Pasachoff,1989 **Star Planet** Faye Iris Johnson-Lenden,2013-12-05 When I approached the Golden Egg and I was about 5 feet from the egg I was told to stop and stand still Looking around me I was surprised to see all the other Dragons had made a circle around me at a distance of about 30 feet away from where I stood I looked at the Golden Egg that was in soft warm sand in front of me Then I could see that it was gently rocking from side to side and then I noted that tiny cracks appeared they gradually got bigger as the Golden Egg continued to rock I heard a tapping sound coming from the Golden Egg there was no other sound in the warm still air I could hear my heart beating in my breast I thought that it sounded quite loud to me and I hope that I was the only one who could hear my heart beating I then realized that my heart beat and the tapping sound that came from the Golden egg were the same rhythm With breathless anticipation I watched the Golden Eggs cracks become a small hole at first and then much bigger soon a tiny Golden Dragon was nearly fully exposed With one final push a Beautiful Golden Little Dragon cast her eyes on me She looked intently at me for what seemed to be a life time but it was really only one minute she took her first step then the second towards me on wobbly legs Step by shaky unsteady step this little baby dragon came to me when she was close to me she lifted her Golden head and glared at me intently with her big brown eyes Pleading for me to accept her and to pat her on her Golden Head I looked at her and my heart melted I knew that I would love her and protect her until my life ended I stroked her head very gently then I held her close to me in a gentle hug as a mother would her new born child

Welcome to Your Designer Planet! Richard Leviton, 2007-09-05

We now live in the time of the Gaian hierophant. This is the one who reveals and shows us how to relate to the sacred aspects of Gaia, our planet. Who is this hierophant? Each of us, when we join the campaign with Gaia against the desecration of our natural environment. But first we have to discover what the Earth really is. The Earth's thousands of sacred sites hold a secret: they are functional parts of the planet's geomantic body, consciousness nodes in the Earth's subtle body. Each veils a Light temple, each once known widely and remembered in myth and legend. **Welcome to Your Designer Planet** documents 165 different kinds. the ecosystem and modulate global warming and climate change Plug yourself into the Earth's Light grid through your nearest sacred site and start helping Earth Mysteries researcher Richard Leviton presents a working model of the Earth's geomantic reality based on 24 years of research The world's myths are the doorway into this fantastic domain of the Earth's visionary geography showing us where to go and what to do and even what kinds of spiritual beings to expect to see The future of the Earth is in our hands Here are some pages from its design manual showing us how to fine tune our wonderful host planet
