The Body Project Joan Jacobs Brumberg, 2010-06-09 The award winning author of *Fasting Girls*

explores what teenage girls have lost in this new world of freedom and consumerism a world in which the body is their primary project Fascinating riveting Women and girls should read this fine book together The New York Times Book Review A hundred years ago women were lacing themselves into corsets and teaching their daughters to do the same The ideal of the day however was inner beauty a focus on good deeds and a pure heart Today American women have more social choices and personal freedom than ever before But fifty three percent of our girls are dissatisfied with their bodies by the age of thirteen and many begin a pattern of weight obsession and dieting as early as eight or nine Why In The Body Project historian Joan Jacobs Brumberg answers this question drawing on diary excerpts and media images from 1830 to the present Tracing girls attitudes toward topics ranging from breast size and menstruation to hair clothing and cosmetics she exposes the shift from the Victorian concern with character to our modern focus on outward appearance in particular the desire to be model thin and sexy Compassionate insightful and gracefully written The Body Project explores the gains and losses adolescent girls have inherited since they shed the corset and the ideal of virginity for a new world of sexual freedom and consumerism a world in which the body is their primary project **Interpreting the Body** Ben Spatz,2024-03-12 Written by leading social scientists this ambitious volume asks what individuals handling of bodies reveal about inequality social order and cultural change in societies **The Modern Girl** Jane Nicholas,2015-03-27 With her short skirt bobbed hair and penchant for smoking drinking dancing and jazz the Modern Girl was a fixture of 1920s Canadian consumer culture She appeared in art film fashion and advertising as well as on the streets of towns from coast to coast In The Modern Girl Jane Nicholas argues that this feminine image was central to the creation of what it meant to be modern and female in Canada Using a wide range of visual and textual evidence Nicholas illuminates both the frequent public debates about female appearance and the realities of feminine self presentation She argues that women played an active and thoughtful role in their embrace of modern consumer culture even when it was at the risk of serious social economic and cultural penalties The first book to fully examine the Modern Girl s place in Canadian culture The Modern Girl will be essential reading for all those interested in the history of gender sexuality and the body in the modern world The Psychological Development of Girls and Women Sheila Greene,2003 Greene s approach places primary importance on temporality itself and on the competing discourses on time age and development which play an active role in the construction of the lives of girls and women Essential but often neglected insights from the more compelling developmental and feminist theories are woven together within a theoretical framework that emphasizes temporality emergence and human agency The result is a liberating theory of women s psychological development as constantly emerging and changing in time rather than as static and fixed by their nature socio cultural context and personal history **The Resurrection of the Body** Armando Maggi,2009-05-15 Italian novelist poet and filmmaker Pier Paolo Pasolini was brutally killed in Rome in 1975 a macabre end to a career that often explored humanity s capacity for violence and cruelty Along with the mystery of his murderer s identity Pasolini left behind a

controversial but acclaimed oeuvre as well as a final quartet of beguiling projects that signaled a radical change in his aesthetics and view of reality. The Resurrection of the Body is an original and compelling interpretation of these final works: the screenplay *Saint Paul*, the scenario for *Porn Theo*, the colossal and immense and unfinished novel *Petrolio*, and his notorious final film *Salò or the 120 Days of Sodom*, a disturbing adaptation of the writings of the Marquis de Sade. Together these works Armando Maggi contends reveal Pasolini's obsession with sodomy and its role within his apocalyptic view of Western society. One of the first studies to explore the ramifications of Pasolini's homosexuality, *The Resurrection of the Body* also breaks new ground by putting his work into fruitful conversation with an array of other thinkers such as Freud, Strindberg, Swift, Henri Michaux, and Norman O. Brown.

The Routledge History of Sex and the Body Sarah Toulalan, Kate Fisher, 2013-03-20
The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day. The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing. This book examines the current scholarship and looks towards future directions across the field. The volume is divided into fourteen thematic chapters which are split into two chronological sections: 1500-1750 and 1750 to present day. Focusing on the history of sexuality and the body in the West but also interactions with a broader globe, these thematic chapters survey the major areas of debate and discussion. Covering themes such as science, identity, the gaze, courtship, reproduction, sexual violence, and the importance of race, the volume offers a comprehensive view of the history of sex and the body. The book concludes with an afterword in which the reader is invited to consider some of the tensions, problems, and areas deserving further scrutiny. Including contributors renowned in their field of expertise, this groundbreaking collection is essential reading for all those interested in the history of sexuality and the body.

The Female Body in the Looking-Glass Basia Sliwinska, 2016-06-29
In his theory of the mirror stage, the psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes. Within this framework, he described female sexuality primarily as an absence and assumed female subordination to the male gaze. However, what happens if one follows Jean Baudrillard's advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question, its norms, ideals, and values? What if the beautiful is inverted and becomes ugly, and the ugly is considered beautiful, or shape shifts into something conventionally thought of as beautiful? These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women's art. Through an innovative discussion of the mirror as a metaphor, Sliwinska reveals how the post-1989 practices of woman artists from both sides of the former Iron Curtain, such as

Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa The Female Body in the Looking Glass makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice's adventures in Wonderland as critical tools with which we can analyse and explain recent developments in women's art **Writing**

Through the Body. Iraqi Responses to the War on Terror Hanan Jasim Khammas, 2023-12-21 The 2003 Iraq invasion provoked an unprecedented phenomenon in the Iraqi literary scene fiction exceeds poetry in production critical reception and market figures New narrative genres concerned with stories of wars and trauma depict corporality and sexuality in their most material sense Writing Through the Body argues that interest in the physical indicates a new perception of corporeality and to show this it traces a genealogy of the Iraqi body to uncover the complexity of its historical and socio-political discourses Considering religious social and political factors the body is examined in three semiospheres Iraqi society and culture before 2003 the discourse of the war on terror as a semiotic interference and contemporary Iraqi fiction as the result of the encounter between the two This structure shows how corporeality was interrupted by and instrumentalised in war propaganda and how new representations in fiction respond to the two spheres in conflict **Moulding the Female Body in**

Victorian Fairy Tales and Sensation Novels Laurence Talairach-Vielmas, 2007 Laurence Talairach-Vielmas explores Victorian representations of femininity in fairy tales and sensation novels by authors such as George MacDonald Lewis Carroll Christina Rossetti Wilkie Collins Mary Elizabeth Braddon and Charles Dickens In the clash between fantasy and reality these authors create a new type of realism that exposes the normative constraints imposed to contain the female body and illuminates the tensions underlying the representation of the Victorian ideal *The Body in the Woods* April
