**The Botanic Garden** Erasmus Darwin, 2017-05-31 Title The Botanic Garden A Poem in Two Parts Part 1 The Economy of Vegetation Author Erasmus Darwin *The botanic garden; a poem [by E. Darwin]*. Erasmus Darwin, 1791 **The Botanic Garden** Erasmus Darwin, 2014-07-07 It may be proper here to apologize for many of the subsequent conjectures on some articles of natural philosophy as not being supported by accurate investigation or conclusive experiments Extravagant theories however in those parts of philosophy where our knowledge is yet imperfect are not without their use as they encourage the execution of laborious experiments or the investigation of ingenious deductions to confirm or refute them And since natural objects are allied to each other by many affinities every kind of theoretic distribution of them adds to our knowledge by developing some of their analogies The Rosicrucian doctrine of Gnomes Sylphs Nymphs and Salamanders was thought to afford a proper machinery for a Botanic poem as it is probable that they were originally the names of hieroglyphic figures representing the elements Many of the important operations of Nature were shadowed or allegorized in the heathen mythology as the first Cupid springing from the Egg of Night the marriage of Cupid and Psyche the Rape of Proserpine the Congress of Jupiter and Juno Death and Resuscitation of Adonis these were then expressed in hieroglyphic paintings of men and animals which after the discovery of the alphabet were described and animated by the poets and became first the deities of Egypt and afterwards of Greece and Rome Allusions to those fables were therefore thought proper ornaments to a philosophical poem and are occasionally introduced either as represented by the poets or preserved on the numerous gems and medallions of antiquity *The Botanic Garden, a Poem, in Two Parts; Containing the Economy of Vegetation and the Loves of the Plants* Erasmus Darwin, 1824 [The Botanic Garden: Containing the economy of vegetation.
