The Guerrilla Reader A Historical Anthology:

The Guerrilla Reader Walter Laqueur, 1978-01-01 The Guerrilla Reader Walter Laqueur, 1977 **The Guerilla Reader** Walter Z. Laqueur, 1977 *Understanding Non-State Actors* Eran Zohar, 2023-10-24

Understanding Non State Actors aims to reduce the scarcity of academic literature on armed non state actors NSAs that have always been a part of world politics and wars This monograph offers possibly for the first time a systematic historical review as well as a substantive theory of NSAs and their arming efforts The world has been astonished by the ability of the well armed Hamas to inflict heavy losses on the powerful Israel Thus from the Jewish rebellion against Rome to the war between the Ukrainian separatists and the Ukrainian government NSAs weapons acquisition has been vital for the build up of their force enabling both the employment of that force and its sustainability While weapons are not necessarily the most important factor in military build up NSAs need weapons to fight and revolts usually erupt after the organizers have acquired a certain number of weapons Conversely many revolts lose momentum and operations are not carried out or turn ineffective due to shortages of arms and ammunition A major theme of this monograph is that in spite of dramatic political and technological changes armed NSAs in different periods have employed similar methods to acquire weapons Self production looting and stealing external support and the arms trade were always the major ways for NSAs to acquire weapons though the importance of each method and the type of arms has changed remarkably over time Understanding Non State Actors discusses the factors political social cultural technological and organizational that have both facilitated and constrained the ability of NSAs to acquire arms Especially lecturers and students of Military Terrorism Conflict studies War and peace studies will benefit from this study

Revisiting the Origins of Human Rights Pamela Slotte, Miia Halme-Tuomisaari, 2015-09-11 Did the history of human rights begin decades centuries or even millennia ago What constitutes this history And what can we really learn from the textbook narrative the unilinear forward looking tale of progress and inevitable triumph authored primarily by Western philosophers politicians and activists Does such a distinguishable entity as the history of human rights even exist or are efforts to read evidence in past events of the later evolution of human rights mere ideology This book explores these questions through a collective effort by scholars of history law theology and anthropology Rather than entities with an absolute predefined essence this book conceptualizes human rights as open ended and ambiguous It taps into recent revisionist debates and asks what do we really know of the history of human rights

Quarterly Review of Military Literature, 1977 **Professional Journal of the United States Army**, 1977 *Military Review*, 1977 **Gray Ghost** James A. Ramage, 1999-08-19 The Civil War Confederate raider is demythologized for the first time in a lucid well researched account of his successful campaign as a guerrilla fighter and his subsequent post war career as a lawyer and a Republican supporter

Makers of Modern Strategy from Machiavelli to the Nuclear Age Peter Paret, Gordon A. Craig, Felix Gilbert, 2010-10-01 Authoritative and convincing New York Times Book Review The classic reference on the theory and

practice of war The essays in this volume analyze war its strategic characteristics and its political and social functions over the past five centuries The diversity of its themes and the broad perspectives applied to them make the book a work of general history as much as a history of the theory and practice of war from the Renaissance to the present *Makers of Modern Strategy* from Machiavelli to the Nuclear Age takes the first part of its title from an earlier collection of essays that became a classic of historical scholarship Three essays are repinted from the earlier book while four others have been extensively revised The rest twenty two essays are new The subjects addressed range from major theorists and political and military leaders to impersonal forces Machiavelli Clausewitz and Marx and Engels are discussed as are Napoleon Churchill and Mao Other essays trace the interaction of theory and experience over generations the evolution of American strategy for instance or the emergence of revolutionary war in the modern world Still others analyze the strategy of particular conflicts the First and Second World Wars or the relationship between technology policy and war in the nuclear age Whatever its theme each essay places the specifics of military thought and action in their political social and economic environment Together the contributors have produced a book that reinterprets and illuminates war one of the most powerful forces in history and one that cannot be controlled in the future without an understanding of its past Thou Shalt Kill Anna Geifman,2020-11-10

