about many extraordinary events that he survived from the age of three to eighteen while growing up in Nelsonville Like the time he almost drowned in the creek below their home on 969 Pleasant View Avenue Or taking rabies shots when their pet dogs got rabies from a pack of wild dogs that roamed the hills on the other side of the valley Or surviving car wrecks when the cars were totaled and there were no seat belts then He graduated from NHS in 1960 in a class of 56 so you knew everyone and everyone knew you and your business You didn't do anything without the whole town finding out very quickly what happened So when he broke the taillight in his Dad's car Dad knew about it before he got home Or when he drove that same car and took his girl friend all the way to Columbus to the Kahiki Supper Club for dinner one time and ruined his older brother's white sport coat and Tanya's new dress when an orange fountain exploded while they waited in the Kahiki's crowded lobby somehow people knew about the incident by the time they got back to Nelsonville They quickly told a story to their friends first then their parents that some kid sprayed orange soda all over them at the high school dance that evening And the best part of that adventure was that the dinner was free if they didn't take the free dry cleaning offer from the Kahiki That is the way small towns were back then Walt went on to work his way through Ohio University and eventually earned three degrees from there and a Master's Degree from the University of Dayton in 1980 Walt's adventures after finishing High School in 1960 like Ohio University the party school Western Electric in Columbus and the Army and Vietnam are in his next book The Second Eighteen Plus

THE HAPPY YEARS Larry B. Fullen, 2023-08-22 Asheville enjoyed prosperity after the harsh and lean years of the Depression and WWII Predominately low middle income there were no social or economic divisions all were rich in mutual respect and pride of community As youth the homogenic culture and ethnicity of our small town was not recognized The focus was on the Thursday night dances in the park the Fourth of July celebration and winning county sports championships Teachers were neighbors compassionate and dedicated to their profession There was a sense of freedom but is something was wrong or not to expectations parents would

know about it immediately An attitude of optimism prevailed unaware that Ashville like many rural communities was not realizing the growth of the metropolitan and industrial areas and that for the younger generation the future was not likely to be in Ashville Later in life we understood the blessings and meaning of small town values the unique shared experiences and lasting friendships from growing up in Ashville
