The Blanket:

The Blanket Cats Kiyoshi Shigematsu, 2025-02-25 Utterly charming I would read a hundred of these stories Shelby Van Pelt New York Times bestselling author of Remarkably Bright Creatures Seven struggling customers are given the unique opportunity to take home a blanket cat but only for three days the time it ll take to change their lives A peculiar pet shop in Tokyo has been known to offer customers the unique opportunity to take home one of seven special cats whose magic is never promised but always received But there are rules these cats must be returned after three days They must eat only the food supplied by the owner and they must travel to their new homes with a distinctive blanket In *The Blanket Cats* we meet seven customers each of whom is hoping a temporary feline companion will help them escape a certain reality including a couple struggling with infertility a middle aged woman on the run from the police and two families in very different circumstances simply seeking joy But like all their kind the blanket cats are mysterious creatures with unknowable agendas who delight in confounding expectations And perhaps what their hosts are looking for isn t really what they need Three days may not be enough to change a life But it might just change how you see it *Back To The Blanket* James A. Starkey, Jr., 2007-05-17 Not since Alex Haley s *Roots* has a story probed so deeply into the intimate details of an indigenous American family Inspired by the events of this Native American author s descendants *Back to the Blanket* chronicles seven generations of his Ojibwe roots But just as importantly it places the events within the context of a tumultuous time in American History a time when Western European Civilization was gaining enormous inroads in the Americas and leaving in its wake a devastating clash of cultures But this story is not about typical Indian White confrontations bloody violent avaricious Indian battles It reveals a more subtle yet just as deleterious subjugation of a people through the proliferation of White trade goods overzealous missionaries diseases for which there were no cures and the most contemptible allurements of all alcohol *Back to the Blanket* is a story of tragedy guilt pride perseverance hope and survival which begins in 1988 when the author undergoes a life threatening bone marrow transplant for leukemia a deadly blood disease During the rigorous transplant procedures he receives a powerful Native Vision which begins to weave together the stories he has heard as a boy and his curiosity regarding his father s tumultuous past But it isn t until six years later when he and his father are on a train trip bound for the White Earth Reservation in Northern Minnesota that the Vision returns to reveal his legacy and the Red Trade Blanket that has been handed down through the generations *Lose the Blanket, Linus!* Darice Bailer, Charles Schulz, 2003 Lucy thinks Linus is too attached to his blanket and wants to see what will happen to him without it **Complete Horse Care Manual** Colin Vogel, 2011-01-17 Illustrated in full color throughout with more than 650 specially commissioned color photographs and diagrams *Complete Horse Care Manual* is almost a Vet in Your Pocket for horse owners telling you how to provide regular care and attention for your horse how to guard against health problems and when the problem is serious enough to need professional attention Providing the enthusiast with a sound understanding of how a horse functions this manual clearly
