Master of the Two Left Feet Richard Meyer,2022-09-13 An account of the life and work of a once famous self taught American artist of the 1940s and a study of how artists go missing from public memory The exhibition Morris Hirshfield Rediscovered at the American Folk Art Museum in New York City curated by the author and developed as an extension of the book is on view from September 22 2022 to January 27 2023 A garment worker and slipper manufacturer with no training in art Morris Hirshfield was never expected to make history Against all odds his wildly stylized paintings of female figures often nude animals and landscapes became internationally known in the 1940s Admired by Pablo Picasso Piet Mondrian and the French surrealists his peak moment of visibility occurred in 1943 when the Museum of Modern Art mounted a one man show of his work The exhibition was widely reviewed though mostly reviled by the press who jeeringly crowned Hirshfield Master of the Two Left Feet for his tendency to display the female body in that unorthodox fashion After the artist s death in 1946 his work was largely forgotten but in Master of the Two Left Feet art historian Richard Meyer rediscovers Hirshfield for twenty first century audiences offering full color reproductions that capture the vibrant imagination and sheer visual pleasure of Hirshfield s paintings The book also features a catalog of works compiled by curator Susan Davidson which provides the most comprehensive documentation of the artist s work ever assembled Ten years in the making Master of the Two Left Feet presents Hirshfield s unlikely career as a painter not only as a missing episode in the history of twentieth century art but as a case study of the ways in which artists go missing from historical knowledge and public memory By looking closely at Hirshfield and his milieu in 1940s Brooklyn Meyer demonstrates how much we have yet to learn and to see of the visual past
