Teachings Of The Guardian Of The Threshold:

Esoteric Lessons for the First Class of the School of Spiritual Science at the Goetheanum Rudolf Steiner, 2020-11-04
During the refounding of the Anthroposophical Society as the General Anthroposophical Society at Christmas 1923/24 Rudolf Steiner also reconstituted as the School of Spiritual Science the Esoteric School he had led in three classes from 1904 to 1914 at the same time extending its scope by adding artistic and scientific Sections. However, owing to his illness and later death in March 1925 he was only able to make a beginning by establishing the First Class and the Sections. The actual step from the Esoteric School to the School of Spiritual Science was nevertheless an exceptional one. The Esoteric School from Helena Blavatsky's time had been secret. Its existence was known only to those personally invited to participate. In contrast, the existence of the School of Spiritual Science was stated openly in the public statutes of the General Anthroposophical Society. From the Christmas Conference onwards Rudolf Steiner worked within this publicly acknowledged framework. The Class Lessons comprise a complete spiritual course of nineteen fundamental lessons given between February and August 1924, several lessons given at other locations and seven further lessons from September 1924 which take up the themes of the first part of the nineteen lessons in a modified form. This authentic, accurate and high quality bilingual edition with English and German texts printed side by side is published in conjunction with the School of Spiritual Science at the Goetheanum. A compact four volume clothbound set, it features plates with Rudolf Steiner's handwritten notes of the mantras and reproductions of his original colour blackboard drawings. The translations of the mantric verses have been reworked by a committed group of translators, linguists and editors, expressing subtleties of meaning, grammatical accuracy and poetic style whilst retaining the original sound and metre of the German mantric forms. Three versions of the existing English translations are also included. *The Three Mountains. The Return to the Light* Olivia P Cabral, 2010-11-05. *The Three Mountains* is a book on Esoteric Science. It's a Research done on an Entrance Door that exists in a parallel Dimension. The door opens into a Path towards Superior Aeons or Realms. *Encounters with Vidar* Are Thoresen, 2022-09-28. At the threshold that divides the elemental and etheric worlds, Are Thoresen encounters two spiritual entities, Vidar and Balder, guardians of the threshold whose task is to protect the spiritual border from uninitiated intruders. Building on previous reports, *Encounters with Vidar* offers startling new esoteric teachings gleaned through processes of spiritual knowledge from these enigmatic gods. Here Vidar and Balder emphasize the importance of clairaudience as opposed to clairvoyance, the latter particularly being open to attack from adversary beings. Through the process of working with the communications, the author begins to experience a transformation of his head chakras, leading to an awakening of spiritual ears. Whilst clairvoyance is like reading the holy script, clairaudience is akin to hearing the holy script; he learns. Amongst the wealth of fresh insights revealed here are the fourth aspect of the soul or time karma, Christ, the task of eurythmy today, the whereabouts of the contents of the School of Spiritual Science and the work of Vulcan beings and other planetary entities. Thoresen offers reflections on his travels to

western England with its connections to Troy and southern Spain with its legacy of Moorish occupation His intention is not to create new dogmas or beliefs but to testify to the living reality of metaphysical dimensions of reality and humanity's latent ability to access them

Facing Evil and The Guardian Speaks Peter Selg, 2024-01-02 We the people of the fifth post Atlantean period we have to resolve to the greatest extent possible and in a way that is filled with the power of life the problem that one can call the problem of evil I ask you to think about this in some depth The fact that evil which will approach the human being of the fifth post Atlantean period in every possible form and will do this in such a way that the human being will have to resolve the very nature and being of evil scientifically will have to come to grips in all his or her loving and hating with everything that stems from evil and battle and wrestle with evil's resistance to impulses of the will all this belongs to the task of the fifth post Atlantean period Rudolf Steiner Goethe's Faust in the Light of Anthroposophy p 85 The two essays published here were written on the basis of lectures given to members of the School for Spiritual Science Their content therefore deals directly with the path of inner development outlined in the lessons of the First Class of the School In the first essay Selg address the necessary confrontation with the powers of evil as they appear in the Class Lessons and in our time more broadly Only through confronting and overcoming these powers are we able to find the path to our true humanity The second essay deals with the figure of the Guardian of the Threshold as a Michaelic teacher and guide along the soul's path into the spiritual world This figure Selg argues is far too little understood in our time He is a spiritual being of great significance who offers

help to all earnest seekers This book represents an ongoing effort on the part of Peter Selg and the leaders of the General Anthroposophical Section at the Goetheanum to deepen and internalize the work with the Class Lessons for all members of the School for Spiritual Science This book is comprised of translations of texts originally published in German by Verlag des Ita Wegman Instituts Die Auseinandersetzung mit dem B sen Zur Schulung der Ersten Klasse Hochschulvortr ge Band 1 2019 Die Sprache des H ters Zur Schulung der Ersten Klasse Hochschulvortr ge Band 2 2020 **Experiences From the**
