The Blue Hens Chick An Autobiography:

The Blue Hen's Chick Alfred Bertram Guthrie,1993-01-01 The novelist recounts his youth in the West as the age of the Wild West passed and describes his literary career The Blue Hen's Chick Alfred Bertram Guthrie,1965 **Fifty Years After The Big Sky** William E. Farr,William W. Bevis,2001 Writers historians and public intellectuals from James Welch and Mary Clearman Blew to Dan Flores William W Bevis and Daniel Kemmis explore A B Guthrie s life and legacy in Fifty Years after The Big Sky New Perspectives on the Fiction and Films of A B Guthrie Jr Best known for his novels The Big Sky and The Way West and as the author of the screenplay for the movie classic Shane A B Guthrie is a much loved but under studied Montana author There has been almost no serious study of Guthrie s work until now This wide ranging anthology examines this beloved western author in multiple contexts Essays examine Guthrie s relationship with the movie industry how the Cold War influenced Guthrie s work how people in his hometown of Choteau Montana and others close to him remember the man and how the myths that lie at the core of Guthrie s fiction haunt today s Montanans **The Rockies in First Person** Ron McFarland,2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians

A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance *All Our Stories Are Here* Brady Harrison,2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state s ever growing and ever evolving canon The twelve essays in All Our Stories Are Here not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular

romances and the importance of the University of Montana's creative writing program in fostering the state's literary corpus. The contributors also explore the work of writers who have not yet received their critical due, take new looks at old friends, and offer some of the first explorations of recent works by well-established artists. *All Our Stories Are Here* conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature.

Under the Big Sky Jackson J. Benson, 2009-05-01. Author of *The Way West* and the screenplay for the classic *Shane* among many other timeless stories, icon of Western literature. A. B. Guthrie Jr. brought a blazing realism to the story of the West. That realism came out of the depth of Guthrie's historical research and an acuity that had seldom been seen in the work of Western novelists. The small Montana town that figures in several of Guthrie's books is clearly patterned after the town where he grew up, Choteau, on the eastern front of the Rocky Mountains. Biographer Benson illuminates Guthrie's upbringing and education, the influence of his intellectually inclined father, his work as a newspaperman in Kentucky and his time at Harvard University. Animated by the observations of friends, family, and fellow authors, this intimate account offers rare insight into the life and work of a remarkable writer and into the making of the literary West. Off Broadway Musicals, 1910-2007 Dan Dietz, 2010-03-10. Despite an often unfair reputation as being less popular, less successful, or less refined than their bona fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters, the opening date, and number of performances, the production's cast and creative team, a list of songs, a brief plot synopsis, and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices, including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

Grasslands Grown Molly Patrick Rozum, 2021-08. In *Grasslands Grown*, Molly P. Rozum explores the two related concepts of regional identity and sense of place by examining a single North American ecological region: the U.S. Great Plains and the Canadian Prairie.

Provinces All or parts of modern day Alberta Montana Saskatchewan North Dakota South Dakota and Manitoba form the center of this transnational region As children the first postconquest generation of northern grasslands residents worked played and traveled with domestic and wild animals which introduced them to ecology and shaped sense of place rhythms As adults members of this generation of settler society worked to adapt to the northern grasslands by practicing both agricultural diversification and environmental conservation Rozum argues that environmental awareness including its ecological and cultural aspects is key to forming a sense of place and a regional identity The two concepts overlap and reinforce each other place is more local ecological and emotional sensual and region is more ideational national and geographic in tone This captivating study examines the growth of place and regional identities as they took shape within generations and over the life cycle
