From Krishna to Christ Christina Singh, 2011-05-18 From Krishna to Christ is a memoir of a young woman's heartrending experiences of subjugation to the will of men in her family and the Hindu society and the breaking of the shackles of bondage into the light of freedom. It is a story of her journey and slow transformation from being a servile Hindu woman and worshipping Hindu gods of clay namely Krishna, Shiva and Ram to her faith and trust in Jesus Christ and finally emerging as a mature and enlightened woman in spite of the difficulties and persecutions she faced in following Jesus. The story starts from her childhood from the day she encountered Christ in the form of a picture and ends with her coming to Bethany Theological Seminary in the United States and dedicating her life totally to God by serving as pastor in Panora Church of the Brethren.

The Future of Christology Dong-Kun Kim, 2019-06-28 The Future of Christology addresses the questions that Christology currently faces and or will face in the future in 12 topics. The book consists of two parts. In the first part Kim deals with five topics related to traditional Christology while in the second part he wrestles with seven topics related to issues of Christology. The twenty-first century is a challenging time for Christianity. Many in our age are asking what Jesus Christ means in various dimensions of history, culture, nature and even beyond the Earth. Changes in values, worldviews and views of the universe are forming a new zeitgeist. Dong Kun Kim argues that ways of understanding Christ should change accordingly for a Christology that fails to communicate meaningfully with the times is void of vitality. Postmodernism, dehistoricization and life post ideology, multiculturalism, multiple religions and above all the rapid development of the natural sciences pose a serious challenge to traditional Christology. Who is Christ in the age of an infinite cosmos? How do daily human life, social devotion and praxis relate to salvation? How can we discuss salvation history in an era post history? Where does Christ stand in the public sphere? Can the Chalcedonian definition of the two natures of Christ, true God and true human being encompass nature and the cosmos? Would a third nature of Christ be necessary? Will the cyborg which may appear in the near future be the object of Christ's salvation? If scientific determinism becomes popular in the future, will the basis of faith in Christ lose ground? If intelligent life exists in the universe, what does Christ mean to such life? This book provides innovative answers to these questions in an academic context.

Seven Reasons Life Is Better with God Nathan Brown, 2007-05 We don't have to hit rock bottom to need God. No matter how good or bad life might seem, God still calls us to follow Him. This book ponders seven reasons life is better with God when things are bad. God can make them better when things are good. God makes them better still.
