**Smoke Ring** Peter Taylor,1984      *The Smoke Ring: Tobacco, Money, and Multinational Politics* Peter Taylor,1976

**The Smoke Ring** Maxine Alexander,Christina Davis,Bob Hall,Marc Miller,Joe Pfister,Dee-Dee Risher,Linda Rocawich,Michael Yellin,1984      **The Mother and Narrative Politics in Modern China** Sally Taylor Lieberman,1998 A modernist icon an object of forbidden desire a symbol of loss and suffering and an incorrigible survivor the mother takes all of these forms in Chinese literature from the 1920s and 1930s In an innovative analysis Sally Taylor Lieberman explores the meanings the maternal figure acquired at a particular place and time and then engages those meanings in a feminist rereading of the master narratives of modern Chinese intellectual and literary history Drawing on feminist literary criticism and the theories of Julia Kristeva Melanie Klein and Sigmund Freud Lieberman breaks traditional analytical boundaries as she explores the place of the mother in the ideological struggles through which the modern Chinese canon attained its present shape      *The Politics of Drug Control* M. Bentham,1998-10-05 The Global Politics of Drug Control sets the drug problem into a theoretical framework which aids understanding of the phenomenon by focusing on changing international values and norms In the early literature on drug use drugs were considered primarily as a social problem and the focus was on seeking a national policy However in the 80s the problem was increasing requiring international cooperation and action bringing the concerned to the arena of international relations scholars The book focuses on changing values and norms in the international community that allow the discipline of international relations to add something new to the current debate on the subject This book should appeal to all those interested in the current discussions on the drug phenomenon as well as to students and academics in the area of international relations and related disciplines      *The Politics of Despair* Tracy Campbell,2014-07-11 Shortly after 1900 tens of thousands of tobacco growers throughout Kentucky and Tennessee convulsed the region for nearly a decade in a revolt against the monopolistic practices of the American Tobacco Company Though the revolt known as the Tobacco Wars remains one of the more remarkable insurgencies of rural America it is also one of the more misunderstood In this first major account of the uprising in over half a century Tracy Campbell tells the story of these embattled farmers and casts a provocative new light on the issues that fueled the Tobacco Wars When tobacco prices fell below the cost of production in the early 1900s farmers in western Kentucky and Tennessee faced with desperate economic circumstances formed cooperatives through which they could pool their crops and withhold tobacco from the market until a satisfactory price was offered Campbell recounts the organizational underpinnings of the notorious Black Patch War and the forces that drove farmers to seek violent solutions to their economic ills Campbell then expands the story to the burley region where a simultaneous movement was under way In 1908 over thirty thousand burley growers undertook the only successful large scale agricultural strike in American history Campbell brings this drama to life and describes the emotional day when the farmers achieved their unprecedented victory over the powerful Tobacco Trust The Tobacco Wars

represented one of the last desperate gasps from the countryside before the onset of agribusiness drove millions of farmers and their families away for good The Politics of Despair thus stands as a unique reminder of a tradition of protest that has perhaps been irretrievably lost This book will interest not only rural and labor historians and students of the American South but anyone concerned with the profound issues surrounding the decline of rural America [Gunsight Politics](#) Paul Michael Sturman,2011-11-18 This is a fictionalized version of an event that changed the world It asks the question what if the truth was not told about that violent and tragic day in 1963 Within its pages lies a second story of murder intrigue and mystery that takes you on a ride to meet unforgettable characters both good and evil who lived their lives in a savage era Step back in history then to the violent days of the 1960s **The Moralization of the Markets** Christoph Henning,2017-07-12 Nothing affects the modern economy and society more than decisions made in the market place especially but not only decisions made by consumers Although it is not startling to suggest that decisions made in production are affected by choices consumers make consumers have long been viewed not only by academic economists as individual isolated rational actors that make or refrain from purchases purely on the basis of narrow financial considerations Markets are not and never were morally neutral Market relations have always had an often taken for granted moral underpinning The moralization of the markets refers to the dissolution and replacement of the conventional moral underpinnings of market conduct for example in the music market financial markets and corporate governance It further implies not only the heightened importance of new ethical precepts but the significant change in the role of moral ideals in market behavior These profound transformations of economic conduct are accompanied and co determined by societal conflicts The moralization of markets represents thus a new stage in the social evolution of markets The book is divided into four parts in which the twelve chapters written by contributors from different social science disciplines deal with the context of the moralization of the markets the major social institutions and present case studies that examine European and American attitudes and behavior towards tobacco and GMO expansion of the private and ethics in business and how workers respond to the new corporate norms This volume will be of interest to sociologists economists social scientists and the general consumer alike [Understanding Global News](#) Jaap van Ginneken,1998-01-23 A lively and critical introduction to the news media this book has been written specifically for media students and trainee journalists Understanding Global News invites the reader to explore contemporary journalistic practice and questions the assumption that the media provide a mere window on the world Challenging the often unquestioned notions of media objectivity the author turns the classic questions Who What When and Why onto the news media By employing a range of theoretical perspectives and a large variety of examples the author demonstrates the way in which our perceptions of the world are constructed by the news media [Marketing Madness](#) Michael Jacobson,2019-03-11 In 1983 Reese s Pieces made their debut on the silver screen gobbled up by that lovable alien ET and sales of the candy shot up instantly by 66 percent Reebok has sponsored the U S Olympic team and the Russian team as well The British Boy Scouts sell

