**Century's End** Enki Bilal, 2016-11-22 As the 20th Century draws to a close so too does the Eastern European Communist era but with it brings terrorist attacks aging militant groups coming out of retirement and those who will stop at nothing to preserve their way of life Stunningly realized in Bilal's incomparable style *The Brigade of the Black Order* and *The Hunting Party* examine the question How far are we willing to go for our ideals Collecting two stories by legendary creator Enki Bilal and Pierre Christin *Century's End* is an exploration of oppression terrorism and political manoeuvring **The Ranks of the**

**Black Order** Enki Bilal, Pierre Christin, 1989 Not unlike contemporary political situations in which terrorism leads to counter terrorism in a vicious cycle *The Ranks of the Black Order* illuminates the tragedy and monstrosity of violent vengeance on a human scale The novel takes as its starting point the ultimately pointless struggles of left and right wing militants in Spain in 1938 Never having forgotten their defeat a terrorist faction returns to the vilage of Nieves and massacres its inhabitants as the story opens forty years later Enraged by the minor coverage given the slaughter the journalist Jefferson Pritchard regroups his brigade and resolves to wipe out their old foes from the Black Order As one crusty old group pursues the other across Europe the distinctions between principles between left and right all but vanish into a senseless haze without victors or vanquished leaving only victims *The Nikopol Trilogy* Enki Bilal, 2016-04-12 The year is 2025 and Herakles Nikopol has

returned to Earth following a 30 year exile in cryostasis The Paris he lands in however is not the one he left In his absence the Gods of Egypt have returned to reassert their dominance over the human race One God in particular the renegade Horus has great plans he can only carry out with the help unwilling though it may be of Nikopol himself Together they embark on a wild adventure that involves politics intrigue love and a brutal blood soaked hockey game This brand new collected edition of *The Nikopol Trilogy* presents in full the brilliance humor and stunning artwork of Enki Bilal's iconic masterpiece Enki Bilal was born in the former Yugoslavia in 1951 His Belgrade childhood during the reign of Tito was instrumental in setting the tone and geopolitical themes he developed during his collaborations with Pierre Christin in particular and in his solo work

*Century's End* Pierre Christin, 2016-11-22 *Century's End* collects two of the most accomplished comics narratives to come out of the creative collaboration between visionary artist Enki Bilal and celebrated writer Pierre Christin In *The Black Order Brigade* a group of aging revolutionaries band together for one last stand against fascism As they spread around Europe chasing down leads and picking off old adversaries they realize they are heading for an explosive showdown A group of Communist leaders gather for some sport in a quiet forest in *The Hunting Party* Soon the snowy ground is stained with the blood of more than just animals as the machinations of the political world weave through the trees toward an unsuspecting victim an engaging original story that should resonate with audiences interested in the evolving process of history and how it is shaped Icv2 **Valerian - The Complete Collection - Volume 2** Jean-Claude Mézières, Pierre

way to convey history The comic book which emerged in its modern form in the 1930s was another form of visual entertainment that gave readers especially children a form of escape As World War II began however comic books became a part of propaganda as well providing information and education for both children and adults This book looks at how specific comic books of the war genre have been used to display patriotism adventure through war stories and eventually to tell of the horrors of combat from World War II through the current conflicts in Iraq and Afghanistan in the first decade of the twenty first century This book also examines how war and patriotically themed comics evolved from soldier drawn reflections of society eventually developing along with the broader comic book medium into a mirror of American society during times of conflict These comic books generally reflected patriotic fervor but sometimes they advanced a specific cause As war comic books evolved along with American society many also served as a form of protest against United States foreign and military policy During the country s most recent wars however patriotism has made a comeback at the same time that the grim realities of combat are depicted more realistically than ever before The focus of the book is not only on the development of the comic book medium but also as a bell weather of society at the same time How did they approach the news of the war Were people in favor or against the fighting Did the writers of comics promote a perception of combat or did they try to convey the horrors of war All of these questions were important to the research and serve as a focal point for what has been researched only in limited form previously The conclusions of the book show that comic books are more than mere forms of entertainment Comic books were also a way of political protest against war or what the writers felt were wider examples of governmental abuse In the post 9 11 era the comic books have returned to their propagandistic patriotic roots Wika Thomas Day,2021-03-17 Immerse yourself in the stunning steampunk Lord of the Rings esque fantasy world of Wika a graphic novel from award winning artist Olivier Ledroit After narrowly escaping an uprising that claims the lives of her parents Wika the last of a royal line of fairies must evade the assassins on her trail long enough to discover the secret of her lineage Uncover Thomas Day s first comic book story a dark tale of magic and mystery with fairies dwarves goblins and elves in a stunning fantasy world brought to life by the beautiful illustrations of Olivier Ledroit A rewriting of the fairy tale genre in beautiful baroque illustrations **The Readers' Advisory Guide to Graphic Novels** Francisca Goldsmith,2010 Graphic novels have found a place on library shelves but many librarians struggle to move this expanding body of intellectual aesthetic and entertaining literature into the mainstream of library materials **Exterminator 17** Jean-Pierre Dionnet,2018-11-20 He created the androids He is their father he is their god but also their executioner He will be given a second chance to repair all the damage he has done Man and machine collide in this sci fi epic that questions the very nature of the human soul In this science fiction adventure warrior robots known as Exterminators are strewn across the galaxy in a host of deadly environments fighting for their human masters But when the creator of these mechanical killers finds his soul trapped in Exterminator 17 the balance of power begins to shift Artist Enki Bilal teams with world renowned Jean Pierre
