Committee on Banking, Housing, and Urban Affairs, 1978 **Health Care for Some** Beatrix Hoffman, 2012-09-28 Skillfully chronicles America's struggles to make health care a right from the Depression through Obamacare beautifully written and compelling Jonathan Oberlander author of *The Political Life of Medicare* Named by Choice as an Outstanding Academic Title In *Health Care for Some* Beatrix Hoffman offers an engaging in depth look at America's long tradition of unequal access to health care She argues that two main features have characterized the US health system a refusal to adopt a right to care and a particularly American approach to the rationing of care *Health Care for Some* shows that the haphazard way the US system allocates medical services using income race region insurance coverage and many other factors is a disorganized illogical and powerful form of rationing And unlike rationing in most countries which is intended to keep costs down rationing in the United States has actually led to increased costs resulting in the most expensive health care system in the world While most histories of US health care emphasize failed policy reforms *Health Care for Some* looks at the system from the ground up in order to examine how rationing is experienced by ordinary Americans and how experiences of rationing have led to claims for a right to health care By taking this approach Hoffman puts a much needed human face on a topic that is too often dominated by talking heads A well researched readable primer on the development of the complex fragmented US medical system Times Higher Education *Fair Credit Reporting Act--1973* United States.
