The Guide To Lodging In Frances Monastaries:

The Guide to Lodging in Italy's Monasteries Eileen Barish, 2003 Unbiased in depth information is presented on the 250 Italian monasteries that welcome all guests of all faiths and average 20 for a one night stay with meals Includes email and Web site information for easy reservations 73 photos Religion and Tourism Michael Stausberg, 2012-11-12 This book explores the dynamic interaction between religion and tourism in the modern world It considers questions such as do travellers leave their religion at home when they are touring and what happens if not what are the relationships between tourism and pilgrimage what happens to religious performances places and festivals that function as tourism attractions Other chapters examine religious theme parks wellness and spa tourism the roles played by tourist guides guidebooks and religious souvenirs and the role of tourism as a major arena of religious encounters in the contemporary world Surveying the growing body of work in the field Michael Stausberg argues that tourism should be a major focus of research within religious studies Transformational Tourism Yvette Reisinger, 2013 This book deals with the issue of how travel and tourism if developed in a proper form can contribute to human transformation growth and development and change human behaviour and our relationship with the world The volume investigates the experiences offered by travel and tourism that can change travellers as human beings and their relationships and interactions with natural socio cultural economic political and technological environments The book has been published in two volumes This first volume focuses on the tourist perspective and the tourist self It consists of 16 chapters covering different types of tourism including wellness retreat religious and spiritual tourism extreme sports backpacking and cultural tourism WWOOFing and ecotourism and volunteer and educational tourism This book is primarily intended for tourism students and tourism programmes in business and non business schools However it could also appeal to students academics and professionals from disciplines that deal with human development and behavioural changes *A Guide to Mystical France* Nick Inman, 2016-01-12 France is one of the most visited countries in the world and one of the least known This book takes you beyond the superficial coverage of conventional guidebooks history architecture etc in search of the deeper truths A Guide to Mystical France takes you deep under the psychic skin of France into the invisible dimensions that our materialistic world does its best to ignore Science stops at the most interesting questions To describe say a painted prehistoric cave as a sacred space used for ritual is to beg more questions than it answers It is impossible to fully appreciate the cathedral of Notre Dame Mont St Michel or the alignments of Carnac if you do not understand the reasons these structures were built and the way they have been used over the centuries The book makes no assumptions The reader is not required to believe anything He is merely pointed in the direction of the invisible and the hidden and left to judge for himself You get much more out of a visit if you look for what isn't there as well as what is Only by engaging with such enigmas in an open minded non logical way can we begin to unravel them This approach also makes sightseeing more satisfying and more meaningful Covered here are a multitude of fascinating themes the pilgrimage route to

Santiago de Compostela Black Virgins prehistoric cave paintings labyrinths ley lines symbolism and sacred geometry the tarot etc The backdrop for the drama includes such legendary places as Chartres Rennes le Chateau churches carved out of the rock and mountain sanctuaries The cast list meanwhile includes Templars Cathars mystics Gurdjieff King Arthur Nostradamus and alchemists such as the enigmatic Fulcanelli who is rumoured to be immortal **Lodging in France's**
