Dilemma Robert J. Spitzer, 2023 In *The Gun Dilemma* Robert J. Spitzer examines this gun rights 20 movement in the light of a host of gun controversies assault weapons ammunition magazines silencers public gun brandishing and display and the emergent Second Amendment sanctuary movement Given the importance of actual gun law history to this debate Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court Revealing and illuminating as that history is he argues that we should not be straitjacketed by that history but rather informed by it as the nation struggles with how to frame its gun policies *Guns across America* Robert Spitzer, 2015-04-13 In vast swathes of America the sacredness of the Second Amendment has become a political third rail never to be questioned Gun rights supporters wear tri-cornered hats wave the stars and stripes and ask what would have happened if the revolutionaries had been unarmed when the British were coming They have had great success in conflating unfettered gun ownership with the Founding Fathers the Constitution and all things American even in an era of repeated mass shootings Yet the all too familiar narrative of America's gun past echoed in the Supreme Court's *Heller* gun rights decision is not only mythologized but historically wrong As Robert J. Spitzer demonstrates in *Guns across America* gun ownership is as old as the nation but so is gun regulation Drawing on a vast new dataset of early gun laws reflecting every imaginable type of regulation Spitzer reveals that firearms were actually more strictly regulated in the country's first three centuries than in recent years The first gun grabbers were not 1960s Chablis drinking liberals but seventeenth century rum guzzling pioneers and their legacy continued through strict gun regulations in the 1920s and beyond Spitzer examines interpretations of the Second Amendment the assault weapons controversy modern stand your ground laws and the so-called right of rebellion to show that they play out in America's contemporary political landscape in ways that bear little resemblance to our imagined past And as gun rights proponents seek to roll back gun laws and press as many guns into as many hands as possible warning that gun rights are endangered they sidestep the central question are stricter gun laws incompatible with robust gun rights Spitzer answers this question by examining New York State's tough gun laws where his political analysis is complemented by his own quest for a concealed carry handgun permit and construction of a legal AR 15 assault weapon Not only can gun rights and rules coexist but they have throughout American history *Guns across America* reveals the long hidden truth that gun regulations are in fact as American as apple pie *Gun Digest, 1992* Ken Warner, 1991-07 With sales of nearly a quarter million copies each year *Gun Digest* is the most authoritative book on the subject of firearms available today The front half of the book consists of the best writing available on firearms subjects The back half of the book consists of a complete catalog of all firearms manufactured in or imported to the U.S. with full specifications and prices *The Writer's Guide to Weapons* Benjamin Sobiech, 2015-07-09 When it comes to writing weapons most authors shoot from the hip and miss *The Writer's Guide to Weapons* will help you hit your target every time Firearms and knives have starring roles in a wide range of genres crime thriller war mystery Western and more Unfortunately many