Anna Geifman examines the explosion of terrorist activity that took place in the Russian empire from the years just prior to the turn of the century through 1917 a period when over 17 000 people were killed or wounded by revolutionary extremists On the basis of new research she argues that a multitude of assassination attempts bombings ideologically motivated robberies and incidents of armed assault kidnapping extortion and blackmail for party purposes played a primary role in the revolution of 1905 and early twentieth century Russian political history in general *New Fourth Army* Gregor Benton,1999

An exhaustively researched and definitive study of the Communist New Fourth Army which drove the Nationalists from the mainland **US Domestic and International Regimes of Security** Markus Kienscherf,2013 This book maps the increasing convergence of US domestic and international security regimes analyzing the trend towards global pacification in the name of security The dream of liberal world peace after the Cold War is on the verge of collapsing into permanent global pacification not only in the global south but also in pockets of the Third World within the territory of Western states In this volume the author explores the ways in which regimes of security have been extended into increasingly large aspects of social life and shows that their expansion has been driven by a constant broadening of the notion of war Filling a gap in the literature the book demonstrates how US security agencies have sought to develop indeterminate security capabilities aimed at distinguishing between legitimate and illegitimate flows of people and resources This analysis of regimes of security is tied to a more general discussion about the persistence or even multiplication of illiberal forms of power within liberal governmentality This book will be of much interest to students of security studies war and conflict studies and international relations in general A Global History of Relocation in Counterinsurgency Warfare Edward J. Erickson,2019-12-12

Relocation as a strategy and operational approach in war has reappeared in various forms from the late 18th century to the present day In A Global History of Relocation in Counterinsurgency Warfare Edward J Erickson brings together a distinguished cast of contributors to present a chronological survey of the major relocations of people conducted as deliberate operational approaches to modern conflicts Each chapter covers a different case study including the removal of Native Americans in the USA La Reconcentracion in Cuba the American internment of Filipinos after the Balangiga Massacre the deportation of the Boer population in South Africa and the relocation of Ottoman Armenians and Russian Jews Bringing together the threads of the separate case studies the conclusion reaffirms relocation as a deliberate operational approach used by major powers in warfare against real or perceived threats This is a vital volume for academics and students interested in military history counterinsurgency and strategic studies

Does Conquest Pay? Peter Liberman,1998-08-03

Can foreign invaders successfully exploit industrial economies Since control over economic resources is a key source of power the answer affects the likelihood of aggression and how strenuously states should counter it The resurgence of nationalism has led many policymakers and scholars to doubt that conquest still pays But until now the cumulativeness of industrial resources has never been subjected to systematic analysis Does Conquest Pay demonstrates that expansion can in fact provide rewards to aggressor nations Peter Liberman argues that invaders can exploit industrial societies for short periods of time and can maintain control and economic performance over the long term This is because modern societies are uniquely vulnerable to coercion and repression Hence by wielding a gun in one hand and offering food with the other determined conquerors can compel collaboration and suppress resistance Liberman's argument is supported by several historical case studies Germany's capture of Belgium and Luxembourg during World War I and of nearly all of Europe during World War II France's seizure of the Ruhr in 1923-24 the Japanese Empire during 1910-45 and Soviet hegemony over Eastern Europe in 1945-89 Does Conquest Pay suggests that the international system is more war prone than many optimists claim Liberman's findings also contribute to debates about the stability of empires and other authoritarian regimes the effectiveness of national resistance strategies and the sources of rebellious collective action

Emergency Propaganda

Kumar Ramakrishna,2013-04-15 Sheds new light on the hitherto neglected years of the Emergency 1955-58 demonstrating how it was British propaganda which decisively ended the shooting war in December 1958 The study argues for a concept of propaganda that embraces not merely words in the form of film radio and leaflets but also deeds

