Techniques De La Mosaïque:

La mosaïque antique Philippe Bruneau,1987 **Techniques de la mosaïque** Emma Biggs,2000 Ce livre est un guide complet pour l'amateur qui veut apprendre réaliser lui-même une mosaïque. Il présente l'équipement, les matériaux et les techniques de base qu'il est indispensable de maîtriser. Les explications claires et précises sont accompagnées de photographies, tape par tape. Inspirées d'œuvres de l'antiquité romaine ou surtout contemporaines, les réalisations proposées utilisent les tesselles les plus diverses : grès, pierre de verre, marbre, céramique, maille mais aussi galets, vaisselle brisée ou matériaux improvisés. Au fil des pages, vous apprendrez l'art de combiner les couleurs, de dessiner et de reproduire un motif, de couper les tesselles, de tracer les joints, de façonner, renforcer l'effet graphique. Vous découvrirez les avantages et les difficultés de chaque technique, ce qui vous permettra de choisir la mieux adaptée pour une décoration murale, un pavement extérieur ou intérieur ou sur des objets, des formes architecturales. Directes ou indirectes, ces techniques restent simples et demandent surtout de la patience et un bon sens de l'organisation. Vous pourrez bientôt laisser libre cours à votre imagination et créer votre tour d'œuvres personnelles.

Réflexions sur la technique de la mosaïque Jean Lassus,1957 **The Mosaics of Alexandria** Anne-Marie Guimier-Sorbets,2021-10-01 A beautifully illustrated study of mosaic art in Greco-Roman Egypt. The art of the mosaic was developed by the Greeks, notably within the royal court of Macedonia, and was initially unknown to the Egyptians. Macedonian mosaicists then established busy workshops in the capital Alexandria and in the new towns of Greek Egypt. Under the stimulus of commissions from the Ptolemaic court, these workshops soon showed that they were capable of innovation. Beginning with pebbles, they then used tesserae of different sizes and adopted new materials: glass, faience, paint in order to transpose onto the floor images from grand paintings, which was the major art form of the time and was characterized by the vivid use of color. Alexandrian mosaicists were at the forefront of creativity during the Hellenistic period and their influence spread around the Mediterranean. After the Roman conquest of Egypt, they adapted to the tastes of their new sponsors and to changes in architecture and were able to retain an important place within this art as it developed across the entire empire in Rome and from east to west. The Mosaics of Alexandria provides the first overview of the mosaics and pavements of Egypt that were created between the end of the fourth century BC and the sixth century AD. It presents a selection of some seventy mosaics and pavements from Alexandria and Greco-Roman Egypt. Generally little known and more often than not unpublished, these works are illustrated here in full color, some for the first time. The aim is to better understand the artistic and artisanal production of a type of decoration that played an important role within the living environment of the ancients.
