Small Firms And Entrepreneurship In Central And Eastern Europe:

Small Firms and Entrepreneurship in Central and Eastern Europe Oliver Pfirrmann, Günter H. Walter, 2012-12-06 Much of the research on transformation transition in Central and Eastern European Countries CEECs focuses on macroeconomic issues inflation economic growth employment Little research has been devoted so far to microeconomic analysis Recently the issue of new enterprises and firm founders has moved to the centre of economic and policy considerations Readers of this book will learn about the role played by these firms in the transformation of central and eastern European countries The book also includes contributions from Central and Eastern Europe on which little or no investigation has been performed until now Yugoslavia Romania Slovakia *Small Businesses Trickling Up in Central and Eastern Europe* Galen Hull, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

Small Firms and Entrepreneurship Zoltan J. Acs, David B. Audretsch, 1993-03-11 This book analyses the relative importance of small firms in industrial economies It brings together a series of studies spanning a spectrum of selected countries in developed Western nations and Eastern Europe to identify the exact role of small firms and how this role has evolved A striking result which emerges is that a distinct and consistent shift away from large firms and towards small enterprises has occurred within the manufacturing sector of all Western countries while the role of small firms in Eastern European nations has been remarkably restricted and indeed all these countries have experienced a shift away from small firms It is clear from this analysis that a major challenge for political and economic reform in Central and Eastern Europe is to create the strong entrepreneurial sector which exists in the West

Small Firms and Entrepreneurship David B. Audretsch, Zoltan J. Acs, 2011 The present analysis brings together a series of studies across a spectrum of selected countries in developed Western nations and Eastern Europe to identify the exact role of small firms and how that role has evolved during the fifteen years preceding the publication of the book in mid nineties The studies included provide systematic evidence on the following issues first the role of small firms and the extent to which they account for economic activity and how this varies across nations second how the role of small firms varies across sector and industries third whether the firm size distribution has shifted towards or away from small businesses Results emerging from the present studies indicate that a consistent shift away from large firms and towards small businesses has occurred within the manufacturing sector of all Western countries in the time period under discussion In contrast Eastern European countries had experienced a shift away from small enterprises The major challenge for political and economic reform in Central and Eastern Europe that emerges from these analyses is how to create the strong entrepreneurial sector which exists in the West Chapters 2 through 7 focus on the role of small firms in the economies of the United States and Western Europe UK West Germany Netherlands Portugal and Italy Among the findings New business formation in the 1980s in the United Kingdom had led to a significant increase in the number of businesses in the service sectors but not nearly as much increase in manufacturing Small firms in West Germany are not a source of dramatic

job generation The decrease in average firm size for the West German economy as a whole can more or less completely be explained by the change in sectoral composition When the employment measure is used no significant shift in the size of firms in the overall US economy between 1976 and 1986 is noticed However when the sales measure is used a slight trend towards smaller firms can be identified By contrast within the manufacturing sector a pronounced shift away from large firms and towards small businesses had occurred This trend is less apparent when the employment measure is used but much stronger when the sales measure is applied Smaller firms have provided the bulk of employment in the Netherlands and there has been a shift towards an increased importance of smaller scale enterprises In Portuguese manufacturing entry barriers namely economies of scale and product differentiation had a negative impact on small firm intensity and small firms avoided export oriented industries that are characterized by more intense competition In the Italian economy there has been great turbulence among small firms While small firms have persisted since the early 1950s there has been recent growth structural changes in the economy and changes in relationship with large firms Chapters 8 through 10 focus on Czechoslovakia East Germany and Poland respectively The examination of the role of small firms in Czechoslovak manufacturing offers an alternative to the often fallacious description of firm behavior in the command economy as a strict government controlled hierarchical structure through an analysis of Czechoslovak manufacturing firms within the context of the economic strategy based on the returns to scale paradigm The enterprise structure of the past in East Germany has been changing rapidly this study emphasizes which specific preconditions should be promoted in order to facilitate a vital entrepreneurial sector A chapter on the implications of the Polish economic reform for small business adds to the discussion of the development of small business in Poland during the transformation from central planning to a market economy using a sample of small businesses in the area around and including Gdansk The final ch

Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe Friederike Welter, David Smallbone, 2011 This unique Handbook explores the role of government in the development of entrepreneurship in countries where twenty years ago private enterprise was illegal or barely tolerated The expert contributors reveal that government policy is one of the key influences on the external environment in which businesses develop particularly in countries where it has been necessary to redefine the role of the state in relation to business development They outline how government policy can also act as an enabling and or a constraining force with respect to entrepreneurship development particularly in relation to institutional change and the development of a market based economy This Handbook includes up to date information and analysis as to how entrepreneurship policies have evolved in the wider Europe focusing on the challenges that arise in designing and implementing entrepreneurship policy The Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe excellently covers different facets of entrepreneurship policies in Central and Eastern Europe and will prove invaluable for academics students and researchers of entrepreneurship and small business as well as policy studies Policy

makers will also find plenty of key insights and relevant information in this important resource Small Businesses

Trickling Up in Central and Eastern Europe Galen Spencer Hull, 2013-01-11 First published in 1999 Small businesses now constitute the most dynamic element of growth in the emerging markets of the Central and Eastern European region This book argues that the small and medium sized enterprise SME sector has contributed more to the growth of these countries in transition than have privatized state enterprises and the public sector In 1989 most of the countries of Eastern and Central Europe were still under an economic system dominated by state owned enterprises Since then a process of liberalization has been unleashed to promote free market policies This has involved programs of privatization and restructuring of public enterprises as well as the promotion of policies to enable a private sector to develop Small businesses are creating thousands of new jobs while large companies are retrenching and downsizing their work force In some countries of the region this process is much further along than in others However the SME sector has developed at a more rapid pace than has the privatization of the large public companies There has been a flurry of new enterprises springing up throughout the region which are trickling up in a frequently hostile environment against tremendous odds and yet managing to have a pronounced impact on their respective economies Small businesses have taken over in sectors that used to be dominated by big enterprises primarily in services and consumer products They have provided a crucial outlet for pent up entrepreneurial talent that had remained dormant during the long period of state domination This work urges legislators policy makers and development agencies alike to take account of the importance of the SME s in their legislation and planning Given a more favorable environment these small businesses will provide even greater impetus for economic growth Equally important is for entrepreneurs themselves to be convinced of the rightness of their path in societies that have traditionally looked down upon profit seekers as unscrupulous and selfish If the CEE region is to achieve its full potential of economic growth policies and support mechanisms to promote the SME sector will be needed to assure a favorable environment Youth

Entrepreneurship and Local Development in Central and Eastern Europe Bruno Dallago, 2017-11-30 This book analyses the opportunities and barriers for youth entrepreneurship amid systemic change in Central and Eastern Europe The authors cover different aspects of youth entrepreneurship and its contribution to the debate on youth unemployment in transition economies The book discusses the wide spread over optimism regarding youth entrepreneurship self employment and its impact on economic innovation and job creation resulting from a disregard of critical contextual features and the characteristics of young entrepreneurs themselves The authors give due acknowledgment of the importance of both factors and so fully understand the impediments to youth entrepreneurship especially in a transition context Furthermore they seek to assess the opportunities and constraints of promotion policies in transition economies Most importantly the book provides the first empirical contribution to youth entrepreneurship in Central and Eastern Europe by offering a representative number of case studies The book will be invaluable reading for scholars and students of transition and developing countries

particularly those with an interest in entrepreneurship *Entrepreneurship in Central and Eastern Europe* Tõnis Mets, Arnis Sauka, Danica Purg, 2018-03-14 The process of the transition to a market oriented economy for countries from Central and Eastern Europe CEE and the Commonwealth of Independent States CIS started some 25 years ago A new technology base triggered the fast growth of new investments into intangible assets by global economic leaders at the beginning of the 1990s providing the basis for a move towards a knowledge economy During the past 25 years entrepreneurs in CEE and the CIS have reshaped traditional industries and created new industries combining innovative ideas with traditional competencies Yet we still do not know very much about how and why companies led by entrepreneurs develop how they expand globally and what the role of new knowledge and innovation is in the internationalization process Understanding the pathways of entrepreneurial development especially growth through internationalization is important for the overall development of countries in transition and beyond *Entrepreneurship in Central and Eastern Europe Development through*