Terrorism: Theory and Practice Lewis M Alexander,2019-06-10 The study of terrorism has now arrived internationally as evidenced by the birth of a new international multidisciplinary journal Terrorism the proliferation of scientific conferences and papers and the growth of university research and teaching on the subject Historians social scientists lawyers criminologists administrators and political leaders are showing an increasing awareness of the need for more informed scholarly analysis of the growing international incidence of acts of terrorism perpetrated by extremist groups of almost every ideological hue and in every

continent Dictionary of International Security Paul Robinson, 2008 This dictionary provides readers with a handy reference guide to the field of international security by including over 200 articles on a wide range of concepts issues treaties and institutions from absolute war to weapons of mass destruction **Ethics Education for Irregular Warfare** Don Carrick, James Connelly, Paul Robinson, 2016-05-13 Following on from *Ethics Education in the Military* eds Paul Robinson Nigel de Lee and Don Carrick Ashgate 2008 which surveyed and critically analyzed the existing theory and practice of educating soldiers sailors and airmen in the ethics of old fashioned warfaring this volume considers the extent to which such theory and practice is adequate to prepare members of the military to meet the more complex ethical challenges faced when engaging in irregular warfare in the 21st century In recent years events in Iraq and Afghanistan have highlighted the requirement that Western military personnel drawn from the armed forces of many different countries should behave in an ethical manner at all times The contributors to this volume come from various disciplinary backgrounds several are serving or former military officers and most are actively engaged in ethics education The volume advances theoretical understanding of different approaches to ethics education and provides practical conclusions *A. H. Nasution and Indonesia's Elites* Barry Turner, 2017-11-17 This is an account of the military political and personal life of Abdul Harus Nasution who was a seminal figure in modern Indonesian history in the years prior to his effective sidelining in the 1960s He was an important commander during Indonesia's struggle for independence who rose to become a key leader of the Indonesian armed forces under the first president Sukarno Perhaps more significantly he developed ideas about guerrilla warfare that developed into a sophisticated and socially conservative doctrine for the mobilising of civilian communities This in turn became the underpinning of the repressive military backed New Order regime of Indonesia's second president Suharto who ruled from 1966 until 1998 and which Nasution initially supported Understanding Nasution's thinking about total people's resistance is therefore very important for understanding the broader trajectory of Indonesian political history That includes both the New Order and the emerging democratic regime that developed after its collapse The new political system that called itself the Reform Era was in many ways a direct reaction to the New Order military's penetration and close control of Indonesian society but it has never dismantled the shadow state structure of the armed forces that Nasution designed and Suharto perfected In other words as this book shows Nasution's legacy still looms large today in Jokowi's Indonesia This is not the first assessment of Nasution's life but it differs from earlier works by its investigation of Nasution's personal life and in particular his relationship with the well off and well connected Gondokusumo family of which he became a member by his marriage to Johana Sunarti Gondokusumo The author's thorough investigation of Nasution's relationship with Sunarti and her father offers important new insights into how Nasution's ideas evolved as does the translations of important extracts from Nasution's own voluminous writing included in the text

The Guerrilla Reader A Historical Anthology Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Guerrilla Reader A Historical Anthology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Guerrilla Reader A Historical Anthology has opened up a world of possibilities. Downloading The Guerrilla Reader A Historical Anthology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Guerrilla Reader A Historical Anthology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Guerrilla Reader A Historical Anthology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Guerrilla Reader A Historical Anthology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Guerrilla Reader A Historical Anthology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Guerrilla Reader A Historical Anthology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Guerrilla Reader A Historical Anthology Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Guerrilla Reader A Historical Anthology is one of the best book in our library for free trial. We provide copy of The Guerrilla Reader A Historical Anthology in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Guerrilla Reader A Historical Anthology. Where to download The Guerrilla Reader A Historical Anthology online for free? Are you looking for The Guerrilla Reader A Historical Anthology PDF? This is definitely going to save you time and cash in something you should think about.
