The Bolshevization Of The Usa:

The Bolshevization of the USA Charles P. Sheldon,1978 *The Many Worlds of American Communism* Joshua Morris,2022-09-08 This book explores the multifaceted dimensions that make up the American communist movement from its early years in the 1920s to its peak in the years leading up to World War II The author argues that in order to effectively understand a social movement it is necessary to take an approach that differentiates between the political social and labor oriented motivations taken by the movement s participants By exploring the political community and labor dimensions of American communism the author helps convey the complex nature of social movements and the various ways they attempted to create agency in their society **Roosevelt's Secret War** Joseph E. Persico,2002-10-22 Despite all that has already been written on Franklin Delano Roosevelt Joseph Persico has uncovered a hitherto overlooked dimension of FDR s wartime leadership his involvement in intelligence and espionage operations Roosevelt s Secret War is crowded with remarkable revelations FDR wanted to bomb Tokyo before Pearl Harbor A defector from Hitler s inner circle reported directly to the Oval Office Roosevelt knew before any other world leader of Hitler s plan to invade Russia Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers lives in order to protect Ultra the British codebreaking secret An unwitting Japanese diplomat provided the President with a direct pipeline into Hitler s councils Roosevelt s Secret War also describes how much FDR had been told before the Holocaust about the coming fate of Europe s Jews And Persico also provides a definitive answer to the perennial question Did FDR know in advance about the attack on Pearl Harbor By temperament and character no American president was better suited for secret warfare than FDR He manipulated compartmentalized dissembled and misled demonstrating a spymaster s talent for intrigue He once remarked I never let my right hand know what my left hand does Not only did Roosevelt create America s first central intelligence agency the OSS under Wild Bill Donovan but he ran spy rings directly from the Oval Office enlisting well placed socialite friends FDR was also spied against Roosevelt s Secret War presents evidence that the Soviet Union had a source inside the Roosevelt White House that British agents fed FDR total fabrications to draw the United States into war and that Roosevelt by yielding to Churchill s demand that British scientists be allowed to work on the Manhattan Project enabled the secrets of the bomb to be stolen And these are only a few of the scores of revelations in this constantly surprising story of Roosevelt s hidden role in World War II

The Fourth National Convention of the Workers (Communist) Party of America Communist Party of the United States of America,1925 **The Party of Fear** David H. Bennett,1995-11-14 Why for two hundred years have some American citizens seen this country as an endangered Eden to be purged of corrupting peoples or ideas by any means necessary To the Know Nothings of the 1850s the enemy was Irish immigrants To the Ku Klux Klan it was Jews blacks and socialists To groups like the Michigan Militia the enemy is the government itself and some of them are willing to take arms against it The Party of Fear which has now been updated to examine the right wing resurgence of the 1990s is the first book to reveal the common

values and anxieties that lie beneath the seeming diversity of the far right From the anti Catholic riots that convulsed Philadelphia in 1845 to the 1995 bombing in Oklahoma City it casts a brilliant cautionary light not only on our political fringes but on the ways in which ordinary Americans define themselves and demonize outsiders The Communist International and US Communism, 1919-1929 Jacob Zumoff,2014-08-21 Since the Cold War most historians have set up an opposition between the American and international aspects of early American Communism This book examines the development of the Communist Party in its first decade from 1919 to 1929 Using the archives of the Communist International this book in contrast to previous studies argues that the International played an important role in the early part of this decade in forcing the party to Americanise Special attention is given to the attempts by the Comintern to orient American Communists on the role of black oppression and to see the struggle for black liberation and the fight for socialism as inextricably linked The later sections of the book provide the most detailed account now available of how the Comintern reflecting the Stalinisation of the Soviet Union intervened in the American party to ensure the Stalinisation of American Communism **The Party of Fear** David Harry Bennett,1988 David Bennett presents a ground breaking historical analysis of the forces shaping nativist and counter subversive activity in America from colonial times to the present He demonstrates that in this nation of immigrants the American Right did not emerge from postfeudal parties of privilege or from the social chaos that bred a Hitler of Mussolini in Europe The United States Catalog Mary Burnham,Carol Hurd,1928

Investigation of Un-American Propaganda Activities in the United States: Hearings, Aug. 12-23, 1938, at Washington, D.C United States. Congress. House. Special Committee on Un-American Activities,1938 **Investigation of Un-American Propaganda Activities in the United States** United States. Congress. House. Special Committee on Un-American Activities (1938-1944),1940 **Hitler and America** Klaus P. Fischer,2011-05-26 In February 1942 barely two months after he had declared war on the United States Adolf Hitler praised America s great industrial achievements and admitted that Germany would need some time to catch up The Americans he said had shown the way in developing the most efficient methods of production especially in iron and coal which formed the basis of modern industrial civilization He also touted America s superiority in the field of transportation particularly the automobile He loved automobiles and saw in Henry Ford a great hero of the industrial age Hitler s personal train was even code named Amerika In Hitler and America historian Klaus P Fischer seeks to understand more deeply how Hitler viewed America the nation that was central to Germany s defeat He reveals Hitler s split minded image of America America and Amerika Hitler would loudly call the United States a feeble country while at the same time referring to it as an industrial colossus worthy of imitation Or he would belittle America in the vilest terms while at the same time looking at the latest photos from the United States watching American films and amusing himself with Mickey Mouse cartoons America was a place that Hitler admired for the can do spirit of the American people which he attributed to their Nordic blood and envied for its enormous territorial size abundant resources and political power

Amerika however was to Hitler a mongrel nation grown too rich too soon and governed by a capitalist elite with strong ties to the Jews Across the Atlantic President Franklin Delano Roosevelt had his own far more realistically grounded views of Hitler Fischer contrasts these with the misconceptions and misunderstandings that caused Hitler in the end to see only Amerika not America and led to his defeat *Investigation of Un-American Propaganda Activities in the United States* United States Congress.
