pragmatic Each chapter discusses a topical text set of YA novels in a conceptual framework how these novels contribute to or deconstruct conventional wisdom about key topics from identity formation to awareness of world issues while also providing a springboard in secondary and college classrooms for critical discussion of these novels Uncloaking many of the issues that have been essentially invisible in discussions of YA literature these essays can then guide the design of curriculum through which adolescent readers hone the necessary skills to unpack the ideologies embedded in YA narratives The annotated bibliography provides supplementary articles and books germane to all the issues discussed Closing End Points highlight and reinforce cross cutting themes throughout the book and tie the essays together **Bowker's Guide to Characters in**
