**Variations of the Hero's Journey in Contemporary British, French and Australian Picture Books about the Great War** Martin C. Kerby, Denise Burkhard, Alison Bedford, Marion Gymnich, Margaret M.

Baguley, 2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach. To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimaged in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework. It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory. It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey the ordinary soldier's journey. This analysis of children's picture books about the Great War through the lens of Campbell's hero's journey will be of interest to both students and researchers in the fields of children's literature literary theory history cultural studies and education.

The Hero in Contemporary American Fiction S. Halldorson, 2007-12-09 This book sets out to write nothing short of a new theory of the heroic for today's world. It delves into the why of the hero as a natural companion piece to the how of the hero as written by Northrop Frye and Joseph Campbell over half a century ago. The novels of Saul Bellow and Don DeLillo serve as an anchor to the theory as it challenges our notions of what is heroic about nymphomaniacs Holocaust survivors spurious academics cult followers terrorists celebrities photographers and writers of novels who all attempt to claim the right to be hero.
