The Botticelli Man:

The Botticelli Man Alexandra Blakelee, 1982 **The Botticelli Man** Alexandra Blakelee, 1986-06-01 Portrait of a Young Man. Sandro Botticelli. (National Gallery)., 1912 **Botticelli's Primavera** Jean Gillies, 2010-06-21 **Botticelli's Secret: The Lost Drawings and the Rediscovery of the Renaissance** Joseph Luzzi, 2022-10-25

One of The New Yorker's Best Books of the Year A lively book Luzzi brilliantly sets the operatic stage of vibrant violent Renaissance Florence and brings to life the characters who helped resurrect Botticelli Max Norman Wall Street Journal Some five hundred years ago Sandro Botticelli a painter of humble origin created works of unearthly beauty A star of Florence's art world he was commissioned by a member of the city's powerful Medici family to execute a near impossible project to illustrate all one hundred cantos of The Divine Comedy by Dante Alighieri the ultimate visual homage to that divine poet This sparked a gripping encounter between poet and artist between the religious and the secular between the earthly and the evanescent recorded in exquisite drawings by Botticelli that now enchant audiences worldwide Yet after a lifetime of creating masterpieces including Primavera and The Birth of Venus Botticelli declined into poverty and obscurity His Dante project remained unfinished Then the drawings vanished for over four hundred years The once famous Botticelli himself was forgotten The nineteenth century rediscovery of Botticelli's Dante drawings brought scholars and art lovers to their knees this work embodied everything the Renaissance had come to mean From Botticelli's metaphorical rise from the dead in Victorian England to the emergence of eagle-eyed connoisseurs like Bernard Berenson and Herbert Horne in the early twentieth century and even the rescue of precious art during World War II and the fall of the Berlin Wall in 1989 the posthumous story of Botticelli's Dante drawings is if anything even more dramatic than their creation A combination of artistic detective story and rich intellectual history Botticelli's Secret shows not only how the Renaissance came to life but also how Botticelli's art helped bring it about and most important why we need the Renaissance and all that it stands for today

Botticelli's Muse Dorah Blume, 2017-07-21 Botticelli's Muse peels back layers of history to tell a fictionalized version of the life of Sandro Botticelli his conflicts with the Medici family of Florence and the woman at the heart of his paintings In 1477 Botticelli is suddenly fired by his prestigious patron and friend Lorenzo de Medici In the villa of his irritating new patron the artist's creative well runs dry until the day he sees Floriana a Jewish weaver imprisoned in his sister's convent But events threaten to keep his unlikely muse out of reach So begins a tale of one of the art world's most beloved paintings La Primavera as Sandro a confirmed bachelor and Floriana a headstrong artist in her own right enter into a turbulent relationship

The Mists of Fear John Creasey, 2015-09-20 Dr Palfrey is up against an enemy who moves in a white insidious mist that brings death It dissipates just as suddenly as it appears and people engulfed within it simply disappear They are the children of politicians religious clergy and other notables The world is threatened and Palfrey is completely puzzled by the terror being ranged

1000 Portraits of Genius Victoria Charles,Klaus Carl,2014-11-24 According to the defined canons of art technique a portrait should be above all a faithful representation of its model However this gallery of 1000 portraits illustrates how the genre has been transformed throughout history and has proven itself to be much more complex than a simple imitation of reality Beyond exhibiting the skill of the artist the portrait must surpass the task of imitation as just and precise as it may be to translate both the intention of the artist as well as that of its patron without betraying either s wishes Therefore these silent witnesses carefully selected in these pages reveal more than faces of historic figures or anonymous subjects they reveal a psychology more than an identity illustrate an allegory serve as political and religious propaganda and embody the customs of their epochs With its impressive number of masterpieces biographies and commentaries on works this book presents and analyses different portraits consequently exposing to the reader and to any art lover a reflection of the evolution of society and above all the upheavals of a genre that over 300 centuries of painting has shaped the history of art
