**The Biggest Heart in Choctaw Hollow** Bernadette Pruitt, 2012-06-05 Brooke Adler knows that money can't buy happiness. Born into a wealthy family, she watched her status-driven mother make her father miserable. Determined to break free of society's life, Brooke makes a bargain with her grandmother: If Brooke can prove that she can be self-supporting within a year, her grandmother will allow Brooke to give her trust fund to charity. Setting out for the rugged Ouachita Mountains in Oklahoma, Brooke intends to teach art to underprivileged children. But when she is injured in a car accident, she finds herself in the care of Dr. Drew Griffin. Shortly thereafter, financial difficulties force her to take a part-time job at Dr. Griffin's clinic. He thinks Brooke won't last a week, especially when she faints at the sight of a bleeding woodsman. Determined to prove Dr. Griffin wrong, Brooke vows to win the respect of the compassionate doctor. And in the process, she learns something about love as well.

**The Eighth Arrow** Donald N. Panther-Yates, THE TIHANAMA Nation has probably escaped your attention. That was their plan. One of the last migratory tribes in North America, they range from the Great Lakes to the Florida Panhandle. Their language is an isolate unrelated to the languages of surrounding nations. You may have heard it in the song "Wendeyaho" commonly but mistakenly called the Cherokee Morning Song. And yet, as a trading people who interacted annually with dozens of other nations between the Mississippi River and the Appalachians, their story and traditions provide the missing link that will change your understanding of and appreciation for the depth of Native American wisdom teachings. We believe THE EIGHTH ARROW is the most comprehensive look at these people, their language, and traditions yet published.

The dark magic that the great alchemist Sir Isaac Newton inadvertently unleashed with his discovery of philosopher's mercury has taken a devastating toll on Earth. The destruction of Europe and the advent of eternal winter have aided the mysterious malakim in their apparent quest for the annihilation of the human race. In the American colonies, Benjamin Franklin hones his alchemical skills and prepares the Junto, his secret cabal of scientists, Native American tribesmen, former slaves, and fugitive European intellectuals for the upcoming battle for humankind's survival as the army of the Scottish pretender king James Stuart invades the continent to reestablish British dominion. Meanwhile, on the other side of a shockingly diminished world, in the court of the mysteriously vanished Peter the Great, the missing tsar's chief alchemist, Adrienne de Mornay de Montchevreuil, prepares to depart Russia in search of her lost son, who may well be at the heart of the conspiracy of malevolent angels to eliminate the human scourge. The third volume in author Greg Keyes's ingenious *Age of Unreason* alternate history series, *Empire of Unreason* broadens the story, elevates the action, and reveals secrets within.
