Nair, 2018-05-09 Her life was always through unexpected situations a woman like Ellen never ever imagined a life like her She never complained to those who never saw the mother in her Her soul was matured enough to overcome the sorrow when she lost the most valuable thing in her life She never learned from the people around her in fact she was teaching them the lessons of life The world and mysterious gods stood with her from the moment she started fighting back for survival She was just like our mother earth with selfless love A story through different lives of a mother

**The Half-White Album** Cynthia J. Sylvester, 2023-04 This powerful debut collection explores lives lived between worlds Sylvester masterfully weaves together fiction poetry and nonfiction to give readers a poignant though fractured view of her characters lives their loves and their struggles Told from the perspective of an urban Native the work details a journey led by the nomadic band the Covers It is an experience meant to heal generational trauma and bring back into the light people who may otherwise be forgotten At its heart *The Half White Album* is a healing ceremony of the author's own creation a process grounded in music that celebrates what it is to be human and imperfect and to love imperfectly

*The Half Brother* Holly LeCraw, 2015-02-17 A passionate provocative story of complex family bonds and the search for identity set within the ivy covered walls of a New England boarding school When Charlie Garrett arrives as a young teacher at the shabby yet genteel Abbott School he finds a world steeped in privilege and tradition Fresh out of college and barely older than the students he teaches Charlie longs to leave his complicated southern childhood behind and find his place in the rarefied world of Abbottsford Before long he is drawn to May Bankhead the daughter of the legendary school chaplain but when he discovers he cannot be with her he forces himself to break her heart and she leaves Abbott he believes forever He hunkers down in his house in the foothills of Massachusetts thinking his sacrifice has contained the damage and controlled their fates But nearly a

decade later his peace is shattered when his golden boy half brother Nick comes to Abbott to teach and May returns as a teacher as well. Students and teachers alike are drawn by Nick's magnetism and even May falls under his spell. When Charlie pushes his brother and his first love together with what he believes are the best of intentions a love triangle ensues that is haunted by desire, regret, and a long buried mystery. With wisdom and emotional generosity LeCraw takes us through a year that transforms both the teachers and students of Abbott forever. Page turning, lyrical, and ambitious *The Half Brother* is a powerful examination of family loyalty and love. *The Half Has Not Been Told* Patricia Betts Tyus, 2011-12-29. Often there are many things that go untold about raising a special needs child. Feelings are not expressed or explained. Stories are kept to a silent hush. The family members live day in and out with stories that never makes the news, never makes the newspapers, or a topic of general conversation. The stories as many as there are have not been told. Some of the stories are of embarrassment, some of laughter, some of tears, and some of struggles. Many of them are of joys, strengths, and victories. Many of them should be told. In *The Half Has Not Been Told: Memoirs of my Destiny* Patricia Betts Tyus captures stories of things that have occurred over the years in the life of her daughter Destini, diagnosed as special needs at the age of two years old. She shares the emotions that a mother experiences when she finds out that the child she sees as perfect is being labeled with titles that would alter the perception of anyone that hears them. The author shares stories of the hard and continuous work that goes into overcoming challenges and all the joy of reward that is on the other side of getting through the challenge. The author shares emotional and enlightening moments to help redefine the stereotypical thoughts that people have of special needs children. She challenges those who work with special needs individuals to think outside of the box to design ways of doing things so that special needs individuals can have great success stories. The author shares the half of the stories that have never been told. *The Half-yearly Abstract of the Medical Sciences: Being a Digest of British and Continental Medicine, and of the Progress of Medicine and the Collateral Sciences*, 1858. **Cases Argued and Decided in the Supreme Court of Mississippi** Mississippi.
