The Gulf Crisis Background And Consequences Paperback By Ibrahim Ibrahim

Carl Max Kortepeter

The Gulf Crisis Background And Consequences Paperback By Ibrahim Ibrahim:

The Gulf Crisis Ibrahim Ibrahim, 1992 **US-Kuwaiti Relations, 1961-1992** Chookiat Panaspornprasit, 2004-08-02

After being granted full independence in 1961 Kuwait began its tumultuous relationship with the US. This book sets out to investigate this alliance within the frameworks of a small state and influence and in particular under the US presidents Carter, Reagan and Bush. The political, diplomatic and military aspects are examined, which have both stalled and enhanced the bilateral relationship at different times and events. The relationship between the two countries has not always been a straightforward one. Kuwait, overshadowed by its bigger neighbour Saudi Arabia, was regarded as a derivative interest by the US and its role within the region more often than not underestimated. Shedding new light on this key political alliance, the book details how this uneasy relationship evolved while Kuwait maintained its independent foreign policy, which contradicted US national interest. Illuminating and informative, it is essential reading for anyone with an interest in Middle East politics and international relations.

The Kuwait Petroleum Corporation and the Economics of the New World Order Mary Ann Tetreault, 1995-01-30. Economic and strategic power is not the exclusive province of powerful developed countries. Kuwait has used its main resource, oil, to integrate itself into the world economy as an autonomous actor rather than as a dependent commodity exporter. This daring economic strategy enabled Kuwait to claim military support from governments hosting its direct investments overseas in 1990-91 following its invasion by Iraq. Based on five years of research, including interviews with more than 200 people, Dr. Tetreault's book analyzes the development of the Kuwait Petroleum Corporation in the context of domestic, regional and world politics. Contrary to current thinking, she argues that multinational vertical integration under state ownership can be an optimal strategy for oil-exporting developing countries, particularly those whose resource endowments are otherwise highly limited. This book is directed toward executives in natural resource industries, economic and strategic planners in public and private institutions, and those charged with the formulation and implementation of national, international and transnational economic policy. In addition, it is of interest to academics specializing in political economy, development, industrial organization, regional and domestic politics, and international relations.

12 Muslim Revolutions, and the Struggle for Legitimacy Against the Imperial Powers Carl Max Kortepeter, 2017-02-24

In *Twelve Muslim Revolutions*, Professor Kortepeter presents a broadly encompassing study of the medieval and modern history of the central lands of Islam over a period of centuries. Told in three parts: 1. Revolutions from pre-Islamic Arabia to the Ottoman Turks; 2. The imperial powers establishing footprints in the Middle East in the eighteenth to the twentieth centuries; and 3. American presidents and their inability to fully comprehend the complexities of the Middle East since World War II. This narrative is told in a very personal manner, borne of on-the-ground experience in those lands. An essential read for anyone wishing to comprehend the story of the Middle East, present, past and future. University students, scholars and policy makers alike will find Kortepeter's insights equally compelling.

The Arab State and Women's Rights

Elham Manea,2012-04-27 Researchers studying gender politics in Arab societies have been puzzled by a phenomenon common in many Arab states while women are granted suffrage rights they are often discriminated against by the state in their private lives This book addresses this phenomenon maintaining that the Arab state functions according to a certain logic and patterns which have direct consequences on its gender policies in both the public and private spheres Using the features of the Arab Authoritarian state as a basis for a theoretical framework of analysis the author draws on detailed fieldwork and first hand interviews to study women s rights in three countries Yemen Syria and Kuwait She argues that the puzzle may be resolved once we focus on the features of the Arab state and its stage of development Offering a new approach to the study of gender and politics in Arab states this book will be of great interest to scholars and students of gender studies international politics and Middle East studies

The Kurds and Kurdistan Lokman I. Meho,1997-06-25 As the Kurdish question becomes more prominent in Middle Eastern politics it is attracting attention from the media the academic community and governmental and non governmental organizations Swamped with questions from the press and academic departments students of Kurdish topics have needed a comprehensive bibliography on the Kurds This book meets that need An introductory essay provides users with general background information on the Kurds and Kurdistan With over 800 entries the annotated bibliography provides information on the most important works about the Kurds and Kurdistan published from World War II through 1996 Emphasizing recent titles the book focuses on English language scholarly works Arranged in topical chapters the book opens with a section on general works then covers travel works history and archaeology politics minorities and religion in Kurdistan society economy language and education literature and folklore and culture and arts

Foreign Affairs ,1992 *The Muslim World Book Review* ,2001 **The Iraqi Invasion of Kuwait** Hamdi A.