space on their merit badges to advertisers Michael Jacobson founder of the Washington D C The Politics of Upheaval Arthur M. Schlesinger,2003-07-09 In the third volume of his series on Franklin Roosevelt the Pulitzer Prize winning historian focuses on the turbulent final years of FDR s first term A measure of economic recovery revived political conflict and emboldened Roosevelt s critics to denounce that man in the White house To his left were demagogues Huey Long Father Coughlin and Dr Townsend To his right were the champions of the old order ex president Herbert Hoover the American Liberty League and the august Supreme Court For a time the New Deal seemed to lose its momentum But in 1935 FDR rallied and produced a legislative record even more impressive than the Hundred Days of 1933 a set of statutes that transformed the social and economic landscape of American life In 1936 FDR coasted to reelection on a landslide Schlesinger has his usual touch with colorful personalities and draws a warmly sympathetic portrait of Alf M Landon the Republican candidate of 1936 One of the most important historical enterprises of our time Saturday Review Vividly portrays the concluding years of Roosevelt s first term and the sweep and excitement of an era more historically dramatic than most Time

**The London Review of Politics, Society, Literature, Art, & Science ,1865      Psychology and Social Issues** Raymond Cochrane,Douglas Carroll,1991 Addresses topical social issues from a psychological perspective for example unemployment child abuse and AIDS Each contribution is self contained does not presume previous knowledge of the topic and is suitable for students to use as the basis for a tutorial discussion *Elite Deviance* David Simon,2018-02-05 Tracing the causes of elite deviance to the structure of U S power and wealth this book introduces students to theories of elite deviance and covers both criminal and non criminal elite acts that cause significant harm This considerably updated 11th edition enriches its coverage of both historical and contemporary elite deviance Updates include New and expanded discussions on history property and historical critique from Revolutionary America onward New analysis on Donald Trump his cabinet members of the political elite his relationship with the EPA and his business connections Investigation into Caribbean and European tax havens An extended review on elite deviance and increasing inequalities Very current information and examples of scandals in international conflicts The section on changing media patterns *Second Thoughts on Capitalism and the State* Leslie Sklair,2022-05-02 This collection of essays highlights the need for sociological and political analysis of actual alternatives to capitalism and the existing system of so called nation states It challenges the conventional idea that capitalism can be successfully reformed to meet the needs of most people in the world confronting it with the existential threats posed by the perfect storm of climate change and the Anthropocene hyper urbanization and the Coronavirus pandemic Written over a period of 50 years it charts the ways in which capitalism and socialism have evolved as global systems their successes and failures to the point that it is easier to imagine the end of the world than the end of capitalism It offers ways forward community by community Management of Health Risks from Environment and Food Hajime Sato,2009-10-30 This book examines the policy and politics of two health risks which have recently become

prominent social issues in many countries One is the issue of asbestos as an environmental risk to humans and another is that of bovine spongiform encephalitis BSE or mad cow disease as an animal disease and of its variant Creutzfeldt Jakob disease CJD as a human food risk Employing a set of analytical frameworks in political science each case study explores how the issues emerged agendas got set alternatives were chosen and policies were implemented Through the analysis it is examined how safety and public reassurance were pursued in the countries studied Japan the UK France the USA and Korea Exploration of the successes and failures in their efforts discloses the key elements to successful health risk management

**Global Tobacco Control** P. Cairney,D. Studlar,H. Mamudu,2011-12-02 The first major book by political scientists explaining global tobacco control policy It identifies a history of minimal tobacco control then charts the extent to which governments have regulated tobacco in the modern era It identifies major policy change from the post war period and uses theories of public policy to help explain the change

**Great Policy Successes** Paul 't Hart,Mallory E. Compton,2019 Despite their many failings and the perennial political controversies that surround them governments sometimes get it right in a big way We can learn much from examining when and how this occurs This book tells the story of 15 instances of highly successful government reforms programmes and projects from around the world

British Politics and the Policy Process A. G. Jordan,J. J. Richardson,2024-12-06 In British Politics and the Policy Process originally published in 1987 Grant Jordan and Jeremy Richardson provide an introduction to the workings of British political process and a guide to the ways in which it can be studied They show how political decisions are taken and policies are adopted inside Parliament in the political parties and in cabinet and how they are mediated and influenced by for example the civil service and pressure groups In doing so they draw widely on case study material and systematically utilize the memoir material of ex Ministers and civil servants to give a realistic feel for policy making at the centre of British politics This book is however interpretative as well as descriptive The authors argue that Parliament is usually marginal to political decision making and powerfully reject the thesis of adversary politics which holds that British politics undergoes major change when there is a switch in party control of Government This then is a textbook that will serve as an ideal introduction to students of British government and comparative politics but which is also a stimulating and original contribution to current debates in political science
