The Born Losers:

Born Losers Scott A. Sandage, 2006-04-30 What makes somebody a Loser a person doomed to unfulfilled dreams and humiliation Nobody is born to lose and yet failure embodies our worst fears The Loser is our national bogeyman and his history over the past two hundred years reveals the dark side of success how economic striving reshaped the self and soul of America From colonial days to the Columbine tragedy Scott Sandage explores how failure evolved from a business loss into a personality deficit from a career setback to a gauge of our self worth From hundreds of private diaries family letters business records and even early credit reports Sandage reconstructs the dramas of real life Willy Lomans He unearths their confessions and denials foolish hopes and lost faith sticking places and changing times Dreamers suckers and nobodies come to life in the major scenes of American history like the Civil War and the approach of big business showing how the national quest for success remade the individual ordeal of failure Born Losers is a pioneering work of American cultural history which connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self Sandage s storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser the label and the experience in the days when American capitalism was building a nation of winners *Coming Back to a Theater*

David Stidworthy, 2024-10-09 Bikers are typically portrayed on film as dangerous rebellious outlaws But to be fair they have also been portrayed as cool philosophical thinkers and confused sensitive hunks American International handled the earliest portrayals in *Motorcycle Gang* and *Dragstrip Riot* in the fifties and then satirized them in *Eric Von Ripper* and his gang in the beach movies that were popular in the sixties From then on biker films were known for their shock value and when they lost their shock value they ran out of road This filmography covers 58 biker films and provides a synopsis an analysis by the author and cast and production credits for each film Included are such films as *Angel Unchained* *The Angry Breed* *The Born Losers* *C C and Company* *Chrome and Hot Leather* *The Dirt Gang* *Easy Rider* *Five the Hard Way* *The Hard Ride* *Hell s Angels on Wheels* *Hell s Chosen* *Few The Limit* *The Loners* *The Miniskirt Mob* *Motor Psycho* *Outlaw Riders* *Rebel Rousers* *The*

Savage Seven The Takers The Wild Angels The Wild Rebels and Wild Riders *Hoodlum Movies* Peter Stanfield,2018-07-13 From The Wild Angels in 1966 until its conclusion in 1972 the cycle of outlaw motorcycle films contained forty odd formulaic examples All but one were made by independent companies that specialized in producing exploitation movies for drive ins neighborhood theaters and rundown inner city theaters Despised by critics but welcomed by exhibitors denied first run films these cheaply and quickly produced movies were made to appeal to audiences of mobile youths The films are repetitive formulaic and eminently forgettable but there is a story to tell about all of the above and it is one worth hearing Hoodlum Movies is not only about the films its focus is on why and how these films were made who they were made for and how the cycle developed through the second half of the 1960s and came to a shuddering halt in 1972 **Hollywood Surf and Beach Movies** Thomas Lisanti,2012-09-07 Surfers loathed them teenagers flocked to them critics dismissed them producers banked on them surf and beach movies For a short time in the 1960s they were extremely popular with younger audiences mainly because of the shirtless surfer boys and bikini clad beach girls the musical performers and the wild surfing footage This lavishly illustrated filmography details 32 sizzling fun in the sun teenage epics from Gidget to the Beach Party movies with Frankie and Annette to The Sweet Ride plus a few offshoots in the snow Entries include credits plot synopses memorable lines reviews and awards and commentary from such as Aron Kincaid of The Girls on the Beach Susan Hart of The Ghost in the Invisible Bikini Peter Brown of Ride the Wild Surf Chris Noel of Beach Ball and Ed Garner of Beach Blanket Bingo Biographies of actors and leading actresses who made their marks in the genre are included **Fire** Sebastian Junger,2001-10-17 Forest fires terrorism war explorations of danger by the author of The Perfect Storm In Fire Sebastian Junger brings to bear the same meticulous prose that made A Perfect Storm a modern classic onto the inner workings of a terrifying elemental force an out of control inferno burning in the steep canyons of Idaho and the cast of characters risking everything to bring that force under control Few writers have been to so many desperate corners of the globe as has Sebastian Junger fewer still have provided such starkly memorable evocations of characters and events From the murderous mechanics of the diamond trade in Sierra Leone to the logic of guerrilla warfare in Afghanistan and the forensics of genocide in Kosovo this collection of Junger s nonfiction will take you places you wouldn t dream of going to on your own The Scar That Binds Keith Beattie,2000-07-01 At the height of the Vietnam War American society was so severely fragmented that it seemed that Americans may never again share common concerns The media and other commentators represented the impact of the war through a variety of rhetorical devices most notably the emotionally charged metaphor of the wound that will not heal References in various contexts to veterans attempts to find a voice and to bring the war home were also common Gradually an assured and resilient American self image and powerful impressions of cultural collectivity transformed the Vietnam war into a device for maintaining national unity Today the war is portrayed as a healed wound the once silenced veteran has found a voice and the American home has accommodated the effects of Vietnam The scar has healed binding

Americans into a union that denies the divisions diversities and differences exposed by the war In this way America is now over Vietnam In *The Scar That Binds* Keith Beattie examines the central metaphors of the Vietnam war and their manifestations in American culture and life Blending history and cultural criticism in a lucid style this provocative book discusses an ideology of unity that has emerged through widespread rhetorical and cultural references to the war A critique of this ideology reveals three dominant themes structured in a range of texts the wound the voice of the Vietnam veteran and home The analysis of each theme draws on a range of sources including film memoir poetry written and oral history journalism and political speeches In contrast to studies concerned with representations of the war as a combat experience *The Scar That Binds* opens and examines an unexplored critical space through a focus on the effects of the Vietnam War on American culture The result is a highly original and compelling interpretation of the development of an ideology of unity in our culture

The Field of Honor John Mayfield, Todd Hagstette, 2017-02-17 Current research on the history and evolution of moral standards and their role in Southern society For more than thirty years the study of honor has been fundamental to understanding southern culture and history Defined chiefly as reputation or public esteem honor penetrated virtually every aspect of southern ethics and behavior including race gender law education religion and violence In *The Field of Honor* Essays on Southern Character and American Identity editors John Mayfield and Todd Hagstette bring together new research by twenty emerging and established scholars who study the varied practices and principles of honor in its American context across an array of academic disciplines Following pathbreaking works by Bertram Wyatt Brown Dickson D Bruce and Edward L Ayers this collection notes that honor became a distinctive mark of southern culture and something that alongside slavery set the South distinctly off from the rest of the United States This anthology brings together the work of a variety of writers who collectively explore both honor's range and its limitations revealing a South largely divided between the demands of honor and the challenges of an emerging market culture one common to the United States at large They do so by methodologically examining legal studies market behaviors gender violence and religious and literary expressions Honor emerges here as a tool used to negotiate modernity's challenges rather than as a rigid tradition and set of assumptions codified in unyielding rules and rhetoric Some topics are traditional for the study of honor some are new but all explore the question how different really is the South from America writ large *The Field of Honor* builds an essential bridge between two distinct definitions of southern and by extension American character and identity
