writer in many other genres including contemporary novels history politics and social commentary even writing textbooks and rules for war games Wells is one person sometimes called The Father of Science Fiction as are Jules Verne and Hugo Gernsback His most notable science fiction works include The War of the Worlds The Time Machine The Invisible Man and The Island of Doctor Moreau The Yellow Butterfly & Other Stories Ashley Capes,2017-12-20 Leap into worlds like and unlike our own a creepy restaurant stalks its customers steampunk slaves find a new home in the Australian desert storybook characters come alive to make deals with the Roman God of Sleep and in the future a synthetic society suffers dark consequences of endless augmentation all these stories and more lurk within A collection of short fiction featuring steampunk cyberpunk fantasy and even a little horror The Weight of the Sun and Other Stories Geronimo Tagatac,2006 From the widowed Filipino father raising a son in a migrant work camp to the young veteran haunted by the ghost of war The Weight of the Sun shows us not only what it is to be human but how the human spirit can grow when faced with overwhelming adversity BOOK JACKET **The New Gulliver And Other Stories** Barry Pain,2024-01-02 The New Gulliver and Other Stories by using Barry Pain is a fascinating collection of quick stories that showcases the writer s wit creativeness and eager observational abilities Published inside the early 20th century Barry Pain s tales exhibit a satisfying mixture of humor satire and social observation The titular tale The New Gulliver serves as a satirical exploration of societal norms and conventions offering a contemporary day Gulliver navigating via the absurdities of modern day existence Pain s potential to infuse his narratives with humor allows readers to mirror on the peculiarities of the world round them The collection functions a diverse array of tales every with its personal particular appeal Pain s storytelling prowess is evident as he weaves narratives that entertain assignment and initiate thought Whether exploring the quirks of human conduct or delving into the fantastical Barry Pain s The New Gulliver and Other Stories offers readers a pleasing literary revel in showcasing the author s versatility and enduring relevance within the realm of brief fiction **The Mantle and Other Stories** Nikolai Vasilievich Gogol,2016-01-06 PREFACE As a novel writer and a dramatist Gogol appears to me to deserve a minute study and if the knowledge of Russian were more widely spread he could not fail to obtain in Europe a reputation equal to that of the best English humorists A delicate and close observer quick to detect the absurd bold in exposing but inclined to push his fun too far Gogol is in the first place a very lively satirist He is merciless towards fools and rascals but he has only one weapon at his disposal irony This is a weapon which is too severe to use against the merely absurd and on the other hand it is not sharp enough for the punishment of crime and it is against crime that Gogol too often uses it His comic vein is always too near the farcical and his mirth is hardly contagious If sometimes he makes his reader laugh he still leaves in his mind a feeling of bitterness and indignation his satires do not avenge society they only make it angry As a painter of manners Gogol excels in familiar scenes He is akin to Teniers and Callot We feel as though we had seen and lived with his characters for he shows us their eccentricities their nervous habits their slightest gestures One lisps another mispronounces his words and a third hisses

because he has lost a front tooth Unfortunately Gogol is so absorbed in this minute study of details that he too often forgets to subordinate them to the main action of the story To tell the truth there is no ordered plan in his works and a strange trait in an author who sets up as a realist he takes no care to preserve an atmosphere of probability His most carefully painted scenes are clumsily connected they begin and end abruptly often the author s great carelessness in construction destroys as though wantonly the illusion produced by the truth of his descriptions and the naturalness of his conversations **Dr.**
