The Bondage Of Self:

The Bondage of Self Marcia Reid Apedaile, 1987 Changing the Lightbulb Nicholas B., 2012-08 TO CHANGE THE THINGS WE CAN In surviving substance abuse addiction it is not so much about the things that can be changed as recognizing the things that are out of our control What makes addiction a deadly disease is that our distorted thinking wants to pick and choose the battle lines This closed form of thinking which is about how much we fight instead of accept is the reason that millions go to their grave each year as a consequence Many of those who die are collateral damage to the devastation of our addictions Medical science has yet to create an antidote for pride which keeps the addict in the bondage of self This bondage insures that there appears to be no way out because of our powerlessness to change It is our pride which is false and misplaced because of distorted thinking that tells us that we cannot be worthy unless we can run our own lives The value that society places on pride only reinforces our distorted thinking Power to change comes from stepping aside and letting the powers already in place work without interference This is not an easy task for individuals who have invested all their resources on the proposition that the most important thing is to be able to control the way we feel Self Kirsten Helene Kaiser, 2002-08 Collected works by James Allen. Self-help. Illustrated James Allen, 2021-08-18 Allen s books illustrate the power of one s thoughts to change and improve human achievement While Allen did not achieve fame or wealth during his lifetime the value of his books has continued to influence people the world over How a Man Thinketh is now considered a classic work on personal self improvement In his works Allen expounds on the concept of a simple life filled with noble intentions Contents From Poverty to Power As A Man Thinketh All These Things Added Through the Gates of Good or Christ and Conduct Byways to Blessedness Out From The Heart Poems of peace including the lyrical dramatic poem Eolaus The Life Triumphant Mastering the Heart And Mind Morning And Evening Thoughts The Mastery of Destiny Above Life's Turmoil From Passion to Peace Eight Pillars of Prosperity Man King of Mind Body and Circumstance Light on Life's Difficulties Foundation Stones to Happiness and Success James Allen's book of meditations for Every Day in the Year Men And Systems The Shining Gateway The Divine Companion The Authentic Self Robert R. Ehman, 2012-08-06 Philosopher Robert Ehman looks at the familiar topics of personal identity morality sexuality love and death from a new perspective that of the unique irreplaceable personal value of each individual self as distinguished from the anonymity of our impersonal contemporary world Ehman defines the authentic self as something more than the locus of spatial temporal identity the agent of action the object of moral duties and respect or the sum total of personal projects achievements social function and status What makes the self authentic can be discovered by contrasting who we really are as irreplaceable individuals with uniquely personal perspectives with the roles we must play in an essentially technological world where one individual can easily be substituted for another But the primary experience through which we encounter the authentic self according to Ehman is love for it is personal love that provides access to the unique value of an individual self

This level of insight into the person is guite distinct from a moral appreciation of the individual in which we respect another as a free being with rights and duties It is also to be distinguished from sexual desire in which we appreciate another for his or her potential for satisfying our own sexual urges regardless of any value apart from the sexual context Ehman concludes his study by considering Heidegger's intriguing proposal that it is only through a proper understanding of death that we can achieve authenticity Through the experience of the death of a loved one and by coming to terms with the reality of our own death we are afforded new opportunities of understanding the unique irreplaceable value of each personal self the Principles Glenn Perna, 2011-03-02 A practical guide for applying spiritual principles in YOUR life Six Essays on the Subject Methods of Self-help Ernests Loomis,1898 Sought Through Prayer and Meditation Geno W.,2010-01-28 An inspiring collection of meditations prayers and insights designed to facilitate the weekly practice of the 11th step heightening our conscious contact with God as we understand him Each year hundreds of men and women cross the threshold of the Wolfe Street Center in Little Rock Arkansas Many of them attend the Hour of Power a weekly Sunday morning meeting focused on heightening one's spiritual awareness and growth by focusing on the Eleventh Step of Alcoholics Anonymous Sought through prayer and meditation to improve our conscious contact with God as we understood Him praying only for knowledge of His will for us and the power to carry that out This special book designed for weekly study offers a prayer a meditation and related insights from the discussions that emerged during the Hour of Power Sought Through Prayer and Meditation brings the insights of the collective consciousness of the Wolfe Street groups to recovering people everywhere This book reminds us that if we are vigilant in our spiritual pursuit we may well achieve what is promised a glimpse of that ultimate reality which is God's kingdom Geno W **Self-Love Out of Control** . Ionah, the Self-Willed Prophet. A Practical Exposition of the Book of Jonah. Together with a Translation and Exegetical Notes. By Stuart Mitchell ,1875 The God Who Gave You Birth Cyprian Consiglio, OSB Cam, 2021-08-15 Over time our ideas about God and religion tend to match the stage of our own maturity and the level of our own consciousness In addition to our different ideas of God there are also those who profess some form of monotheistic religion but worship other gods the power of the economy military strength fame Perhaps they even use or misuse the name of God or credit God with whatever is gained Thus the challenge for our times is this how do we think of God as Jesus introduces God to us While exploring Scripture the thoughts of theologians Benedictine monasticism Jewish and Islamic traditions along with his own personal reflections Cyprian Consiglio OSB Cam shows us what it means to be church to be a follower of Jesus and to be like God to imitate the self emptying of God and Christ We are called to show the world God as Jesus reveals God to be merciful compassionate healer to all **The End of Religion, the Beginning of Self** M.
