stunning folktale about the Nativity set on a chilly night in Bethlehem. Wake up, wake up, birds croak. Raven, one December night, a child is born. Each bird longs to bring a gift to the newborn baby in the manger. Nightingale sings a sweet song. Rooster caws a special call. Stork plucks her feathers to make a pillow. I have nothing to give, thinks little Robin. But as the night grows colder, the fire keeping the stable warm burns lower and lower. Maybe even a tiny bird has her own way to show her love for the newborn Prince of Peace. Illustrated in lush blues and golds, *The Birds of Christmas* invites children to join the flock gathering around the manger. This beautiful book is an unforgettable reminder of the wonder of Christmas and the priceless gift of compassion. *The Birds' Christmas Carol* Kate Douglas Smith Wiggin, 2017-06-28. A LITTLE SNOW BIRD. It was very early Christmas morning and in the stillness of the dawn with the soft

snow falling on the house tops, a little child was born in the Bird household. They had intended to name the baby Lucy if it

were a girl but they had not expected her on Christmas morning and a real Christmas baby was not to be lightly named the whole family agreed in that They were consulting about it in the nursery Mr Bird said that he had assisted in naming the three boys and that he should leave this matter entirely to Mrs Bird Donald wanted the child called Dorothy after a pretty curly haired girl who sat next him in school Paul choose Luella for Luella was the nurse who had been with him during his whole babyhood up to the time of his first trousers and the name suggested all sorts of comfortable things Uncle Jack said that the first girl should always be named for her mother no matter how hideous the name happened to be Grandma said that she would prefer not to take any part in the discussion and everybody suddenly remembered that Mrs Bird had thought of naming the baby Lucy for Grandma herself and while it would be indelicate for her to favor that name it would be against human nature for her to suggest any other under the circumstances Hugh the hitherto baby if that is a possible term sat in one corner and said nothing but felt in some mysterious way that his nose was out of joint for there was a newer baby now a possibility he had never taken into consideration and the first girl too a still higher development of treason which made him actually green with jealousy But it was too profound a subject to be settled then and there on the spot besides Mamma had not been asked and everybody felt it rather absurd after all to forestall a decree that was certain to be absolutely wise just and perfect The reason that the subject had been brought up at all so early in the day lay in the fact that Mrs Bird never allowed her babies to go over night unnamed She was a person of so great decision of character that she would have blushed at such a thing she said that to let blessed babies go dangling and dawdling about without names for months and months was enough to ruin them for life She also said that if one could not make up one s mind in twenty four hours it was a sign that But I will not repeat the rest as it might prejudice you against the most charming woman in the world So Donald took his new velocipede and went out to ride up and down the stone pavement and notch the shins of innocent people as they passed by while Paul spun his musical top on the front steps But Hugh refused to leave the scene of action He seated himself on the top stair in the hall banged his head against the railing a few times just by way of uncorking the vials of his wrath and then subsided into gloomy silence waiting to declare war if more first girl babies were thrust upon a family already surfeited with that unnecessary article

Dramatic Version In the present arrangement the birth of Carol is depicted in a sort of fairy prologue in which the welcome gift of the Christmas baby to the Bird household is shown in a series of pictures As to the death of the Christmas child twelve years later it is touched upon very lightly in the original story and retired still farther into the back ground in this dramatic version An imaginary Doctor Bob has been introduced one of a long line of physicians who have tried to deliver the child from the burden of her weakness and her crutch and the last scene of the play suggests to the audience none but healing thoughts The Angel of the Prologue comes softly to Carol in her happy sleep lifts the crutch and vanishes with a smile The curtain goes down on a peaceful picture the merry chatter of the Ruggles children on their homeward way mingling with the Christmas music that drifts into the big house from the church next door About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the
