The Borders Just Beyond:

Just Beyond Tomorrow Bertrice Small, 2011-04-07 Capturing the hearts and imaginations of millions worldwide Bertrice Small's novels always deliver the lush sensuality her readers expect In *Just Beyond Tomorrow* Jasmine's strong-willed son Patrick Leslie continues Skye's Legacy when he takes a wife who wants no husband *Just Beyond Tomorrow* With his father dead and his mother in France Patrick Leslie Duke of Glenkirk discovers the obligations of the estate and its people are now his alone But during a day of hunting a chance meeting ensures that he will not be alone much longer for to obtain the deserted castle and lands adjoining his Patrick must agree to take something else as well a bride Flanna Brodie heiress to Brae is as vibrant and beautiful as the Scottish countryside and just as wild She wants no man only her freedom But the passions Patrick awakens in her run deeper than those of the flesh The independent Flanna is determined to champion the royal Stuarts cause and restore Charles II to his throne despite her husband's objections Patrick knows the dangers of such political intrigues that the Stuarts have always brought misfortune to the Leslies of Glenkirk and that a roguish king will ask far more of the naïve duchess than a simple vow of fealty forcing Patrick and Flanna to choose between the threat of wounded pride and the promise of a lasting love both secretly yearn for *Just Beyond View* Marilyn Stacy, 2019-06-10 Marilyn Stacy has a knack for seeing beyond what most of us see a knack enhanced by her years as a family counselor She is completely open to what is possible when disbelief is erased and doubts are set aside In *Just Beyond View* Marilyn Stacy takes us on a journey in verse through time and place where lines between real and imaginary are undefined unnecessary through past present and future all the way to heaven's gate where a keg of nails becomes a testimonial Her words are filled with hope and comfort We are carried jubilantly along the currents of life Nothing is as it seems as she describes books we write inside of souls Her faith and humor permeate the words turning and twisting in the end to enlighten us **The Borders Just Beyond** Joseph Payne Brennan, 1986 **Beyond the Borders** Deborah L. Madsen, 2003-08-20 This book challenges the boundaries of postcolonial theory Focusing on American literature it examines how America's own imperial history has shaped the literature that has emerged from America from Native American Latino Black and Asian American writers They contrast this with postcolonial literature from countries whose history has been shaped by American colonialism from Canada Central America and the Caribbean to Hawaii Indonesia and Vietnam It explores questions about national identity and multiculturalism why for instance is a Native writer categorised within American literature if writing on one side of the border but as Canadian and postcolonial if writing on the other This is a challenging collection that raises questions not only about the boundaries of postcolonial theory but also about ethnicity and multiculturalism and the impact of immigration and assimilation **The Border Magazine** Nicholas Dickson, William Sanderson, 1903 [Q. Streich,2016-04-22 Notions of justice and community in the United States are increasingly challenged by trends like immigration multiculturalism and economic inequality as well as historical legacies like Jim Crow era racial segregation These dynamics continually re shape the communities in which people live whether by generating new forms of interdependency and inequality creating new social cleavages or exacerbating existing ones or generating new spaces in which cross boundary contact conflict or cooperation is possible Revealing the ways in which notions of justice and community overlap in American politics and public discourse through concrete political questions which emerge when considering dimensions of time place and difference Gregory W Streich offers a fresh re examination of the normative ideas of justice and community He encourages Americans to move from a view of justice that applies only to people who are like us to a view of justice that applies to people beyond just us **Debates** Natal (South Africa). Beyond Walls: Re-inventing the Canada-United States Borderlands Victor Konrad, Heather Nicol, 2016-12-05 September 11 2001 marked the beginning of a new era of security imperatives for many countries The border between Canada and the United States suddenly emerged from relative obscurity to become a focus of constant attention by media federal and state provincial governments on both sides of the boundary and the public at large This book provides a comprehensive examination of the Canada USA border in its 21st century form placing it within the context of border and borderlands theory globalization and the changing geopolitical dialogue It argues that this border has been reinvented as a state of the art technology steeped crossing system while the image of the border has been engineered to appear consistent with the friendly border of the past It shows how a border can evolve to a heightened level of security and yet continue to function well sustaining the massive flow of trade It argues whether in doing so the US Canada border offers a model for future borderlands Although this model is still evolving and still aspires toward better management practices the template may prove useful not only for North America but also in conflict border zones as well as the meshed border regions of the EU Africa s artificial line boundaries and other global situations
