## **The Big Year A Tale Of Man Nature And Fowl Obsession:**

The Big Year Mark Obmascik, 2011-09-27 Follows the 1998 Big Year competition between Sandy Komito Al Levantin and Greg Miller during which the three rivals risked their lives to set a new North American birding record     **Warblers & Woodpeckers** Sneed B. Collard III, 2018-08-17 In the grandest sense the Big Year is more than just a game Though few mortals will ever tackle the endeavor most of us can appreciate the decision to follow a passion to its outer limits Dedicating a whole year to birds is an exhausting exhilarating occasionally demoralizing and addictive pursuit and anyone crazy enough to go the distance is in for a wild ride Noah Strycker Audubon What makes this big year book different is the father son bonding element the picture of a teenager that emerges has the ring of truth A proficient storyteller Collard writes with style about their travels together Kirkus Reviews From the killer bee infested border region of southeast Arizona to the sultry islands of the Galapagos Warblers Woodpeckers recounts the quest of a father and his thirteen year old son to see as many birds as possible in a single year With a measured blend of humor natural history and adventure this tale takes readers to great birding hotspots of America and beyond both to experience their incredible avian wealth and to experience the focused often eccentric world of ornithological travel Along the way readers share the ups and downs of the relationship between a father and his teenage son Writer Sneed Collard and his son Braden set out to establish their own personal Big Year bird species count record In Warblers Wood peckers Sneed shares the excitement challenges perils and insights that come with crisscrossing the country in search of some of Earth s most remarkable creatures It s a father and son tale in which the adventure is in the journey and the surprising discoveries and encounters with our wondrous feathered friends Sneed brings a fast paced yet generous voice to the attempt and readers of all stripes will appreciate the way backyard birders can create their own Big Year     The (Big) Year that Flew By Arjan Dwarshuis, 2023-05-04 An epic tale of one passionate birder s record breaking adventure through 40 countries over 6 continents in just one year to see over 7 000 bird species rare and common before many go extinct When Arjan Dwarshuis first heard of the Big Year the legendary record for birdwatching he was twenty years old it was midnight and he was sitting on the roof of a truck in the Andean Mountains In that moment he promised himself that someday somehow he would become a world record holding birder Ten years later he embarked on an incredible arduous and perilous journey that took him around the globe over uninhabited islands through dense unforgiving rainforests across snowy mountain peaks and unrelenting deserts in just a single year Would he survive Would he be able to break the Big Year record navigating through a world filled with shifting climate and geopolitical challenges The Big Year that Flew By is an unforgettable personal exploration of the limits of human potential when engaging with the natural world It is a book about birds and birding and Arjan s attempts to raise awareness for critically endangered species but it is also a book about overcoming mental challenges extreme physical danger and human competition and fully realizing your passions through nature adventure and conservation     *Birding for Boomers* Sneed B. Collard III, 2024-09-01 With its ranging

**the Feathered** Thomas R. Dunlap, 2011-12-01 America is a nation of ardent knowledgeable birdwatchers But how did it become so And what role did the field guide play in our passion for spotting watching and describing birds In the Field Among the Feathered tells the history of field guides to birds in America from the Victorian era to the present relating changes in the guides to shifts in science the craft of field identification and new technologies for the mass reproduction of images Drawing on his experience as a passionate birder and on a wealth of archival research Thomas Dunlap shows how the twin pursuits of recreation and conservation have inspired birders and how field guides have served as the preferred method of informal education about nature for well over a century The book begins with the first generation of late 19th century birdwatchers who built the hobby when opera glasses were often the best available optics and bird identification was sketchy at best As America became increasingly urban birding became more attractive and with Roger Tory Peterson s first field guide in 1934 birding grew in both popularity and accuracy By the 1960s recreational birders were attaining new levels of expertise even as the environmental movement made birding s other pole conservation a matter of human health and planetary survival Dunlap concludes by showing how recreation and conservation have reached a new balance in the last 40 years as scientists have increasingly turned to amateurs whose expertise had been honed by the new guides to gather the data they need to support habitat preservation Putting nature lovers and citizen activists at the heart of his work Thomas Dunlap offers an entertaining history of America s long standing love affair with birds and with the books that have guided and informed their enthusiasm

**The Complexity of Bird Behaviour** Paul M. W. Hackett, 2020-01-20 This book presents the facet theoretical framework as a tool for facilitating the conception of complex animal behaviour research and the design of research procedures through employing mapping sentences Using the facet theoretical framework this book takes a holistic view of bird behaviour Components of bird behavior are identified and then reassembled to facilitate an understanding of the behaviour in the context of its natural occurrence This provides new insight on both the parts of the behaviour and how these interact as a whole The multi faceted approach to designing evaluating and understanding bird behavior presented offers a template that is adaptable for investigating a wide variety of avian species and different forms of behaviour Behavioural biologists animal and comparative psychologists other natural and behavioural scientists as well as students of these disciplines will find this book to be an interesting and enlightening read

Last Chance Tourism Harvey Lemelin, Jackie Dawson, Emma J. Stewart, 2013-03 Concerns over vanishing destinations such as the Great Barrier Reef the Everglades of Florida the ice cap on Mt Kilimanjaro and the Maldives have prompted some travel operators and tour agencies to recommend these destinations to consumers before they

disappear This is the first book to empirically examine and evaluate this contemporary tourism development providing a new angle on the effects of global change and pressures of visitation on tourism destinations It aims to develop the conceptual definition of last chance tourism examine the ethics surrounding this type of travel and provide case studies highlighting this form of tourism in different regions In particular it critically reviews the advantages of publicizing these vulnerable destinations to raise awareness and promote conservation efforts but also the issue of attracting more tourists seeking to undergo such experiences before they are gone forever accelerating the negative impacts It further examines current trends discusses escalating challenges and highlight future opportunities

**RiverTime** Mary A. Hood,2008-03-20 In this engaging travelogue of our world s rivers great and small poet and biologist Mary A Hood reflects on rivers as creators of place Recounting her journeys along portions of the Mississippi the Danube the Amazon the Yangtze the Ganges the Nile and a dozen small U S rivers Hood weaves together natural history current environmental and conservation issues encounters with endangered plants and animals and tells some interesting tales along the way Like a river the book begins small with essays that are narrowly focused on themes of environment and place such as the need to write our world Three Rivers how fires and corporations control the West the Flathead the effect of wind farms on a small town in western New York the Conhocton the giant redwoods and how they were preserved the Klamath and the search for moose in the great north woods the Penobscot The second section expands the themes of environment and place and looks at great world rivers their long histories their biological diversity the effects of human use and tourism and the paradox of human reverence and destruction From endangered species to invasive species from corporate control of national parks to wind farms from urban sprawl to efforts at conservation and restoration RiverTime offers insights into our relationship to the environment in the twenty first century
