The Boundaries Of Fiction Carlyle Macaulay Newman:

The Boundaries of Fiction George Lewis Levine, 1968 The Description for this book *Boundaries of Fiction* will be forthcoming *The boundaries of fiction : Carlyle, Macaulay, Newman* George Lewis Levine, 1968 **Boundaries of Fiction** George Levine, 2015-12-08 How does Carlyle Macaulay Newman sustain the values of old traditions and at the same time meet the challenge of contemporary Victorian experience is the subject of Professor Levine's book Like the novelists of the period upon whom they had great influence these three writers were seeking stability and permanence in an age of tremendous change They were trying to sustain the values and order of old traditions and at the same time meet the challenge of contemporary Victorian experience How each one met this challenge is essentially the subject of Professor Levine's book The author begins with a close analysis of the style and structure of the writers' key works essentially dissimilar in nature then moves on to an exploration of what they had in common Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Literature and Revolution** Owen Holland, 2022-03-18 The Parisian Communards fought for a vision of internationalism radical democracy and economic justice for the working masses that cut across national borders Its eventual defeat resonated far beyond Paris *Literature and Revolution* examines how authors in Britain projected their hopes and fears in literary representations of the Commune **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **Memory and History in George Eliot** Hao Li, 2000-04-18 This book explores the interrelations between communal memory and the sense of history in George Eliot's novels by focusing on issues such as memory and narrative memory and oblivion memory and time and the interactions between personal communal and national memories Hao Li offers a fresh critical reading informed by major nineteenth century theories and argues for a reappraisal of George Eliot's complex understanding of the dialects of memory and history an understanding that both integrates and transcends the positivist and the romantic historical approaches of her time **Theory of the Novel** Michael McKeon, 2000-12 McKeon and others delve into the significance of the novel as a genre form issues in novel techniques such as displacement the grand

theory narrative modes such as subjectivity character and development critical interpretation of the structure of the novel and the novel in historical context **Victorian Keats and Romantic Carlyle** ,2022-02-22 Both John Keats and Thomas Carlyle were born in 1795 but one rarely thinks of them together When one does curious speculations result It is difficult to think of Carlyle as a young Romantic or of Keats as a Victorian Sage but had Carlyle died prematurely and had Keats lived to a ripe old age we might now be considering a Romantic Carlyle and a Victorian Keats Such a juxtaposition leads one to consider the use and abuse the fusions and confusions of period terms in literary history and in criticism Does Carlyle represent Romanticism as typically as Keats Does Keats s work give us any cause to believe that he might have developed into a Victorian poet Do the terms Romanticism and Victorian have any useful literary historical and literary critical value What are the marks of the transition from one to the other Or is the existence of such a transition an illusion In this volume some essays consider aspects of Keats or of Carlyle independently or together or focus on contemporaries of one or other or of both and explore the effect of their literary and ideological relationships and the often indefinable sense that we all have of different styles manners and periods as well as the awareness that we might all be equally deceived about such distinctive boundaries and definitions *A New Companion to Victorian Literature and Culture* Herbert F. Tucker,2014-02-14 A NEW COMPANION TO VICTORIAN LITERATURE AND CULTURE The Victorian period was a time of rapid cultural change which resulted in a huge and varied literary output A New Companion to Victorian Literature and Culture offers experienced guidance to the literature of nineteenth century Britain and its social and historical context This revised and expanded edition comprises contributions from over 30 leading scholars who approaching the Victorian epoch from different positions and traditions delve into the unruly complexities of the Victorian imagination Divided into five parts this new Companion surveys seven decades of history before examining the key phases in a Victorian life the leading professions and walks of life the major literary genres the way Victorians defined their persons homes and national identity and how recent neo Victorian developments in contemporary culture reconfigure the sense we make of the past today Important topics such as sexuality denominational faith social class and global empire inform each chapter s approach Each chapter provides a comprehensive bibliography of established and emerging scholarship *Gospels and Grit* Rob Breton,2005-01-01 Examines the literary representations of work and labour in the Victorian works of Carlyle and the 20th century writings of Conrad and Orwell

Victorian Suicide Barbara Gates,2014-07-14 When Viscount Castlereagh leader of the House of Commons and architect of the Grand Alliance committed suicide in 1822 the coroner s inquest could consider only two legal verdicts insanity or self murder Public outrage greeted his burial in Westminster Abbey the tradition lingered that a suicide s burial place be at a crossroads with a stake through the heart to keep the lost soul from wandering Probing a remarkable variety of sources and individual cases Barbara Gates shows how attitudes toward suicide changed between Castlereagh s death and the end of the century By 1900 the Victorians moral censure of suicide and the accompanying denial that it was a widespread problem had

been replaced by a more compassionate response and also by an unfounded belief in a suicide epidemic which Thomas Hardy described as a coming universal wish not to live Exposing a rich area of interaction between history and literature and utilizing the methodology of the new historicism Gates discusses topics ranging from the plot for Wuthering Heights to Victorian shilling shockers Among other findings she includes evidence that Victorian middle class men particularly tended to make suicide the province of other selves of men belonging to other times or places of monsters or of women Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Return of King Arthur and the Nibelungen Maike

Oergel,2010-10-13 No detailed description available for The Return of King Arthur and the Nibelungen **The Crowd** John Plotz,2000-12-03 This text sets out to demonstrate the influence of street crowds and political riots on literature in the period between 1800 and 1850 Notable works from the period are used to highlight the author s argument that crowds became a rival for the representational claims of the texts themselves **The Arnoldian** ,1990 **Nineteenth Century Prose** ,1988

Apologia Pro Vita Sua and Six Sermons John Henry Newman,2008-01-01 This newly edited version of John Henry Newman s Apologia Pro Vita Sua sheds new light on Newman s celebrated account of his passage from the Church of England to the Roman Catholic Church and repositions his narrative within the context of transformative religious journeys of other Victorian intellectuals Frank M Turner is the first historian of Victorian thought religion and culture to edit Newman s classic autobiographical narrative Drawing on extensive research in contemporary printed materials and archives Turner s powerfully revisionist Introduction reevaluates and challenges the historical adequacy of previous interpretations of Newman s life and of the Apologia itself He further presents Newman s volume as a response to ultramontane assertions of papal authority in the 1860s In addition to numerous explanatory textual annotations the volume includes an Appendix featuring six important Anglican sermons that providesignificant insights into Newman s thought during the years recounted in the Apologia **Fifty Key Thinkers on History** Marnie Hughes-Warrington,2007-10-31 Fifty Key Thinkers on History is a

Johnson,2015-06-05 In this volume of essays scholars of the interdisciplinary field of law and literature write about the role of emotion in English law and legal theory in the late eighteenth and early nineteenth centuries The law s claims to reason provided a growing citizenry that was beginning to establish its rights with an assurance of fairness and equity Yet an investigation of the rational discourse of the law reveals at its core the processes of emotion and a study of literature that engages with the law exposes the potency of emotion in the practice and understanding of the law Examining both legal and literary texts the authors in this collection consider the emotion that infuses the law and find that feeling sentiment and passion are integral to juridical thought as well as to specific legislation
