**Worshipping Small Gods** Richard Parks, 2020-07-01 Worshipping Small Gods is the follow up to Richard Parks World Fantasy Award finalist debut collection *The Ogre's Wife* containing fourteen stories three of which are original to this volume and all created with the same philosophy follow where the story leads and face whatever comes These destinations range from comic zen parables as in the title story *Worshipping Small Gods* to the darkest depths of the human heart as in *Voices in an Empty Room* Whether dark fantasy comedy near future sf or wry contemporary fantasy these stories all share that same insight and honesty

**Books of the Small Gods Vol. 1** Bruce Blake, 2022-05-20 Teryk hated the boredom of being prince sheltered and protected from the outside world He yearned for action and adventure like the heroes of yore like his father the king When he stumbled on an ancient scroll inscribed with a prophecy he got everything he craved and so much more than he bargained for The scroll speaks of non sensical things a barren mother Small Gods a Man From Across the Sea all things that can't exist or only do so in children's stories All of it means nothing to the prince except one thing the Firstborn Child of the Rightful King is prophesied to save them kingdom He is King Errol's first born child He sees this as his opportunity to show the king he is worthy to be his heir to prove his worth to a father who never cared Bolstered by the words written on the parchment Teryk sets out to fulfil his destiny never expecting his deeds are the catalyst to set the prophecy in motion An ancient evil that has waited a thousand years for revenge awakens summoning its followers to hasten its return Only the unwitting prince stands between them and the end of the world

**In Search of Small Gods** Jim Harrison, 2012-12-28 Harrison one of America's most celebrated writers is considered a renegade genius for his poetry

**The Twilight Fades (The Fifth Book of the Small Gods)** Bruce Blake, 1900 The Evenstar has ridden a ball of fire from the sky Inevitable is the harbinger of the Small Gods return and a reminder of the destruction inevitable in their wake Who can yet save mankind The man from across the sea on whose ankle is locked a cuff with no key can't even remember his name The seed of life is lost The barren mother faithless The living statue victorious One thoughtless action is all it takes to set in motion the final pieces of the prophecy One selfish decision to bring about the kingdom's end With the last of the prophecy's protectors beaten who will stand against the gods Is this really the end of man

**And Night Descends (The Third Book of the Small Gods)** Bruce Blake, When days of peace approach their end Without knowing the consequences the royal siblings unwittingly put into motion an ancient plot destined to bring the return of the banished Small Gods When Danya spoke the words on the long forgotten scroll the countdown began And wounds inflicted are too deep to mend A mysterious

healer brought Teryk back from the brink of death but at what cost Could he still be the firstborn of the rightful king meant to prevent the fall of man A Barren Mother Rescued from a place she never imagined herself in she still struggles to find her way without sight without help But worst of all without faith The Seed of Life Hidden in a pouch at the princess hip it speaks to her But if she doesn't understand what it says how can she fulfill her part of destiny Living statue The ominous golem has found that for which it searched The first ingredient for the return of Those Who Watch From the Sky is nearly complete and man's time is drawing to its end One must die to raise them all The Evenstar's patience grows thin for soon the stars will fall and then night will descend Then he will rule again

**And Kingdoms End (The Sixth Book of the Small Gods)** Bruce Blake, Evil courses through the land seeking to choke the roots sprouting from the Seed of Life and destroy humanity's last shred of hope The Evenstar has returned and with him comes the rise of the Small Gods When armies amass at Ikkundana the City of the Sick prepares for the final battle But where is the firstborn child of the rightful king the one prophesied to save humankind Who will save the kingdom A sailor A child A once great warrior now a shadow of himself None can stand against the invincible statue nor hope to turn the tide of a war waged against the gods

**Small Gods** Terry Pratchett, 2016-07-28 Just because you can't explain it doesn't mean it's a miracle In the beginning was the Word And the Word was Hey you This is the Discworld after all and religion is a controversial business Everyone has their own opinion and indeed their own gods of every shape and size and all elbowing for space at the top In such a competitive environment it's certainly not helpful to be reduced to appearing in the form of a tortoise a manifestation far below god-like status in anyone's book In such instances you need an acolyte and fast for the Great God Om Brutha the novice is the Chosen One or at least the only One available He wants peace and justice and brotherly love He also wants the Inquisition to stop torturing him now please Now adapted into graphic novel form with new artwork by Ray Friesen

