McElmeel,1989 Lists of authurs for different books **Entangled Encounters at the National Zoo** Daniel Vandersommers,2023-09-29 Founded amid the urban commotion of

Washington DC before the dawn of the twentieth century the National Zoological Park opened to preserve teach and conduct research about the animal world *Entangled Encounters at the National Zoo* is a study of this important cultural landmark from 1887 to 1920 Centered on the animals themselves each chapter looks from a different angle at the influential science of popular zoology in order to shed new light on the complex entangled relationships between humans and animals Daniel Vandersommers s goal is twofold First through narrative he shows how zoo animals always ran away from the zoo This is meant literally animals escaped frequently but even more so figuratively Living breathing historical zoo animals ran away from their cultural constructions and these constructions ran away from the living bodies they were made to represent The author shows that the resulting gaps produced by runaway animals contain concealed distorted and erased histories worthy of uncovering Second *Entangled Encounters at the National Zoo* demonstrates how the popular zoology fostered by the National Zoo shaped every aspect of American science culture and conservation during the Gilded Age and Progressive Era Between the 1880s and World War I as intellectuals debated Darwinism and scientists institutionalized the laboratory zoological parks suddenly appeared at the heart of nearly every major American city captivating tens of millions of visitors Vandersommers follows stories previously hidden within the National Zoo in order to help us reconsider the place of zoos and their inhabitants in the twenty first century

The Martial Imagination Jimmy L. Bryan,2013-10-10 Martial experiences and the mythologies that surround them have profoundly affected the ways in which Americans think of themselves Wars identify the heroes who help define national character provide the stories for the grand narratives of belonging and sacrifice and serve as markers for essential moments of transformation However only in the last several years have scholars begun using the term cultural history of American warfare to identify the study of how public discourse formulates these defining myths and narratives This volume brings together scholarship from diverse fields in a common mission to demonstrate the usefulness and significance of studying the cultural history of American warfare *The Martial Imagination Cultural Aspects of American Warfare* canvasses the American war experience from the Revolution to the War on Terror examining how it infuses legitimacy and conformity with an urgency that contorts ideas of citizenship nationhood gender and other pliable categories The multidisciplinary scholarship in this volume represents the varied perspectives of cultural history American studies literary criticism war and society media studies and public culture analysis illustrating the rich dialogues that epitomize the cultural history of American warfare Bringing together both recognized and emerging scholars this book is the first anthology to feature essays on this topic comprising research from twelve authors who represent a wide range of experiences and disciplines Their work uncovers new and surprising understandings of the American war experience that reveal the ways in which culture makers have grappled with the trauma of war salvaged meaning from the meaningless or advanced some ulterior agenda

A Head Start on Science William C. Ritz,2007-06 For the littlest scientists the whole wide world can be a laboratory for learning Nurture their natural curiosity with *A Head Start on Science* a treasury of 89 hands on

science activities specifically for children ages 3 to 6 The activities are grouped into seven stimulating topic areas the five senses weather physical science critters water and water mixture seeds and nature walks Because the activities have been field tested by more than a thousand Head Start teachers over 10 years you ll find this collection unusually easy to use in a variety of settings including elementary schools pre K programs and day care In addition to clear background and a helpful materials list you get step by step procedures and help preparing for comments and questions children may pose Each activity ends with a reproducible Family Science Connection in both English and Spanish to send home so the whole family can share a learning experience that s both simple and pleasant Thanks to a focus on the fun of exploration and discovery children probably won t be the only ones who find these activities irresistible As Editor Bill Ritz writes in the Introduction We hope your own sense of wonder will be heightened as you observe children and as their curiosity leads them to answer their own questions about everything they see hear smell and touch

Shadows Roberto Casati,2007-12-18 In this original wide ranging and endlessly thought provoking work of popular nonfiction a leading science writer uncovers the pervasive presence of shadows in our world For Plato shadows were the symbol of our limitations For Galileo they knocked the Earth from the center of the cosmos They are a source of fear and a symbol of ignorance and they loom large in art and design mythology and folklore physics and metaphysics and architecture and urban planning From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities Roberto Casati awakens our fascination in this tour de force of investigation and imagination
