Skinheads Shaved For Battle A Cultural History Of American Skinheads:

Skinheads Shaved for Battle Jack B. Moore,1993 Moore emphasizes throughout the American identity of skinheadism

Skinheads Tiffini Travis,Perry Hardy,2012-04-13 This book provides a fascinating examination of one of the most notorious countercultures in the United States *Skinheads A Guide to An American Subculture* is an insider s look at the history of skinheads in the United States from their emergence from the U S hardcore underground in the 1980s in New York City Chicago Washington DC and Los Angeles to the current scene that thrives in many major metropolitan areas today What makes this revelatory book so compelling is its one of a kind view of skinhead culture from the inside out Coauthor Perry Hardy is a skinhead bass player for the band The Templars and veteran member of the American skinhead scene since the onset of the movement Based on his experiences plus interviews with dozens of skinheads of all kinds *Skinheads* draws back the curtain to reveal a world that more often is simply a haven for those disaffected from society rather than a subculture of hatred or violence

Cold New World William Finnegan,2010-09-29 From the Pulitzer Prize winning author of *Barbarian Days* this narrative nonfiction classic documents the rising inequality and cultural alienation that presaged the crises of today A status report on the American Dream that gets its power from the unpredictable rich specifics of people s lives Time William Finnegan s real achievement is to attach identities to the steady stream of faceless statistics that tell us America s social problems are more serious than we want to believe The Washington Post A fifteen year old drug dealer in blighted New Haven Connecticut a sleepy Texas town transformed by crack Mexican American teenagers in Washington State unable to relate to their immigrant parents and trying to find an identity in gangs jobless young white supremacists in a downwardly mobile L A suburb William Finnegan spent years embedded with families in four communities across the country to become an intimate observer of the lives he reveals in *Cold New World* What emerges from these beautifully rendered portraits is a prescient and compassionate book that never loses sight of its subjects humanity A NEW YORK TIMES NOTABLE BOOK A LOS ANGELES TIMES BEST NONFICTION SELECTION Praise for *Cold New World* Unlike most journalists who drop in for a quick interview and fly back out again Finnegan spent many weeks with families in each community over a period of several years enough time to distinguish between the kind of short term problems that can beset anyone and the longer term systemic poverty and social disintegration that can pound an entire generation into a groove of despair Los Angeles Times Book Review The most remarkable of William Finnegan s many literary gifts is his compassion Not the fact of it which we have a right to expect from any personal reporting about the oppressed but its coolness its clarity its ductile strength Finnegan writes like a dream His prose is unfailingly lucid graceful and specific his characterization effortless and the pull of his narrative pure seduction The Village Voice Four astonishingly intimate and evocative portraits All of these stories are vividly honestly and compassionately told While *Cold New World* may make us look in new ways at our young people perhaps its real goal is to make us look at ourselves The Philadelphia Inquirer

Russia's Skinheads Hilary Pilkington,Al'bina

Garifzianova, Elena Omel'chenko, 2010-05-11 *Russia's Skinheads Exploring and Rethinking Subcultural Lives* provides a thorough examination of the phenomenon of skinheads explaining its nature and its significance and assessing how far Russian skinhead subculture is the lumpen end of the extreme nationalist ideological spectrum. There are large numbers of skinheads in Russia responsible for a significant number of xenophobic attacks including 97 deaths in 2008 alone making this book relevant to Russian specialists as well as to sociologists of youth subculture. It provides a practical example of how to investigate youth subculture in depth over an extended period in this case through empirical research following a specific group over six years and goes on to argue that Russian skinhead subculture is not a direct import from the West and that youth cultural practices should not be reduced to expressions of consumer choice. It presents an understanding of the Russian skinhead as a product of individuals' whole and evolving lives and thereby compels sociologists to rethink how they conceive the nature of subcultures.