**When Ravens Call (The Fourth Book of the Small Gods)** Bruce Blake, 1900 Blood has been spilled on the altar of the Evenstar As the prophecy forewarns the return of the banished is nigh The forgotten scroll spoke of unbelievable things A man from across the sea a barren mother a living statue and the return of the Small Gods Unbelievable and yet the pieces for the second coming of the Small Gods are drawn together by fate's hand destined to bring evil back to the world Those who would stop them are spread far and wide without hope of coming together leaving them no chance of fulfilling their destinies Captured threatened fleeing the sister the firstborn the Mother can all only pray to escape with their lives If they die what hope is there for a kingdom

The Gods of Christianity Brian Dennis,2020-02-18 The fact that surprisingly few Christians actually know and experience the mighty God we preach about teach about and sing about is evidenced by the abundance of doubt worry and fear that permeate our lives It is evidenced by the lack of faith and power exemplified in our Churches It is evidenced by the ordinary lives we live while claiming to be children of the most high God The resulting inconsistencies between the things we boldly profess and the things we commonly practice have unfortunately become accepted as normal Christian behavior We no longer expect anything more not from our own lives not from the Church not even from God Himself This lack of expectancy this lack of faith in the faithfulness of God clearly indicates a distinct difference between the God we preach and the God we have personally come to know It reveals that we do not know the very God we proclaim We do not know the God of the Bible for if we knew Him the Church would indeed be an eminent light shining in the darkness a city set on a hill an indelible force against which the powers of this present evil world could not prevail The God we do know however the God with whom so many Christians have become familiar unfortunately allows us to live comfortably in the weakness of our complacency and

blatant disbelief We live far below the high calling that Christ has placed upon His Church We walk in ways that deny the very power and authority that belong to the children of God We do not live by faith Sadly we have learned to live in such a way as to where there is no distinguishable difference between the lives of those who claim to know Christ and the lives of those who do not no distinguishable difference between the Church and the world The good news is that the truth remains The God of the Bible is still there He can do no other than prove Himself faithful to those who hunger and thirst after righteousness to those who hear His voice and obey Yes to those who would yet have a heart to know Him He is there to be known We must first however lay aside all notions of the small God we have come to know and we must dare to see Him as He is if we are to rise above the routine of cultural Christianity and walk in the truth of knowing Christ May Your God Go With You David B. Reynolds,2019-11-05 And may your god go with you the audience replied in unison to a blessing from the Rev Jeremiah Brown With that last comment Russell Richman had his view of reality twisted tilted twirled and transformed into a tiny flaming ball before being drop kicked screaming into a toilet and flushed

**God and His Coexistent Relations to the Universe:** George D. Shollenberger,2014-01-30 In the book God and His Coexistent Relations to the Universe the author is rejecting the universe that Judaism Christianity Islam Isaac Newton and Albert Einstein have accepted for a long period To replace this old universe an improved universe appeared from the thoughts of Confucius Anaxagoras Plato and Jesus who taught the death of our sun in Ch 24 of Matthew Unfortunately this teaching by Jesus was quieted for fifteen centuries by Irenaeus until Copernicus stood up and said that earth is not the center of the universe So an improved universe was becoming very interesting to many scientists This improved universe of Copernicus would expand when Kepler found that our sun has a system of eight precise planets Slowly the improved universe would become very clear when Leibniz found the immortal human souls and when Galileo found the bodies are made by these immortal souls In 1766 Ben Franklin went to Germany in order to learn the immortal souls of Leibniz In the next ten years Americans would separate America from England which still accepts the old universe After this separation more discoveries would come to the USA from German and Chinese thoughts For example Riemann would tell the world that the relationships of bodies in the universe can be determined only by our senses and measurements With Riemanns statement the author concluded that God is always active The author also found that God and the bodies in the universe come together with co existent concepts With these advances the author rejects the old universe and says that the people of many nations will form a new religion under an active God