Internationalization provides an overview of entrepreneurship in a range of important emerging markets This book aims to fill the gap in the literature by providing up to date data and case based evidence With coverage of a range of national firms from countries including Belarus Estonia Hungary Poland Latvia Lithuania Serbia Slovakia Slovenia and Ukraine this book will be vital supplementary reading around international entrepreneurship and essential reading for those studying the business environment in this vital emerging market

Resource Guide to Doing Business in Central and Eastern Europe ,1991 **Small Firms in Tourism** Rhodri Thomas, 2013-06-17 This book provides a varied collection of recent research relating to small businesses in tourism In doing so it reflects the eclecticism of interest and method associated with this under researched and under theorised area of investigation Topics range from the potential contribution of small firms to achieving social or economic goals to understanding more about business performance and growth As is common in tourism research disciplinary boundaries are routinely transgressed in the interests of gaining greater illumination Insights from a variety of countries are offered sometimes as a result of trans national collaboration initiated specifically for this book

International Business Teaching in Eastern and Central European Countries Erdener Kaynak, George Tesar, 2018-10-24 Find out which business teaching techniques work and which don't for Central and Eastern European students From editor George Tesar Educational opportunities in Central and Eastern Europe have changed dramatically over the last twelve years The restructuring of undergraduate and graduate programs has required a systematic rethinking of programs courses and teaching methods Postgraduate education particularly professional education and especially management education has evolved as one of the most important elements impacting the political social and economic changes in that part of the world With this essential book you'll explore the latest international business and management concepts that are being taught to potential managers and executives in Eastern and Central Europe Edited by an internationally recognized expert in business management and education *International Business Teaching in Eastern and*

Central European Countries examines the way the economic structures of nations in transition impact the management curriculum and looks at ways to stimulate economic development in transition economies This thoughtfully indexed well referenced book also illuminates the learning process for business students in that region suggests ways to help Eastern and Central European students get the most from case studies and business game simulations explores ways to use collaborative learning instruments when teaching entrepreneurship shows how to use networking as a vital part of increasing the management knowledge of a community or nation examines how existing companies can be used as business laboratories for teaching discusses the roles of free market processes and government intervention in transition economies **Business**

America ,1998 **The Changing Nature of Doing Business in Transition Economies** M. Marinov,S.

Marinova,2011-09-13 Staying at the pinnacle of the advancing business development of transition economies and the impact of changing business conditions is a challenging task for all firms wanting to do business in them This book provides insight into the way in which businesses function with a comprehensive overview of the major aspects involved **Handbook of**

Research on European Business and Entrepreneurship Leo Paul Dana,2008 This book is an important contribution to the field of international entrepreneurship it provides a comprehensive account of internationalization strategies adopted by SMEs in a wide range of European countries and by drawing on a number of empirical studies it enriches the theory of SME internationalization with a new theoretical framework that can be useful for understanding the complexity of SME

internationalization processes in Europe Julia Korosteleva Thunderbird International Business Review From Andorra to Wales with stops in more than 35 other European countries along the way this comprehensive collection of articles is required reading for scholars interested in international entrepreneurship It provides information on how entrepreneurs and their firms go international from virtually every country in Europe This unique volume permits researchers to compare how the process of entrepreneurial internationalization is affected by differences in culture location technology and other influences within Europe Furthermore the various authors consider a range of theoretically important issues such as cooperation and trust venture capital research and development learning networks and government policy This book serves as an essential departure point from which scholars can embark on their study of international entrepreneurship in Europe Benjamin M Oviatt Georgia State University US This is a timely and interesting book that brings together some of the most insightful contributions on the internationalization of new ventures with an emphasis on the European experiences Assembling some of the best scholars the book offers a distinctively European perspective one that deserves recognition analysis and discussion I applaud the editors for doing such a masterful job in bringing a great group of researchers and ideas together I highly recommend this book for any serious researcher and scholar Shaker A Zahra University of Minnesota US This remarkable book provides valuable contributions on how the process of SMEs internationalization is operating in 37 different European countries Researchers in international entrepreneurship will find new materials for theorization Numerous facets of

