The Bohemian Republic James Gatharal, 2020-11-29 In the mid-nineteenth century, successive cultural Bohemias were proclaimed in Paris, London, New York and Melbourne. Focusing on networks and borders as the central modes of analysis, this book charts for the first time Bohemia's cross-Channel, transatlantic and trans-Pacific migrations, locating its creative expressions and social practices within a global context of ideas and action. Though the story of Parisian Bohemia has been comprehensively told, much less is known of its Anglophone translations. The Bohemian Republic offers a radical reinterpretation of the phenomenon as the neglected lives and works of British, Irish, American and Australian Bohemians are reassessed; the transnational networks of Bohemia are rediscovered; the presence and influence of women in Bohemia is

reclaimed and Bohemia's relationship with the marketplace is reconsidered Bohemia emerges as a marginal network which exerted a paradoxically powerful influence on the development of popular culture in the vanguard of material social and aesthetic innovations in literature art journalism and theatre Underpinned by extensive and original archival research the book repopulates the concept of Bohemianism with layers of the networked voices expressions ideas people places and practices that made up its constituent social imagined and interpretive communities The reader is brought closer than ever to the heart of Bohemia a shadowy world inhabited by the rebels of the mid nineteenth century [The Oxford Companion to Shakespeare](#) , **The Secret Founding of America** Nicholas Hagger,2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America's history from Civil War to today's global struggles for democracy **Mr. Wheels and the Mystery of Mysteries** Zbig Nienacki,2025-07-20 Mr Wheels has been a huge smash hit in Eastern Europe for decades 160 volumes of fan fiction three cinematic releases including one in 2023 two TV series But never a peep in English Until now drum roll In this installment Mr Wheels goes against a ring of icon smugglers and find himself in the magical city of Prague pitted in a race against the secret society of Rosicrucians trying to recover ancient jewels buried somewhere in the city by the accomplices of the English wizard John Dee Delve into the fascinating world of Renaissance magic pick up your copy today **The Scientism Delusion Techno Mysticism And Techno Spiritual Warfare Exploring the Connections Between Scientism and Luciferianism** Gregory Garrett,2018-02-14 This enthralling page turner breaks all the molds and fearlessly exposes the deepest darkest intrigue in history The Luciferian Agenda for a New World Order In it we learn of the Luciferian roots of Modern Science as the reader is transported back in time to the insidious origins of modern day Scientism the current religion of most scientists today Through an excursion into the roots of Scientism Mr Garrett deftly retraces the historical antecedents of Scientism echoing back to The Secret Mystery Schools of Kabbalistic Egyptian Hermeticism onwards into the true nature of Freemason and Alchemical Occultist Sir Isaac Newton and then further into the nefarious Vatican Jesuit Priesthood whose hidden hand can be linked to the creation of The Illuminati as well as the current Luciferian New Age Religion Finally the serpentine path