Encyclopedia of Gangs Louis Kontos, David C. Brotherton, 2007-11-30 In light of Los Angeles gang state of emergency ethnic and minority gangs are arguably more high profile now than at any other time in our history. News media typically focus on the crime and violence associated with gangs but not much else. This encyclopedia seeks to illuminate the world of gangs including gang formations, routine gang activities, aberrations and current developments. One hundred essay entries related to gangs in the United States and worldwide provide a diffuse overview of the gang phenomenon. Each entry defines and explains the term, provides an historical overview and explains its significance today. As the following entries demonstrate, gangs are part of the fabric of American society. They are not only in our communities but also our schools and other social institutions. Understanding the world of gangs is therefore needed to understand American society. Entries include Bikers, Bloods, Cholas, Crips, gang mythology, gang warfare, graffiti, Hell's Angels, Hong Kong Triads, Latin Kings, law enforcement, occultic gangs, mafia, media, prison gangs, rites, Skinheads, Streetgang, Terrorism, Omnibus Prevention Act, tattoos, trafficking, Wanna-bes, West Side Story, Witness Protection programs and youth gangs.

Fighting the Last War Jeffrey M. Bale, Tamir Bar-On, 2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day; that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism, the radical right, the alt-right, white supremacism, populism, racism etc. has enabled ill-informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents; and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying, harassing, deplatforming, censoring, canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum, who openly criticize and vigorously oppose their agendas. The authors also advocate the use of well-established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations.

The SAGE Encyclopedia of Terrorism, Second Edition Gus

Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

Electronic Tribes Tyrone L. Adams, Stephen A. Smith, 2009-06-03 Whether people want to play games and download music engage in social networking and professional collaboration or view pornography and incite terror the Internet provides myriad opportunities for people who share common interests to find each other The contributors to this book argue that these self selected online groups are best understood as tribes with many of the same ramifications both positive and negative that tribalism has in the non cyber world In Electronic Tribes the authors of sixteen competitively selected essays provide an up to the minute look at the social uses and occasional abuses of online communication in the new media era They explore many current Internet subcultures including MySpace com craftster org massively multiplayer online role playing games MMORPGs such as World of Warcraft music downloading white supremacist and other counterculture groups and Nigerian e mail scams Their research raises compelling questions and some remarkable answers about the real life social consequences of participating in electronic tribes Collectively the contributors to this book capture a profound shift in the way people connect as communities formed by geographical proximity are giving way to communities both online and offline formed around ideas

Fashion, Desire and Anxiety Rebecca Arnold, 2001-03-02 This text argues that fashion and the imagery surrounding it give us a vision of Western culture that is both enticing and alienating flaunting capitalism s euphoric emblems of glamour and success but also representing the underside of modern life In the 1970s photographers like Guy Bourdin and Helmut Newton set models against backdrops of tarnished glamour in the 1990s Alexander McQueen

and John Galliano created decadent femmes fatales whose sexual allure was equally tempting and threatening Rebecca Arnold explores the complex nature of modern fashion attempting to unravel the contradictory emotions of desire and anxiety that it provokes

Racism in Contemporary America Meyer Weinberg, 1996-05-23 Racism in Contemporary America is the largest and most up to date bibliography available on current research on the topic It has been compiled by award winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America's most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines

Globalizing the Streets Michael Flynn, David Brotherton, 2008 Not since the 1960s have the activities of resistance among lower and working class youth caused such anxiety in the international community Yet today the dispossessed are responding to the challenges of globalization and its methods of social control The contributors to this volume examine the struggle for identity and interdependence of these youth their clashes with law enforcement and criminal codes their fight for social political and cultural capital and their efforts to achieve recognition and empowerment Essays adopt the vantage point of those whose struggle for social solidarity self respect and survival in criminalized or marginalized spaces In doing so they contextualize and humanize the seemingly senseless actions of these youths who make visible the class contradictions social exclusion and rituals of psychological humiliation that permeate their everyday lives

