Recalling Chogyam Trungpa* Fabrice Midal, 2005-12-13 In wide ranging essays and interviews contributors from the fields of Buddhist practice and scholarship philosophy the arts and literature examine the work of a modern genius the Tibetan Buddhist meditation master Ch gyam Trungpa Rinpoche 1939-1987 A pioneer in introducing Buddhism to the West Trungpa Rinpoche had a distinct knack for breaking down the cultural historical and ideological barriers that make any such transmission so difficult today His skill at communicating in a living language to Western students while remaining faithful to the traditional origins of Buddhism was paired with an understanding of the modern world of unusual relevance As a result his activities in a wide range of areas including psychology education theater poetry visual arts translation publishing interreligious dialogue the creation of a path of spiritual warriorship and the founding of the first Buddhist university in North America offer penetrating insights into the meaning of Buddhism for our world and our culture This anthology is a testimony to the continuing influence of his unique qualities and work as a revitalizing force in spheres both spiritual and secular **Creation and Completion** Jamgon Kongtrul, 2014-05-01 Creation and Completion represents some of the most profound teachings of Jamgon Kongtrul 1813-99 one of the true spiritual and literary giants of Tibetan history Though brief it offers a lifetime of advice for all who wish to engage in and deepen the practice of tantric Buddhist meditation The original text beautifully translated and introduced by Sara Harding is further

brought to life by an in depth commentary by the contemporary master Thrangu Rinpoche Key Tibetan Buddhist fundamentals are quickly made clear so that the reader may confidently enter into tantra s oft misunderstood creation and completion stages In the creation stage practitioners visualize themselves in the form of buddhas and other enlightened beings in order to break down their ordinary concepts of themselves and the world around them This meditation practice prepares the mind for engaging in the completion stage where one has a direct encounter with the ultimate nature of mind and reality

The Gathering of Intentions Jacob P. Dalton,2016-03-29 The Gathering of Intentions reads a single Tibetan Buddhist ritual system through the movements of Tibetan history revealing the social and material dimensions of an ostensibly timeless tradition By subjecting tantric practice to historical analysis the book offers new insight into the origins of Tibetan Buddhism the formation of its canons the emergence of new lineages and ceremonies and modern efforts to revitalize the religion by returning to its mythic origins The ritual system explored in this volume is based on the Gathering of Intentions Sutra the fundamental root tantra of the Anuyoga class of teachings belonging to the Nyingma Ancient school of Tibetan Buddhism Proceeding chronologically from the ninth century to the present each chapter features a Tibetan author negotiating a perceived gap between the original root text the Gathering of Intentions and the lived religious or political concerns of his day These ongoing tensions underscore the significance of Tibet s elaborate esoteric ritual systems which have persisted for centuries evolving in response to historical conditions Rather than overlook practice in favor of philosophical concerns this volume prioritizes Tibetan Buddhism s ritual systems for a richer portrait of the tradition
