Murphy is tasked with investigating the murder of an old friend, but in a world where nothing is as it seems, any misstep could be fatal. This gritty, hard-hitting tale delivers not only an intriguing mystery and plenty of action, but also a thought-provoking look at what it means to be human.

Irene S. Proofreader, Red Adept Editing: Francis Murphy faces a monumental task: solving the murder of the most important person on Earth. A battle-scarred veteran of the Cyborg Wars, Murph is credited with saving humanity. Now he must do so again by preserving the deceased's legacy of enabling humans to flee the lethally polluted planet. But he can't trust anyone: not his high-society wife, his android girlfriend, or even his colleagues in the security division of the biggest company in the world. Murph will need all of his human ingenuity to avenge the most impactful assassination in history.

Kim H. Copy Editor, Red Adept Editing: What others have said about J.T. Hume's writing: "I was hooked on the first of this series; now I have been reeled in. Could not put this one down. This author is really hitting his stride. This is one of the best books I've read in awhile. Well-developed characters that I came to care about.
