regionalism and the nature and meaning of literary influence The inordinate popularity of Spoon River Anthology has for many years unfairly restricted Masters reputation as a one book phenomenon although between 1911 and 1942 he wrote over fifty other books most of which were neglected or misinterpreted precisely because they attempted a large scale rewriting of what he felt had been obscured or distorted in the Anglo American tradition Masters wide reading in the whole of western literature shaped his own attitudes themes and style and his detailed accounts of that reading and its effect on his work form the basis for this reinterpretation of his place in American poetry in this century After reviewing Masters own statements on literary influence and his role as a critic Primeau devotes the main body of his study to the major influences on Masters work the Greeks Goethe Emerson Whitman Shelley and Browning For Masters the composite of all these influences provided a corrective to the poetry and criticism of his time which he little admired Primeau concludes by exploring Masters midwestern heritage in the light of recent reinterpretations of regionalism Musical Creativity Guerino Mazzola, Joomi Park, Florian Thalmann, 2011-11-03 This book represents a new approach to musical creativity dealing with the semiotics mathematical principles and software for creativity processes After a thorough introduction the book offers a first practical part with a detailed tutorial for students in composition and improvisation using musical instruments and music software The second theoretical part deals with historical actual and new principles of creative processes in music based on the results and methods developed in the first author's book Topos of Music and referring to semiotics predicative objects topos theory and object oriented concept architectures The third part of the book details four case studies in musical creativity including an analysis of the six variations of Beethoven's sonata op 109 a discussion of the creative process in a CD coproduced in 2011 by the first and second authors a recomposition of Boulez's Structures pour deux pianos using the Rubato software module BigBang developed by the third author and the Escher theorem from mathematical gesture theory in music This is both a textbook addressed to undergraduate and graduate students of music composition and improvisation and also a state of the art survey addressed to researchers in creativity studies and music technology The book contains summaries and end of chapter questions and the authors have used the book as the main reference to teach an undergraduate creativity studies program and also to teach composition The text is supported throughout with musical score examples 300 let Academia philharmonicorum Labacensium (1701-2001) Ivan Klemenčič, 2004-01-01 Zbornik prina a referate z istoimenskega mednarodnega simpozija ki je potekal 25 in 26 oktobra 2001 v Ljubljani Namen zborovanja je bil slovesno obuditi spomin na to pomembno akademsko filharmoni no ustanovo in opozoriti na njeno vpetost v glasbeno poustvarjanje tako na Slovenskem kot v evropskem kontekstu Sedemnajst referentov iz estih dr av je poudarilo pomen kontinuitete tristoletnega razvoja orkestrskega oziroma simfoni nega poustvarjanja na Slovenskem eprav z nekaj prekinitvami in s tem oblikovanja tradicije

became comic characters and myth became a medium forridicule Overall the book provides a foundation for exploring myth and story throughout medieval and early modern culture and facilitating further study into the Enlightenment and beyond KATHERINE BUTLER is a seniorlecturer in music at Northumbria University SAMANTHA BASSLER is a musicologist of cultural studies a teaching artist and an adjunct professor in the New York metropolitan area Contributors Jamie Apgar Katie Bank Samantha Bassler Katherine Butler Elina G Hamilton Sigrid Harris Ljubica Ilic Erica Levenson John MacInnis Patrick McMahon Aurora Faye Martinez Jacomien Prins Tim Shephard Jason Stoessel F rdia J Stone Davis Amanda Eubanks Winkler
