**D.W. Griffith's the Birth of a Nation** Melvyn Stokes, 2008-01-15 In this deeply researched and vividly written volume Melvyn Stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie By going back to the original archives particularly the NAACP and D W Griffith Papers Stokes explodes many of the myths surrounding The Birth of a Nation 1915 Yet the story that remains is fascinating the longest American film of its time Griffith s film incorporated many new features including the first full musical score compiled for an American film It was distributed and advertised by pioneering methods that would quickly become standard Through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment Birth played a major role in reconfiguring the American movie audience by attracting more middle class patrons But if the film was a milestone in the history of cinema it was also undeniably racist Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon Jr and Griffith s own Kentuckian background and earlier film career The book reveals how as the years went by the campaign against the film became increasingly successful In the 1920s for example the NAACP exploited the fact that the new Ku Klux Klan which used Griffith s film as a recruiting and retention tool was not just anti black but also anti Catholic and anti Jewish as a way to mobilize new allies in opposition to the film This crisply written book sheds light on both the film s racism and the aesthetic brilliance of Griffith s filmmaking It is a must read for anyone interested in the cinema

**The Saturday Evening Post** ,1915 *Fighting a Movie with Lightning : „The Birth of a Nation“ and the Black Community* Stefanie Laufs,2014-02-01 Despite their efforts black activists throughout the early 20th century were not able to achieve full equality and fair treatment in society However they gained a new way of thinking that resulted in the formation of the New Negro This term in essence designates a new way of thinking in the black community Its members were neither satisfied with nor accepted their inferior position in society and were willing to fight for their rights Phenomena that paradoxically had a positive impact on the black community as a whole and especially on the New Negro were the actions undertaken by African Americans all over the United States in response to D W Griffith s racist 1915 silent movie The Birth of a Nation It is the aim of this paper to prove that these activities undertaken by African Americans and their supporters in the
