The Blood Running Cold:

The Blood Runs Cold Catherine Maiorisi, 2019-02-01 Still battling each other and the blue wall NYPD Detectives Chiara Corelli and P J Parker catch a new murder case The victim a gay man is posed with a rosary in his hands the smell of incense in the air and Gregorian chants playing in the background While Corelli and Parker search for leads Kate Burke the lesbian Speaker of the City Council asks for an update on the investigation Thinking Burke is playing politics Corelli ignores the request In the meantime two more bodies are found both laid out in the same way Pressured by the chief Corelli goes to Kate's office where a photograph of the speaker with a group of friends catches her eye Corelli recognizes the three victims and to her horror three others Suddenly the case becomes personal Fearing a serial killer is picking off the people in the photograph fearing the next victim will be someone she loves Corelli races to find the murderer before he kills again

Their Blood Runs Cold Whit Gibbons, 2013-05-22 Their Blood Runs Cold is entertaining informative reading that not only enhances our understanding of a unique group of animals but also provides genuine insight into the mind and character of a research scientist Whit Gibbons possesses the rare talent of conveying the challenge and excitement of scientific inquiry A research ecologist who specializes in the study of reptiles and amphibians he gives accounts of work in the field that are as readable as good short stories From the dangers of being chased by an angry rattlesnake to the exhilaration of discovering a previously undescribed species Gibbons brings to life the everyday experiences of the herpetologist as he chases down lizards turtles snakes alligators salamanders and frogs in their natural habitats With essays like Turtles May Be Slow but They're 200 Million Years Ahead of Us and How to Catch an Alligator in One Uneasy Lesson Their Blood Runs Cold both entertains and informs The thirtieth anniversary edition of Their Blood Runs Cold features a new prologue and epilogue additions that address changes in the taxonomy and study of reptiles and amphibians that have occurred since the publication of the original edition and offer suggestions for further reading that highlight the explosion of interest in the topic