international business are carefully documented by a great many well known scholars Also given the variety of situations typical of the European small business sector the book may prove to be helpful to small scale entrepreneurs wishing to take steps towards internationalization Overall this coordinate work makes you realize why Europe is so fascinating Jean Jacques Obrecht University Robert Schuman Strasbourg France This unique comparative study of the internationalization of small firms is a milestone in international business research It compares the internationalization strategies of fast growing firms across nearly forty different European countries It shows that the growth trajectories of firms reflect the investing country s geographical location natural resource endowments legal and financial institutions and local culture There are many important new insights to be gained from a careful study of this important new research resource Mark Casson University of Reading UK This unique Handbook illustrates how entrepreneurs across Europe tackle internationalization This timely and important book identifies patterns and builds a theory of international entrepreneurship in Europe The contributors discuss the performances of SMEs on the road to internationalization Each chapter emphasizes how the process of internationalization of SMEs operates the challenges and opportunities that arise due to each country s specific political and economic situation and their subsequent internationalization performance These processes challenges and performances can be understood through theories of international business and entrepreneurship Although at times these theories cannot fully

Restructuring Eastern Europe Soumitra Sharma,1997-01-01 Special attention is paid to the roles of corporate governance technological integration the role of environmental and regional policies and the reform of the banking system

Strategic Management in Central and Eastern Europe Peter J. Geib,Lucie Pfaff,2000 This informative book explores several business topics that are directly related to transition economies with a focus on issues relating to macroeconomics and the cultural environment of international business Written for international business professionals Strategic Management in Central and Eastern Europe examines finance strategies human resources entrepreneurship marketing and how business ethics differ between nations Containing thorough and extensive research this valuable book will help you understand transition economies conduct better business with them and assist these countries in establishing profitable businesses

Tourism in the New Europe Rhodri Thomas,Marcjanna Augustyn,2007-01-18 The book represents a state of the art review of key research on small firms in tourism in relation to European integration It is therefore an essential resource for those engaged in research relating to tourism SMEs in transitional economies throughout the world In addition it is an essential purchase for the increasing number of students studying modules on small businesses as part of their final year undergraduate and postgraduate degree programmes One of the key features of this book is its clear focus on breaking new ground by reporting recent research and theorising on small firms in tourism In many cases the analysis provided by contributors will carefully relate small business behaviour to issues of wider concern to tourism academics and policy makers It is also distinctive for its overt emphasis on contrasting European experiences These characteristics contrast with the

existing literature on small firms in tourism and hospitality particularly in Europe Previous literature achieved their aims by providing valuable syntheses of existing literature Now that such taking of stock has been undertaken there is a demand for more overtly research based texts that are nevertheless accessible to a wide audience This book does exactly that

Entrepreneurship and Small Business Development in Post-Socialist Economies David Smallbone, Friederike Welter, 2008-07-25 Pt 1 Setting the scene pt 2 Entrepreneurship and small business development in former Soviet republics pt 3 Entrepreneurship and small business development in Central and Eastern Europe pt 4 The way forward *Managerial Relationships and SMEs Internationalization* Elena-Mădălina Vătămănescu, Andreea Mitan, 2023-09-22 As the backbone of the economy small and medium sized enterprises SMEs are key players in the dynamics of local regional and global markets and are often obliged to provide timely responses to the increasingly fierce cross border competition However SMEs internationalisation has temporarily been subject to a wait and see policy under the numerous uncertainties and global systemic disruptions Despite the new normal brought about by the COVID 19 pandemic recent studies show that the future still holds the potential to avail business performance opportunities to SMEs and the hopes of managers for the years to come are reasonably high Adopting a relationship centric perspective the book proposes a deeper analysis of the role of managerial relationship building and development and SMEs internationalization In the networked economy relationships are the invisible threads of the highly interconnected world Either we call them connections ties bonds or links they are present everywhere marking the very essence of our lives therefore claiming for wide consideration Giving way to a stepwise screening of relationships and SMEs internationalization the book is simultaneously addressed to scholars from different fields of study i e international management international business international relationship marketing etc and worldwide decision makers i e entrepreneurs and managers interested in conducting smart business abroad **Small Firms and Economic Development in Developed and Transition Economies** David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research

Small Firms And Entrepreneurship In Central And Eastern Europe Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Small Firms And Entrepreneurship In Central And Eastern Europe PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Small Firms And Entrepreneurship In Central And Eastern Europe PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Small Firms And Entrepreneurship In Central And Eastern Europe free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Small Firms And Entrepreneurship In Central And Eastern Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