America's Secret Jihad Stuart Wexler, 2016-06-14 The conventional narrative concerning religious terrorism inside the United States says that the first salvo occurred in 1993 with the first attack on the World Trade Center in New York City This narrative has motivated more than a decade of wars and re prioritized America's domestic security and law enforcement agenda But the conventional narrative is wrong A different group of jihadists exists within US borders This group has a long but hidden history is outside the purview of public officials and has an agenda as apocalyptic as anything Al Qaeda has to offer Radical sects of Christianity have inspired some of the most grotesque acts of violence in American history the 1963 Birmingham Church bombing that killed four young girls the Mississippi Burning murders of three civil rights workers in 1964 the assassination of Martin Luther King Jr in 1968 the Atlanta Child Murders in the late 1970s and the Oklahoma City Bombing in 1995 America's Secret Jihad uses these crimes to tell a story that has not been told before Expanding upon the author's ground breaking work on the Martin Luther King Jr murder and through the use of extensive documentation never before released interviews and a re interpretation of major events America's Secret Jihad paints a picture of Christian extremism and domestic terrorism as it has never before been

portrayed **White Riot** Stephen Duncombe, Maxwell Tremblay, 2011-07-01 From the Clash to Los Crudos skinheads to afro punks the punk rock movement has been obsessed by race And yet the connections have never been traced in a comprehensive way White Riot is a definitive study of the subject collecting first person writing lyrics letters to zines and analyses of punk history from across the globe This book brings together writing from leading critics such as Greil Marcus and Dick Hebdige personal reflections from punk pioneers such as Jimmy Pursey Darryl Jenifer and Mimi Nguyen and reports on punk scenes from Toronto to Jakarta **Displacing Whiteness** Ruth Frankenberg, 1997-09-22 A collection of anti racist critical essays on the specific localized constructions of whiteness white identities and white privilege edited by the author of the very successful White Women Race Matters U Minn **Youth Cultures in America** Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems **Three Perspectives: Jewish, Christian, and Muslim** Steven H. Propp, 2009-12-30 You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose

Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world Street Culture Gavin Baddeley,2015-06-29 *Street Culture* explores the family tree of youth movements examining the lines that tie Beatniks to Bikers Punks to Emos Goths to Metal Heads Illustrated throughout the book presents a sumptuous visual history of youth culture and the style behaviour and values of the groups who have defined it *Resources in Education* ,1994 **Race and Crime** Katheryn K. Russell-Brown,Judith Jones,Heather Pfeifer,2000-03-30 This annotated bibliography of research citations covers the topic of race and crime in the United States from 1950 1999 This work includes research on all racial groups including whites and American Indians Annotations are divided into categories such as works on individual racial groups and multi racial groups Includes edited collections government reports and electronic resources This bibliography is designed to assist researchers in the area of criminology and criminal justice in race related topics This annotated bibliography offers more than 500 citations to literature on the relationship between race and crime It offers crime research on all racial groups including whites and American Indians Hispanics Blacks and Asian Americans It covers the span from the civil rights era to the end of the 20th century Annotations are derived from various disciplines including criminology sociology anthropology psychology law and history The Bibliography is divided into three parts individual and race related research multi racial research and electronic resources which provide access to all aspects of current data on race and crime **Between the Avant-garde and the Everyday** Timothy Brown,Lorena Anton,2011-07-01 The wave of anti authoritarian political activity associated with the term 1968 can by no means be confined under the rubric of protest understood narrowly in terms of street marches and other reactions to state initiatives Indeed the actions generated in response to 1968 frequently involved attempts to elaborate resistance within the realm of culture generally and in the arts in particular This blurring of the boundary between art and politics was a characteristic development of the political activism of the postwar period This volume brings together a group of essays concerned with the multifaceted link between culture and politics highlighting lesser known case studies and opening new perspectives on the development of anti authoritarian politics in Europe from the 1950s to the fall of Communism and beyond

Skinheads Shaved For Battle A Cultural History Of American Skinheads Book Review: Unveiling the Magic of Language
