Slusser, Jaume Marti-Olivella, 2022-06-08 *The Fantastic Other* is a carefully assembled collection of essays on the increasingly significant question of alterity in modern fantasy the ways in which the understanding and construction of the Other shapes both our art and our imagination The collection takes a unique perspective seeing alterity not merely as a social issue but as a biological one Our fifteen essays cover the problems posed by the Other which after all

Hendrix, 2019-12-10 Despite the growing importance of economics in our lives literary scholars have long been reluctant to consider economic issues as they examine key texts This volume seeks to fill one of these conspicuous gaps in the critical literature by focusing on various connections between science fiction and economics with some attention to related fields such as politics and government Its seventeen contributors include five award winning scholars five science fiction writers and a widely published economist Three topics are covered what noted science fiction writers like Robert A Heinlein Frank Herbert and Kim Stanley Robinson have had to say about our economic and political future how the competitive and ever changing publishing marketplace has affected the growth and development of science fiction from the nineteenth century to today and how the scholars who examine science fiction have themselves been influenced by the economics of academia Although the essays focus primarily on American science fiction the traditions of Russian and Chinese science fiction are also examined A comprehensive bibliography of works related to science fiction and economics will assist other readers and critics who are interested in this subject **Shatterday** Harlan Ellison, 2014-04-01 One of the great American short story writers exposes the darkness of the human heart in these speculative tales of terror and tragedy George R R Martin A five year old boy never ages living as an immortal in a past that no longer exists while the world encroaches upon his innocence in the Hugo and Nebula Award winning *Jeffty Is Five* An alien attack leaves Earth on the brink of Armageddon as humans find themselves unable to resist the sexual allure of their invaders in *How s the Night Life on Cissalda* In the Nebula Award nominated *Shatterday* subsequently adapted into the pilot episode of the second *Twilight Zone* series a man fights for his life against a relentless enemy who knows his darkest secrets his own doppelganger In these and other thought provoking stories legendary author Harlan Ellison dissects the primal fears and inherent frailties common to all people and gives voice to the thoughts and feelings human beings bury deep within their souls Unflinching and unapologetic Ellison depicts men and women in all their ugliness and beauty and humanity in all its fury and glory Stories include *Introduction* *Mortal Dreads* *Jeffty Is Five* *How s the Night Life on Cissalda* *Flop Sweat* *Would You Do it For a Penny* written in collaboration with Haskell Barkin *The Man Who Was Heavily Into Revenge* *Shoppe Keeper* *All the Lies That Are My Life* *Django* *Count the Clock That Tells the Time* *In the Fourth Year of the War* *Alive and Well on a Friendless Voyage* *All the Birds Come Home to Roost* *Opium* *The Other Eye of Polyphemus* *The Executioner of the Malformed Children* and *Shatterday* **The Work of Robert Reginald** Michael Burgess, 1992-01-01 A bibliography of science fiction and fantasy writer editor and publisher Robert Reginald with an introduction by William F Nolan and an Afterword by Jack Dann *An Informal History of the Hugos* Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining *An Informal History of the Hugos* is a book about the