Hassan,1999-09-20 Focusing on the 1990 Iraqi invasion of Kuwait Hamdi Hassan offers a balanced examination of the motivation of the Iraqi polity and the conditions which accelerated and facilitated the decision to invade Critical of the traditional approach of most Middle East studies *The Iraqi Invasion of Kuwait* offers a counterpoint to Western interpretations of this key event in the contemporary history of the Middle East Hassan examines how Saddam Hussein assessed and responded to American and Israeli intentions after the invasion the reaction of other Arab states and the unprecedented grassroots support for the Iraqi leadership In this context the author examines the social structure of Iraqi society families clans and regional alliances and the importance of Ba athism Hassan also examines the political structure of the country relating the identity of Arabism the religion and language which is associated closely with the Pan Arabist ideals to Iraqi foreign policy **The Iraqi Invasion of Kuwait** Musallam Ali Musallam,1996 Evaluates three factors which may explain the causes of the Gulf War First the author compares Saddam Hussein s personality to other war like dictators analyzes the internal weaknesses of the Iraqi state and then assesses the formal anarchy of the post *The Government And Politics Of The Middle East And North Africa* David E. Long,Bernard Reich,1995-08-03 Rapid social economic and political

change is endemic to the Middle East and is often more revolutionary than evolutionary in nature In many ways the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics The collapse of the Soviet Union the end of the cold war and the Iraqi invasion of Kuwait have all had a profound effect on relations among states within the region and between those states and countries outside the region In this revised edition Long and Reich provide comprehensive and up to date analyses of many critical contemporary events and issues The contributors explain how Desert Storm isolated Iraq and brought Syria back into the mainstream of Arab politics contributing to the revival of the Arab Israeli peace process They also show how the return of a Labor government in Israel has allowed the peace process to go forward Evaluating the economic costs of the Kuwait war and the continuing oil glut the authors find that resulting changes in the domestic economies of the oil producing states have created additional pressures for social and political change The most profound change in government and politics however is the rise of Islam as the idiom of political discourse among moderates as well as extremists

Paperbound Books in Print ,1992

The Gulf War John Bulloch,Harvey Morris,2016-07-28 After a million deaths

and twice that number injured after the destruction of much of the infrastructure of Iran and Iraq disruption of trade throughout the Gulf and the involvement of the USA and USSR was the Gulf War a pointless exercise a futile conflict which achieved nothing and left the combatants at the end of it all back in exactly the same position from which they started in 1980 In this book first published in 1989 the authors argue that the lack of territorial gain was irrelevant the real advantages won by each side were far more important intangible though they were For Iran the channelling of the energies of her people away from domestic concerns meant the continuation of the Islamic revolution and ensured the stability of the mullahs In Iraq the war propped up the increasingly shaky regime of Saddam Hussein The outside world especially the superpowers was terrified of the spread of Muslim fundamentalism so made no effort to prevent Iraq from trying to halt this spread But Israel Saudi Arabia Syria and the oil states also had vested interests in promoting the continuation of the war

The Roots and

Consequences of Civil Wars and Revolutions Spencer C. Tucker, 2017-02-16 This book treats 30 important civil wars and revolutions across the world including Africa Asia the Americas Europe and the Middle East covering a broad swath of recorded history from ancient times to the present Human history as a whole results from social changes technological advances and evolutions in thinking and religion all of which often lead to wars and conflicts Behind each major war are myriad interrelated causes This book examines 30 of the most significant civil wars and revolutions in recorded history from ancient times to the modern era identifying the origins consequences and subtle impacts of many of these conflicts that are still being felt today A comprehensive overview essay as well as explanations of the causes and consequences of each conflict give readers the context needed to understand the importance of these seminal events Additional learning tools include a detailed timeline that sets all of the key events in the conflict in the proper context maps of several of the key battles that help readers visualize the strategies of both sides and a lengthy bibliography that offers a wealth of options to students looking to investigate any of the conflicts further
