The Blue Gray Civil War Mirthfulness:

The Blue and The Gray Or The Civil War as Seen by a Boy A. R. White, 2018-11-14 Excerpt The scenes of the war related by a boy who followed the flag from the beginning to the end of the war must carry with them a sense of accuracy for they are the recollections of actual service Those books which have been written upon the war have with very few exceptions been penned from the standpoint of mature opinions and experiences In this work the views and struggles of a boy who went into the army from an honest desire to do right are portrayed To fight was abhorrent to his nature but there was a call for men who were willing to defend the institutions of his beloved land And that defense was only possible through bloodshed and conflict Tenderly instructed by a loving and gentle mother whose early home was in the South it was almost a wrenching of her cherished opinions to give him up to fight against her kindred But her boy did not enter the contest with a thought of conquering his fellow beings but as a duty which though painful must be performed How that dear mother gave him to his country how he marched and fought and endured hardships are here set forth in the colors of truth for it is a true story

The Blue and the Gray, Or, The Civil War as Seen by a Boy A. R. White, 1899 **Marketing the Blue and Gray**
Lawrence A. Kreiser, Jr., 2019-06-12 Lawrence A Kreiser Jr s *Marketing the Blue and Gray* analyzes newspaper advertising during the American Civil War Newspapers circulated widely between 1861 and 1865 and merchants took full advantage of this readership They marketed everything from war bonds to biographies of military and political leaders from patent medicines that promised to cure almost any battlefield wound to secession cloaks and Fort Sumter cockades Union and Confederate advertisers pitched shopping as its own form of patriotism one of the more enduring legacies of the nation s largest and bloodiest war However unlike important sounding headlines and editorials advertisements have received only passing notice from historians As the first full length analysis of Union and Confederate newspaper advertising Kreiser s study sheds light on this often overlooked aspect of Civil War media Kreiser argues that the marketing strategies of the time show how commercialization and patriotism became increasingly intertwined as Union and Confederate war aims evolved Yankees and Rebels believed that buying decisions were an important expression of their civic pride from Union forever groceries to States Rights sewing machines He suggests that the notices helped to expand American democracy by allowing their diverse readership to participate in almost every aspect of the Civil War As potential customers free blacks and white women perused announcements for war themed biographies images and other material wares that helped to define the meaning of the fighting Advertisements also helped readers to become more savvy consumers and ultimately citizens by offering them choices White men and in the Union after 1863 black men might volunteer for military service after reading a recruitment notice or they might instead respond to the kind of notice for draft insurance that flooded newspapers after the Union and Confederate governments resorted to conscription to help fill the ranks *Marketing the Blue and Gray* demonstrates how through their sometimes messy choices advertising pages offered readers the opportunity to participate or
